Date: 30 March 2022

SUBJECT: REQUEST FOR INFORMATION TO ASSIST WITH DETERMINATION OF LOCATION
DIFFERENTIALS FOR MAIZE 2022-2023 MARKETING SEASON

Name and Surname: Chris Sturgess
Designation: Acting Head – Commodities

Dear Client,

Please feel free to distribute to any interested parties.

The new maize marketing season commences 1 May 2022. We kindly request all interested participants to provide input to ensure the published location differentials most accurately reflect the cost of transport from the registered delivery point to Randfontein

We are attaching a separate spreadsheet with all registered maize delivery points with a special column provided for you to enter your road rates to Randfontein. We have already started receiving March 2022 rates and welcome further contributions. Please also supply an indication of the total tonnages of maize moved by the logistics company in order to weight the contributions to their activity in the marketplace.

If you prefer a different format of providing the information, please feel free to do so. The JSE will use 34 tons as an aggregate payload for maize as was agreed upon with transporters.

The JSE has already reached out to a number of clients, and this is a final request to assist with information. All contributions should reach the JSE no later than Tuesday, 5 April 2022 to be included in the calculation process.

Should you have any queries regarding this Market Notice please e-mail commodities@jse.co.za
