Further Contract Specifications (including Procedures, Requirements and Conditions of Rebalancing)

1. To qualify for listing and for continued listing of these securities, the basket exposure must, at all times, maintain the indicated basket mandate which will align with the JSE listed indices, or if not available, with any other publicly available index mandate.
2. Any market participant that has open positions in these securities may request a rebalancing of the indicated basket subject to the JSE's rules and in accordance with the provisions of these contract specifications.
3. Any request by a market participant for the rebalancing of a basket during the term of the contract is subject to the unanimous consent of all other market participants that have open positions in these securities. Once all the requirements for rebalancing have been met, the JSE will publish a market notice recording the revised basket which must be read with and will form part of these contract specifications.
4. Basket rebalancing may only take place at the indicated frequency, due to corporate action and/or due to JSE Index Rebalancing.
5. After each rebalancing cycle, a basket must always maintain at least 60% composition of its initial constituents as per the JSE listed indices constituents (quarterly reviewed), or if not available at the JSE, with any other publicly available index mandate.
6. Failure to meet one or all of the above conditions may result in the JSE instructing market participants to close-out all positions in these securities, the suspension of trading in these securities, the removal of these securities from the JSE's list and/or the JSE taking any other action in accordance with its regulatory duties and responsibilities.

Instruments are loaded into the MIT system as simple futures. The value displayed is the fair market value of the instrument with its correct valuation (in the case of an option, the instrument valuation is the option premium).
