

Market Notice

Number: A1302
Date: 15 October 2010

Application by AFGRI to register an additional sorghum delivery point

An application has been received from AFGRI OPERATIONS LTD (Registration number 1995/005872/06) to register an additional sorghum delivery point for the new marketing season commencing 1 May 2011, the details are as follows:

Silo name	Rail siding	Closest main road	Total Capacity	Location differential
BERGVILLE	641642	N3	47308 tons	N/A

The above silo is already registered as a delivery point for maize, wheat and soybeans.

Market participants are requested to consider the application driven by a large number of producers who have undertaken to increase the supply of sweet sorghum in this area. Please consider this request in terms of the standardised sorghum contract listed which does not trade a single reference point and so no location differentials are applicable when product is delivered in completion of a futures contract.

Please forward all feedback to Chris Sturgess via email chriss@jse.co.za or fax 011 5207558 no later than **Friday 5th November 2010**. A final notice will be distributed confirming the outcome of this application.
