

## Market Notice

**Number:** A1648  
**Date** 15 June 2012

---

### Safex silo receipt reported lost

Please note that the following Safex silo receipt has been reported lost by a client whilst the receipt was on route via a courier service to GWK and therefore will be canceled with immediate effect:

Safex receipt no.	Original depositor	Tonnages	Product	Location
122294	GWK Bpk	1000	Wheat B1	Modderrivier

To further assist the market, the exchange will record on its webpage a list of all Safex silo receipts reported lost. The exchange does not guarantee the accuracy of the webpage since silo operators will be responsible for informing the JSE of any such incidents.

This again is a good example of the risks associated with dealing with paper silo receipts with the market is encouraged where the silo operators are registered with ESC is to make use of the electronic silo receipt system. In the same way members are kindly requested to ensure clients registered with them are linked via Nutron to avoid the unnecessary converting electronic receipts to paper simply because the ESC account number was not linked. If there are any further questions regards this process please contact the Commodities Team.

The information can be viewed via the following shortcut:
