ADDITIONAL TERMS AND CONDITIONS

*The following are additional Terms and Conditions (the **Additional Terms and Conditions**) which apply to the COH001 Notes (the **Notes**) which will be incorporated by reference into each Note.*

In addition to the below, all references in the Programme Memorandum to Senior Notes shall be deemed to be references to the Notes.

ADDITIONAL TERMS AND CONDITIONS

1. Financial Statements

1.1 The Issuer shall deliver to the Calculation Agent:

1.1.1 as soon as they are available and published, but in any event within 75 (seventy five) days after the end of each of its Financial Half Years, its financial statements for that Financial Half Year; and

1.1.2 as soon as they are available and published, but in any event within 120 (one hundred and twenty) days after the end of its Financial Years, its audited financial statements for that Financial Year.

1.2 Each set of published financial statements delivered by the Issuer pursuant to paragraph 1.1 above, shall be certified by 2 directors of the Issuer, as fairly representing the financial condition of the Issuer as at the date at which those financial statements were drawn up.

1.3 The Issuer shall procure that each set of published financial statements delivered pursuant to paragraph 1.1 is prepared in accordance with the Accounting Principles.

2. Margin Ratchet

2.1 The Issuer shall, for as long as any Note remains Outstanding, ensure that:

2.1.1 the Covenants are met; and

2.1.2 the Rating assigned to the Notes by any Rating Agency is at least "A_(RSA)" (or its equivalent).

2.2 The Issuer shall be required to test the Covenants on each Test Date by reference to the financial statements delivered pursuant to paragraph 1.1 above and provide the Calculation Agent with a Covenant compliance certificate signed by any two directors of the Issuer (a **Covenant Compliance Certificate**) with respect to each Covenant together with the calculations thereof,

2.2.1 in the case of any Covenants tested with reference to the financial statements delivered pursuant to paragraph 1.1.1 above, within 75 (seventy five) days;

2.2.2 in the case of any Covenants tested with reference to the financial statements delivered pursuant to paragraph 1.1.2 above, within 120 (one hundred and twenty) days,

after each Test Date.

2.3 The Calculation Agent shall make available a copy of each Covenant Compliance Certificate delivered to it pursuant to paragraph 2.2 above, to Noteholders at either the registered office

of the Issuer or, on request, by electronic mail addressed to the relevant Noteholder.

2.4 If, while any Note remains Outstanding:

2.4.1 a breach of a Covenant occurs as at any Test Date; or

2.4.2 the Rating assigned to the Notes by any Rating Agency falls below "A_(RSA)" (or its equivalent),

(each a **Ratchet Event**), the Issuer shall promptly (but in any event within 5 (five) days of such Ratchet Event) give notice (a **Ratchet Event Notice**) to the Calculation Agent specifying the nature and particulars of the Ratchet Event. The Calculation Agent shall promptly (but in any event within 5 (five) days of receipt of the Ratchet Event Notice) make available a copy of the Ratchet Event Notice to Noteholders at the registered office of the Issuer, the Issuer shall give notice to Noteholders in accordance with Condition 19 (*Notices*) and the Debt Sponsor shall give notice through SENS.

2.5 With effect from the immediately following Interest Period (provided the relevant Ratchet Event still subsists as at the first day of such Interest Period), the Margin to be added to the Reference Rate shall be increased by the number of basis points equal to 25% (twenty five percent) of such Margin (the **Step-up Margin**).

2.6 The Step-up Margin shall prevail until the end of the Interest Period during which the Ratchet Event is cured (the **Reset Date**). The Issuer shall promptly (but in any event within 5 (five) days of the Reset Date) give notice to the Calculation Agent and to Noteholders in accordance with Condition 19 (*Notices*) and the Debt Sponsor shall give notice through SENS specifying the nature and particulars in terms of which the Ratchet Event was cured.

2.7 With effect from the Interest Period immediately following the Reset Date (provided the relevant Ratchet Event remains cured as at the first day of such Interest Period), the Margin shall be as set out in item 32 of the Applicable Pricing Supplement.

2.8 For the avoidance of doubt it is recorded that:

2.8.1 once a Ratchet Event has occurred and for so long as same subsists and is not cured, no further Ratchet Event can occur; and

2.8.2 no Ratchet Event shall constitute an Event of Default.

2.9 In the event of any dispute in respect of any calculation relating to any Covenant, such dispute shall be determined by the Auditors, acting as experts and not as arbitrators (taking into account the Terms and Conditions), whose determination will, in the absence of manifest error, be final and binding on the Issuer and the Noteholders. The cost of the Auditors in resolving such dispute shall be borne by the Issuer, unless a Noteholder or Noteholders made a manifest error or were grossly negligent in relation to any calculation referred to a dispute pursuant to this paragraph 2.9, in which case the costs will be borne by such Noteholder or Noteholders.

DESCRIPTION OF SECURITY ARRANGEMENTS

The below is a brief description of the security arrangements in respect of the Notes and does purport to form part of the Terms and Conditions.

Security Structure Diagram

1. Interpretation

Terms and expressions defined in the Appendix "A" (*Additional Terms and Conditions*) and/or the Intercreditor Agreement, as the case may be, shall have the same meanings in this Appendix "B" (*Description of Security Arrangements*). In addition, unless inconsistent with the context:

- 1.1 **Intercreditor Agreement** means the written agreement entitled "*Intercreditor Agreement*" entered into or to be entered into between, *inter alia*, the Issuer, PSG Capital Proprietary Limited (as Facility Agent), Maitland Group South Africa Limited (as Trustee and Security Agent), Absa Bank Limited (acting through its Absa Capital division), The Standard Bank of South Africa Limited (acting through its Corporate and Investment Banking division), the Secured Financiers (as defined therein) and Curro Security SPV (RF) Proprietary Limited (as Debt Guarantor).

2. Description of Security Arrangements

- 2.1 The Notes constitute direct, senior, unconditional and secured indebtedness of the Issuer, but rank *pari passu* amongst themselves and *pari passu* with any indebtedness incurred to the remaining Secured Financiers under the relevant Facilities.
- 2.2 The obligations of the Issuer under the Notes will be directly guaranteed and indirectly secured as set out below.

3. Direct Guarantee

The Debt Guarantor will irrevocably guarantee, by way of first ranking guarantee, the obligations of the Issuer to the Secured Financiers, namely:

- 3.1 the Original Secured Financiers in respect of the relevant Facilities;
- 3.2 the Noteholders in respect of the Notes; and
- 3.3 any other creditor of the Issuer in respect of any Facilities to be provided to the Issuer, provided such creditor accedes and becomes a party to the Intercreditor Agreement.

4. Counter Indemnity and Transaction Security

- 4.1 The Issuer and any additional or future Security Provider will indemnify the Debt Guarantor against claims made by the Secured Financiers against the Debt Guarantor under the Debt Guarantee.
- 4.2 The obligations of the Security Providers under the Counter Indemnity shall be secured by way of the Transaction Security.
- 4.3 The Transaction Security includes the following:
 - 4.3.1 a security cession granted by the Security Providers of insurance policies and insurance proceeds in respect of the immovable properties of the Security Providers mortgaged as set out in paragraph 4.3.2 below; and
 - 4.3.2 mortgage bonds granted by the Security Providers in respect of certain immovable properties of the Security Providers.

5. Risks relating to the Transaction Security

- 5.1 As set out above, the Transaction Security will not be granted directly in favour of the Noteholders. Instead, the Transaction Security will be granted in favour of the Debt Guarantor.
- 5.2 As a result, neither the Trustee (acting for the benefit of the Noteholders) nor the Noteholders will have the right to realise the security directly. Instead, the Trustee (acting on the instructions of the Noteholders) must in accordance with Intercreditor Agreement, instruct Maitland Group South Africa Limited, in its capacity as Security Agent, to call a meeting of the Secured Financiers where 66.67% of the voting Secured Financiers would be required to vote in favour of any realisation of the Transaction Security. This indirect claim in respect of the security may result in a delay in realisation or could involve voting Secured Financiers voting against the realisation of the Transaction Security.
