RISK FACTORS

The Issuer believes that the factors outlined below may affect its ability to fulfil its obligations under the Bonds. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with the Bonds are also described below. The value of the Bonds could decline due to any of these risks, and investors may lose some or all of their investment.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Bonds, but the inability of the Issuer to pay interest, principal or other amounts under any Bonds may occur for other reasons which may not be considered significant risks by the Issuer based on information available to it as at the date of this Offering Circular, or which it may not be able to anticipate. The Issuer does not represent that the statements below regarding the risks of holding any Bonds are exhaustive and potential investors in the Bonds must form their own judgment in regard to the suitability of the investment they are making. The information set out below is not intended as advice and does not purport to describe all of the considerations that may be relevant to a prospective subscriber for or purchaser of any Bonds.

Potential investors in any Bonds should, prior to investing in the Bonds, carefully consider the following investment considerations, in addition to the matters described elsewhere in this Offering Circular.

Risks relating to the Issuer

Prominent risk categories identified at the Issuer

The Issuer follows a hybrid approach to risk management with every employee in the Issuer responsible for the management of risk within their own area of expertise coupled with a strong corporate oversight by an independent Risk Management Department. The key risks facing the Issuer have been classified according to five broad risk categories: Strategic; Financial - Market; Financial - Credit; Operational; and IT Governance.

Strategic risk

This category refers to the risk of an organisation's value collapsing, stagnating or migrating as a result of a failure to adapt to changing industry profit patterns. Key risks include people (human capital, communication, and performance management), customer satisfaction, environmental impact, shareholder management and macro economic impacts.

The Board of Directors of the Issuer (the **Board**) and executive management have the responsibility for defining the strategic direction of the Issuer and ensuring that the Issuer is managed in a manner consistent with strategy. The challenge is for the global strategic and risk perspectives to be communicated and understood by others at all levels of the Issuer such that combined, there is sufficient information to reflect the overall attitude to risk and to determine whether or not risks should be accepted, mitigated or avoided. This challenge has been addressed through the definition and measurement of the Issuer's risk appetite. The Issuer has defined its risk appetite for identification, measurement and management of the Issuer's key risk indicators at an organisation level. By defining the level of risk the Issuer is comfortable with (its appetite), this assists the Issuer to:

- make better informed business decisions;
- focus on those risks that exceed the defined appetite or tolerance for risk;
- develop a business culture with a high awareness of risk; and
- strike a balance between daring and prudence.

Human capital risk

The Issuer's performance is dependent on the talents and efforts of key personnel, some of whom may have been employed by the Issuer for a substantial period of time and have developed with the business. The Issuer's continued ability to compete effectively and further develop its businesses also depends on its ability to attract new employees. In relation to the development and training of new staff, the Issuer is reliant on the continued development of the educational sector within South Africa, including access to facilities and educational programmes by its future employees. The Issuer has implemented programmes to attract new employees and equip them with appropriate skills.

Financial risk

This risk category encompasses losses that may occur as a result of the way the Issuer is financed and its own financing or investment activities. Financial risk includes market risk related to volatility in interest rates, exchange rates, commodity and equity prices, liquidity risk related to the cost of maintaining various financial positions and financial compliance risk, as well as credit and settlement risk related to the potential for counterparty default. The management of these risk areas is therefore critical for the Issuer.

Financial: credit risk

This refers to the risk that a counterparty to a financial transaction will fail to meet its obligations in accordance with the agreed terms and conditions of the contract, either because of bankruptcy or for any other reason, thereby causing the asset holder to suffer a financial loss.

The Issuer endeavours to maintain credit risk exposure within acceptable parameters, managing the credit risk inherent in the entire portfolio as well as the risk associated with individual business partners or transactions. The effective management of credit risk is a critical component of a comprehensive approach to risk management and is essential to the long-term success of the Issuer. The dominant risk within the Issuer is the provision of loans and advances as well as entering into equity investments, both of which represent the Issuer's core business.

The Issuer can be exposed to various forms of credit risk concentration which, if not properly managed, may cause significant losses that could threaten its financial health. Accordingly, the Issuer considers the management (including measurement and control) of its credit concentrations of vital importance. The Issuer currently has various established methodologies for the management of the credit concentrations it is exposed to, including counterparty (individual and group), transaction, sector, and regional / country concentrations. The Issuer has established risk concentration limits and policies on individual and group counterparties, geographical locations, and sector exposures in accordance with its credit risk strategy.

The Issuer completes a thorough due diligence process for each facility provided. This covers financial, technical, marketing, management, and where appropriate, environmental risks and legal risks, which are reported on as part of the submission for approval to the relevant decision making structures.

When feasibility studies are completed on larger projects, risks taken into consideration include marketing, technology, financial, environmental and manufacturing risks. The robustness of the project is evaluated and sensitivity analyses are performed on various aspects. The financial viability of a project and a strong financial structure are key factors for project approval. Once project finance has been approved, the Issuer appoints representatives to the project steering and finance committees during the construction period. Issuer employees subsequently closely monitor such investments.

The Issuer's loan, equity and guarantee portfolios are monitored on a continuous basis so as to proactively monitor and manage the quality of the portfolios and any situation developing related to arrears or non performance. These activities are undertaken by the Issuer's Post Investment Monitoring Department whose main objective is to monitor the performance of clients post approval of the debt, equity or guarantee investment by the Issuer. Ailing counterparties are transferred to the Workout and Restructuring Department to manage the Issuer's exposure and minimise potential losses. The Workout and Restructuring Department also assists companies to recover from difficulties in order to limit any losses in jobs due to business closures. Two Investment Monitoring Committees (IMC), namely IMC Equity and IMC Loans, meet regularly to monitor the performance of the Issuer's loan, equity and guarantee investments and decide on the appropriate course of action to be taken with regard to non-performing clients.

Financial: market risk

This is the risk that the market price of an asset or a liability may change, resulting in a capital gain or loss upon the subsequent realisation of the asset or liability. This may result from changes in economic factors (interest rates, share prices, exchange rates) or environmental factors (political, social, regulatory, and speculative), that is, a decline in value due to factors other than default or delayed payment.

Money market transactions

The Issuer's risk in this regard is perceived to be low due to the following factors:

- the primary objective of the money market is to invest temporary cash holdings, to limit any possible capital losses and to ensure the timely availability of funds;
- funds are only invested with approved financial and public sector institutions according to limits approved by the Board; and
- dealing in money market derivative instruments is not allowed unless prior approval is obtained from the Board.

Foreign currency risk

Foreign currency risk is limited by means of the Board's policy which states that forward exchange cover is required for foreign currency exposures, unless a facility is made available in foreign currency and matched to the lending of the foreign borrowings.

Interest rate and liquidity risk

Interest rate and liquidity risks are monitored, reported and managed, as all of the above market risks, by a formalised Asset and Liability Management process.

Equity price risk

The Issuer has a significant portfolio of listed and unlisted equity investments which represent the majority, by value, of its asset portfolio. Equity price risk is monitored and reported in the Assets and Liability Management process. To manage equity price risk, the Issuer's equity investments are valued on a regular process based on established policies and methodologies. In addition, hedging and diversification policies are also revised on a regular basis.

Operational risk

This risk category relates to the Issuer's reliance on systems, processes and people. Included here are potential losses resulting from inadequate systems and processes, management failure, faulty controls, fraud and human error. Operational risk also includes succession planning, human resources and employment, information technology, accounting, audit and control systems, and compliance with regulations.

The Issuer safeguards itself against operational risks through:

- the establishment and implementation of an Operational Risk Framework;
- regular assessment of operational risks for each functional area in the Issuer, including updating systems and procedures;
- assessment of the operational risk profile of the Issuer;
- regular risk-based internal and external audits;
- a comprehensive Business Continuity Plan incorporating a Disaster Recovery Plan for Information Technology recovery and a working Business Continuity Management Office that meets regularly;
- Information Technology Recovery is addressed in the Data Recovery Plan;
- a comprehensive, robust Information Technology security policy;
- prudent and scrupulous recruitment policies;
- insurance of fidelity guarantees, legal risks, public liability and other identified insurable risks including those of fixed assets; and
- the commitment of all employees to a code of conduct that encourages honesty, integrity and effectiveness.

Information technology governance

The Issuer has established an Information Technology governance framework based on the Control Objectives for Information and related Technology (COBIT) standard. COBIT is a set of best practices for Information Technology management created by the Information Systems Audit and Control Association (ISACA), and the IT Governance Institute (ITGI) in 1996. COBIT provides managers, auditors, and Information Technology users with a set of generally accepted measures, indicators, processes and best practices to assist them in maximizing the benefits derived through the use of information technology and developing appropriate Information Technology governance and control in a company.

The Information Technology risk aspects identified for the Issuer include:

- business disruption and systems failure;
- monitoring and evaluation;
- acquisition and implementation; and
- delivery and support.

Regulatory environment

The Issuer is subject to government regulation in South Africa. A description of certain of the applicable government regulation statutes are set out below. Changes in government policy, legislation or regulatory interpretation may adversely affect the Issuer's business and, consequently, reported results and financing requirements. No assurance can be given as to the impact of any possible judicial decision or change to such governmental regulation or related administrative practice after the date of this Offering Circular.

Industrial Development Corporation Act

The Issuer was established as a body corporate in terms of section 2 of the IDC Act. The powers of the Issuer, including the power to issue debentures and borrow moneys, are set out in section 4 of the IDC Act.

In terms of section 4(f) of the IDC Act, the Issuer has the power, for purposes of attaining its objects, to raise loans or borrow moneys, by the issue of debentures or otherwise, provided that the amount owing at any time by the Issuer and its wholly owned financing subsidiaries in respect of loans raised or moneys borrowed shall not, without the approval of the shareholders previously given at a meeting of shareholders, exceed 100% of the issued capital and reserves of the Issuer and its wholly owned financing subsidiaries at that time.

The Issuer was established with a share capital of ZAR10,000,000, divided into one million ordinary shares of one rand each (A shares) and nine million ordinary shares of one rand each (B shares). The board of directors of the Issuer may from time to time, with the approval of shareholders previously given at a meeting of shareholders, increase the share capital of the Issuer, as contemplated in section 12(9) of the IDC Act. As at the date of this Offering Circular, the (i) authorised share capital of the Issuer is ZAR1,599,000,000, divided into 1,000,000 A shares of one rand each and 1,499,000,000 B shares of one rand each and (ii) the issued share capital of the Issuer is ZAR1,392,969,357, divided into 1,000,000 A shares and 1,391,969,357 B shares. As at the date of this Offering Circular, the South African Government is the sole shareholder of the Issuer.

The operations of the Issuer must be managed and controlled by a board of directors. The board of directors of the Issuer may exercise all such powers of the Issuer as are not by the IDC Act (or the regulations) required to be exercised by the shareholders of the Issuer at a meeting of shareholders. The Minister of Trade and Industry has the right to appoint not more than eight directors.

In terms of section 5*ter* of the IDC Act, where the Issuer has, at the request of the Minister of Trade and Industry, agreed to render any assistance to, or incur any obligation in connection with, an industrial undertaking by, among other things, taking up shares or furnishing a loan, the Minister of Trade and Industry may, if he considers it "*expedient in the public interest*", with the concurrence of the Minister of Finance, enter into an agreement with the Issuer in terms of which the Minister may at any time take over (or, if requested by the Issuer to do so, must take over) all of the interest of the Issuer in that industrial undertaking, including any shares taken up in connection with that industrial undertaking and any rights and obligations acquired or incurred in connection with it, against payment of compensation which may not exceed the sum of the purchase price paid by the Issuer for the relevant shares, the book value of any loan, the amounts paid by the Issuer in respect of any other right or obligation and the cost and expenditure of the Issuer in connection with such shares, loan or other right or obligation.

In terms of section 20 of the IDC Act, the Issuer "*shall not be wound up except by or under the authority of an Act by Parliament*".

The Minister of Trade and Industry may, by notice in the Government Gazette, apply to the Issuer any provision of the Companies Act which is not inconsistent with the provisions of the IDC Act. As at the date of this Offering Circular, no such notice has been published.

Companies Act

Subject to certain exceptions, the Companies Act, 2008 (the **Companies Act**) has replaced the Companies Act, 1973 in its entirety. As at the date of this Offering Circular, the provisions of the Companies Act do not apply to the Issuer.

Banks Act

Government Notice No. 2169 published in *Government Gazette* 16167 of 14 December 1994 issued pursuant to section 2(vii) of the Banks Act, 1990 (the **Banks Act**) designates the Issuer, subject to certain conditions, as an institution to which the provisions of the Banks Act shall not apply, insofar as such provisions impose requirements with which any institution must comply before it may carry on the business of a bank or in the lawful carrying on of the business of a bank. Accordingly, the issue of the Bonds, pursuant to this Offering Circular, is not required to comply with the commercial paper regulations of 14 December 1994 issued pursuant to paragraph (cc) of the definition of "*the business of a bank*" in the Banks Act, set out in Government Notice 2172 and published in *Government Gazette* 16167 of 14 December 1994.

Consumer Protection Act

The Consumer Protection Act, 2008 (the **Consumer Protection Act**) regulates the relationship between suppliers (including the Issuer) and consumers in order to protect the rights of the consumers. The Consumer Protection Act protects consumers who are (i) natural persons and (ii) small business entities with assets or an annual turnover of less than R2,000,000.

Suppliers will be strictly liable for any harm caused by goods provided by them to consumers. The Consumer Protection Act sets out the requirements for the form and content of consumer agreements: any unjust, unreasonable or unfair contractual term may be altered or declared void by a court in South Africa. A number of provisions in an agreement will be void unless fair in the circumstances, including certain clauses that commonly appear in standard form contracts.

The Consumer Protection Act creates the possibility for class action suits against suppliers (including the Issuer) of defective goods, which may result in increased litigation, increased costs in dealing with litigation and increased claims for damages against suppliers of goods.

Consumers also have a right to demand the timely performance of services in a manner and quality that consumers are generally entitled to expect, failing which, the consumer will have a right of recourse against the supplier.

Public Finance Management Act

The Issuer is a "*public entity*" for purposes of the Public Finance Management Act, 1999 (the **Public Finance Management Act**) and is accordingly subject to the provisions of the Public Finance Management Act. A "*public entity*" may only borrow money or enter into any other transaction that binds or may bind it to any future financial commitment through its "*accounting authority*". The board of directors of the Issuer is the "*accounting authority*". In terms of section 66(7) of the Public Finance Management Act, the Issuer, when it is authorised to borrow money by the board of directors of the Issuer, must submit to the Minister of Finance, on an annual basis, a "*borrowing programme*" for the relevant year. A "*public entity*" may not borrow money in a foreign currency above the prescribed limit, except where that public entity "*is a company in which the state is not the only shareholder*".

Income Tax Act

The Issuer is a "*resident*" (as defined in the Income Tax Act) of South Africa for tax purposes, and is subject to the applicable provisions of the Income Tax Act.

Exchange Control Regulations

Since 1995, certain exchange controls in South Africa have been relaxed. The extent to which the South African Government (the **Government**) may further relax such exchange controls cannot be predicted with certainty, although the Government has committed itself to a gradual approach of relaxation. Further relaxation, or abolition of exchange controls, may precipitate a change in the capital flows to and from South Africa. If the net result of this were to cause large capital outflows, this could adversely affect the Issuer's business and it could have an adverse effect on the financial condition of the Issuer as a whole. In the event of the immediate abolition of exchange control there may be a sudden withdrawal of Rand from the South African market by investors. Because South Africa has a fully floating exchange rate and a flexible interest rate policy, this could result in a rapid depreciation of the Rand exchange rate which could serve to stem the flight and could also result in an increase in interest rates due to the depreciation of the Rand. Rand would be purchased in exchange for foreign currency and deposited in the Sterilisation Account of the South African Reserve Bank.

General risks relating to the Bonds

Investment suitability

Each potential investor in any Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained in (or incorporated by reference into) this Offering Circular;
- have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact such an investment will have on its overall investment portfolio;
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds;
- understand thoroughly the terms of the Bonds and be familiar with the behaviour of any relevant indices and financial markets;
- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Exchange rate risks

All payments in respect of the Bonds will be made in ZAR. Certain risks may arise relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than ZAR. These include the risk that exchange rates may significantly change (including changes due to devaluation of ZAR or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to ZAR will decrease (i) the Investor's Currency-equivalent yield on the Bonds, (ii) the Investor's Currency-equivalent value of the principal payable on the Bonds and (iii) the Investor's Currency-equivalent market value of the Bonds.

Meetings of Bondholders

Condition 17 contains provisions for calling meetings of Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders including Bondholders who do not attend and vote at the relevant meeting and Bondholders who vote in a manner contrary to the majority.

Change of law

This Offering Circular, the Bonds and the Terms and Conditions are governed by, and will be construed in accordance with, South African law in effect as at the date of this Offering Circular. No assurance can be given as to the impact of any possible judicial decision or change to South African law or administrative practice in such jurisdiction after the date of this Offering Circular.

Listing and limited liquidity of the Bonds

The Bonds will be listed on the Interest Rate Market of the JSE. The continued listing of the Bonds on the Interest Rate Market of the JSE is subject to the rules of the JSE in force from time to time. There can accordingly be no assurance that the listing of the Bonds will continue until the Redemption Date.

It is not possible to predict the price at which Bonds may trade in the secondary market, or whether such market will be liquid or illiquid. There can be no assurance that any secondary market for any of the Bonds will continue until the final Redemption Date. Consequently, a subscriber or purchaser must be prepared to hold its Bonds until the final Redemption Date.

If the Bonds are traded after their initial issue, they may trade at a discount to their initial Issue Price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer.

Bonds will be held in the CSD

The Bonds will be held in the CSD. The Bondholders of such Bonds will have to rely on the procedures of the JSE and the CSD for transfer, payment and communication with the Issuer. Except in the circumstances described in the Terms and Conditions, the Bondholders of such Bonds will not be entitled to receive Individual Certificates.

The CSD will maintain records of the Beneficial Interests in Bonds held in the CSD. While the Bonds are held in the CSD, the holders of Beneficial Interests in such Bonds will be able to trade their Beneficial Interests only through the CSD.

While the Bonds are held in the CSD, the Issuer will discharge its payment obligations under such Bonds by making payments to, or to the order of, the CSD's Nominee (as the registered holder of such Bonds) for distribution to holders of the Beneficial Interest in such Bonds. A holder of a Beneficial Interest in a Bond must rely on the procedures of the CSD and its Settlement Agents to receive payments under the relevant Bonds. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, Beneficial Interests.

Holders of Beneficial Interests in Bonds vote in accordance with the Applicable Procedures and will not have a direct right to vote in respect of such Bonds. The holder of a Beneficial Interest will only be entitled to exchange such Beneficial Interest for Bonds represented by an Individual Certificate in accordance with Condition 11.

Recourse to the BESA Guarantee Fund Trust

The holders of Bonds that are not listed on the Interest Rate Market of the JSE will have no recourse against the BESA Guarantee Fund Trust. Claims against the BESA Guarantee Fund Trust may only be made in respect of the trading of Bonds listed on the Interest Rate Market of the JSE and in accordance with the rules of the BESA Guarantee Fund Trust.

Non-recourse obligations

The Bonds will be obligations solely of the Issuer. The Bonds will not be obligations of, or the responsibility of, or guaranteed by, any other person.

Tax considerations

The Issuer has carried out (or will have carried out) all steps reasonably necessary to ensure its compliance with the current provisions of taxation legislation (including the Income Tax Act, the Value-Added Tax Act and other taxation provisions). Full disclosure will be made to any taxation bodies but no assurance can be given that the views of these bodies will not differ from the treatment adopted by the Issuer from time to time.

A summary of the applicable taxation legislation in respect of the Bonds as at the date of this Offering Circular is set out in the section of this Offering Circular headed "*South African Taxation*". The summary does not constitute tax advice.

Potential investors in the Bonds should, before making an investment in the Bonds, consult their own professional advisers as to the potential tax consequences of, and their tax positions in respect of, an investment in the Bonds.

No representation and/or warranty and/or undertaking is given by the Issuer (or any other person) in respect of the tax treatment of any Bondholder, and no liability and/or responsibility is assumed by the Issuer (or any other person) for the tax treatment of any Bondholder.

Early redemption at the option of the Issuer

The Issuer may redeem the Bonds, prior to the final Redemption Date, as described in Condition 6.2. The optional redemption feature may limit the market value of the Bonds. During any period when the Issuer may elect to redeem the Bonds, the market value of those Bonds generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any such redemption period. A Bondholder may not be able to reinvest the redemption proceeds of the relevant Bonds in a comparable security at an effective interest rate as high as that applicable to the relevant Bonds. Potential investors should consider reinvestment risk in light of other investments available at that time.

Interest rate risks

The Bonds bear interest at a fixed Interest Rate. Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the market value of the Bonds.

General

This Offering Circular identifies some of the information that a prospective investor in the Bonds should consider prior to making an investment in the Bonds. However, this Offering Circular does not provide (and does not purport to provide) all of the information or the comprehensive analysis necessary to evaluate the economic and other consequences of investing in the Bonds. Therefore, a potential investor in the Bonds should conduct its own thorough analysis, including its own accounting, legal and tax analysis, prior to deciding to invest in the Bonds. A potential investor in the Bonds should make an investment in the Bonds only after it has determined that such investment is suitable for its financial investment objectives. This Offering Circular is not (and does not purport to be) investment advice.

6.2 Redemption for tax reasons

If the Issuer, immediately prior to the giving of the notice referred to below in this Condition 6.2, is of the reasonable opinion that:

- (a) as a result of any change in or amendment to the laws or regulations of South Africa or any political sub-division of, or any authority in, or of, South Africa having power to tax becoming effective after the date of this Offering Circular, the Issuer is or would be required to pay additional amounts as provided or referred to in Condition 9; and
- (b) such requirement cannot be avoided by the Issuer taking reasonable measures available to it,

then the Issuer may at its option, having given not less than 30 (thirty) and not more than 60 (sixty) days' notice to Bondholders (which notice shall be irrevocable), redeem all the Bonds, but not some only, on the date for redemption stipulated in such notice (which date shall be an Interest Payment Date), at their Principal Amount (together with interest accrued to such Redemption Date) provided that no notice of redemption shall be given earlier than 90 (ninety) days before the earliest date on which the Issuer would incur the obligation to pay such additional amounts where a payment in respect of the Bonds is due.

6.3 Procedure for redemption

- (a) Payments in respect of the redemption of the Bonds shall be made in accordance with Condition 8.
- (b) The redemption of Beneficial Interests in the Bonds shall take place in accordance with the Securities Services Act and the Applicable Procedures.
- (c) Bondholders of Bonds represented by Individual Certificates shall surrender such Individual Certificates to the Transfer Secretary for cancellation at least 10 (ten) days prior to the Redemption Date. If the Bondholder of Bonds represented by an Individual Certificate fails to surrender that Individual Certificate to the Transfer Secretary for cancellation before the Redemption Date, the amount payable to such Bondholder in respect of the Bonds represented by that Individual Certificate shall be retained by the Issuer for such Bondholder, at the latter's risk, until the Bondholder surrenders that Individual Certificate, and such Bondholder will not be entitled to any interest and/or other payments in respect of any delay in payment occasioned as a result of such failure to surrender such Individual Certificate.

6.4 Purchases

The Issuer or any of its affiliates may at any time purchase Bonds at any price in the open market or otherwise. In the event of the Issuer purchasing Bonds, such Bonds may (subject to restrictions of any applicable law) be held, resold or, at the option of the Issuer, cancelled.

6.5 Cancellation

Subject to the provisions of Condition 6.3, all Bonds which are redeemed by the Issuer will forthwith be cancelled. All Bonds so cancelled cannot be re-issued or resold.

7. INTEREST

- 7.1 The Bonds shall bear interest at the Interest Rate from and including the Issue Date to but excluding the Redemption Date.
- 7.2 Interest in respect of each Interest Period shall be payable in arrears on the Interest Payment Date immediately succeeding such Interest Period. The first Interest Period will commence on (and include) 31 January 2012 and end on (but exclude) 31 July 2012 and the last Interest Period will end on (but exclude) the Redemption Date. If any Interest Payment Date falls upon a day which is not a Business Day, the interest payable upon such Interest Payment Date shall be payable upon the first following day that is a Business Day, provided that for the purposes of determining an Interest Period, no adjustment shall be made to such Interest Payment Date.
- 7.3 Each Bond will cease to bear interest from the Redemption Date unless payment of principal and/or interest is improperly withheld or refused.
- 7.4 In the event that the Issuer fails to punctually make payment of any amounts owing in accordance with these Terms and Conditions, the amounts so owing shall continue to bear interest at the Interest Rate in accordance with these Terms and Conditions.

7.5 Calculation of interest

The amount of interest payable per Bond in respect of each Interest Period shall be calculated by multiplying the applicable Interest Rate by the Principal Amount of such Bond and then dividing such product by two; provided that if interest is required to be calculated for any period other than a full six month Interest Period, such interest shall be calculated on the basis of the actual number of days elapsed in that period divided by 365, irrespective of the number of days in a year.

8. PAYMENT

- 8.1 The Principal Amount and/or interest on the Bonds shall be paid by the Paying Agent for and on behalf of the Issuer in ZAR. Only Bondholders named in the Register at 16h00 Johannesburg time on the relevant Last Day to Register shall be entitled to payments of amounts due and payable in respect of the Bonds.
- 8.2 Payments of interest and/or principal in respect of Bonds held in the CSD will be made to the CSD's Nominee, as the registered holder of such Bonds, which in turn will transfer such funds, via the Settlement Agents, to the holders of Beneficial Interests.
- 8.3 Each of the persons reflected in the records of the CSD or the relevant Settlement Agent, as the case may be, as the holders of Beneficial Interests in the Bonds shall look solely to the CSD or the relevant Settlement Agent, as the case may be, for such person's share of each payment so made by the Issuer to, or for the order of, the CSD's Nominee (as the registered holder of such Bonds).
- 8.4 The Issuer will not have any responsibility or liability for any aspect of the records relating to, or payments made on account of, Beneficial Interests, or for maintaining, supervising or reviewing any records relating to such Beneficial Interests.
- 8.5 Payments of interest and principal in respect of Bonds held in the CSD shall be recorded by the CSD's Nominee, as the registered holder of such Bonds, distinguishing between interest and principal, and such record of payments by the CSD's Nominee, as the registered holder of such Bonds, shall be *prima facie* proof of such payments.

- 8.7 Payments of interest and/or the principal in respect of Bonds represented by an Individual Certificate shall be paid by the Paying Agent, for and on behalf of the Issuer, by electronic funds transfer to the account of the person named as the registered Bondholder of such Bonds in the Register or, in the case of joint Bondholders, the account of that one of them who is first named in the Register in respect of such Bonds.
- 8.8 If several persons are entered into the Register as joint Bondholders of Bonds then, without affecting the previous provisions of this Condition 8, payment to any one of them of any monies payable on or in respect of such Bonds shall be an effective and complete discharge by the Issuer of the amount so paid, notwithstanding any notice (express or otherwise) which the Issuer may have of the right, title, interest or claim of any other person to or in any such Bonds or interest therein.
- 8.9 If the Paying Agent, acting on behalf of the Issuer, is prevented or restricted directly or indirectly from making any payment by electronic funds transfer in accordance with the above provisions of this Condition 8 (whether by reason of strike, lockout, fire, explosion, floods, riot, war, accident, act of God, embargo, legislation, shortage of or breakdown in facilities, civil commotion, unrest or disturbances, cessation of labour, Government interference or control or any other cause or contingency beyond the control of the Issuer), such inability shall not constitute an Event of Default and the Issuer shall give notice to the Bondholders within 3 (three) Business Days of such inability arising. Upon receipt of such notice any Bondholder may request, in writing, setting out a postal address, that the Issuer make payment of any such amounts by way of cheque if allowed by law or banking practice. The Paying Agent, acting on behalf of the Issuer, shall deliver any such cheque to such Bondholder within 5 (five) Business Days of receiving such request.

- 8.10 Each such cheque shall be made payable to the relevant Bondholder or, in the case of joint Bondholders, the first one of them named in the Register and each such cheque shall be dated as at the Interest Payment Date or Redemption Date, as the case may be. - 8.11 Payment of a cheque sent in terms of Conditions 8.9 and 8.10 shall be a complete discharge by the Issuer of the amount of the cheque.
- 8.12 In the event that any cheque provided by the Paying Agent, for and on behalf of the Issuer, as set out above is not presented for payment and no demand is made for payment of the relevant amount of interest or principal within a period of 6 (six) months from the Relevant Date, the Paying Agent shall forthwith refund any such amount to the Issuer.

9. TAXATION

- 9.1 All payments (whether in respect of the Principal Amount, interest or otherwise) in respect of the Bonds will be made free and clear of and without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges (**taxes**) of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of South Africa or any political subdivision thereof or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes is required by law (including any applicable double taxation agreement to which South Africa is a party).
- 9.2 In the event of any such withholding or deduction in respect of taxes levied or imposed on interest or principal payments on the Bonds, the Issuer shall (subject to the Issuer's rights to redeem the Bonds pursuant to Condition 6.2) pay such additional amounts as may be necessary in order that the net amounts receivable by the Bondholder after such withholding or deduction shall equal the respective amounts which would have been receivable by such Bondholder in the absence of such withholding or deduction, except that no such additional amounts shall be payable:
- (a) in respect of any Bond held by a Bondholder which is liable to such taxes in respect of such Bond by reason of its having some connection with South Africa other than the mere holding of such Bond or the receipt of the Principal Amount or interest in respect thereof; or
 - (b) in respect of any Bond held by, or by a third party on behalf of, a Bondholder who could lawfully avoid (but has not so avoided) such withholding or deduction by complying with any statutory requirements or by making a declaration of non-residence or other claim or filing for exemption to the relevant tax authority; or
 - (c) where such withholding or deduction is in respect of taxes levied or imposed on interest or principal payments only by virtue of the inclusion of such payments in the Taxable Income or Taxable Gains of any Bondholder; or
 - (d) where (in the case of a payment of the Principal Amount or interest which is conditional on surrender of the relevant Individual Certificate in accordance with these Terms and Conditions) the relevant Certificate is surrendered for payment more than 30 (thirty) days after the Relevant Date, except to the extent that the relevant Bondholder would have been entitled to such additional amounts if it had surrendered the relevant Individual Certificate on the last day of such period of 30 (thirty) days; or
 - (e) if such withholding or deduction arises through the exercise by revenue authorities of special powers in respect of tax defaulters; or
 - (f) upon the payment of any taxes by the Issuer as an agent or representative taxpayer for a Bondholder.
- 9.3 If the Issuer becomes subject generally at any time to any taxing jurisdiction other than or in addition to South Africa, references in this Condition 9 to South Africa shall be read and construed as references to South Africa and/or to such other jurisdiction(s).
- 9.4 Any reference in these Terms and Conditions to any amounts payable in respect of the Bonds shall be deemed also to refer to any additional amounts which may be payable under this Condition 9.

10. EVENTS OF DEFAULT

Liquidation or winding-up

Judicial proceedings

- (e) the Issuer initiates or consents to judicial proceedings relating to itself under any applicable compromise with its creditors (or any significant class of creditors) or compromises or attempts to compromise with its creditors generally (or any significant class of creditors) or any meeting of creditors is convened by the Issuer or to consider a proposal for an arrangement of compromise with its creditors generally (or any significant class of its creditors); or

11.2 A person holding a Beneficial Interest in the Bonds may, in terms of the Applicable Procedures and subject to section 44 of the Securities Services Act, by written notice to its nominated Settlement Agent, (or, if such holder is a Settlement Agent, the CSD), request that such Beneficial Interest be exchanged for Bonds in definitive form represented by an Individual Certificate (the **Exchange Notice**).

11.3 The holder's nominated Settlement Agent will, following receipt of the Exchange Notice, through the CSD, notify the Transfer Secretary that it is required to exchange such Beneficial Interest for Bonds represented by an Individual Certificate. The Transfer Secretary shall deliver such Individual Certificate, no later than 14 (fourteen) days after receiving such notice, to the holder of such Beneficial Interest in accordance with the Applicable Procedures, provided that joint holders of a Beneficial Interest shall be entitled to receive only one Individual Certificate in respect of that joint holding and delivery to one of those joint holders shall be delivery to all of them.

11.6 Individual Certificates shall be provided (whether by way of issue, delivery or exchange) at the cost of the Issuer, save as otherwise provided in these Terms and Conditions. The costs and expenses of delivery of Individual Certificates other than by ordinary post (if any) and, if the Issuer shall so

- 11.7 If any Individual Certificate is mutilated, defaced, stolen, destroyed or lost it may be replaced at the office of the Transfer Secretary on payment by the claimant of such costs and expenses as may be incurred in connection therewith and against the furnishing of such indemnity as the Transfer Secretary may reasonably require. - 12.2 In order for any transfer of Bonds represented by an Individual Certificate to be recorded in the Register and for the transfer to be recognised by the Issuer:
- (a) the transfer of Bonds represented by an Individual Certificate must be embodied in a Transfer Form;

3. CORPORATE STRUCTURE

The Board

The IDC Act determines the constitution of the board of directors of the IDC (the **Board**) as well as the Board's rights, powers and obligations. The Board meets at least eight times annually.

The Board is appointed by the Shareholder and operates within a unitary structure that provides for interaction among all members in decision-making processes on strategy, planning performance, resources, business ethics and communication with stakeholders. The Board is chaired by a non-executive chairman, and all members of the Board, except for the managing director (chief executive officer), are non-executive.

The Board conducts the business of the IDC with integrity and generally in accordance with practices as contained in the King III Report on Corporate Governance for South Africa.

The Chairman of the Board is a non-executive director. The managing director (chief executive officer) is the only executive member of the Board. The chief financial officer is the managing director's alternate on the Board and appropriate recommendations have been made to the Shareholder for the chief financial officer to sit on the Board as a full director in accordance with the King III Report on Corporate Governance for South Africa. The non-executive directors receive no remuneration other than directors' fees, which are determined by the Shareholder.

The Board retains full and effective control over the IDC by monitoring management and implementing Board policies and strategies within the parameters of the Board's mandate from the Shareholder, by setting targets and measuring the IDC's performance.

In order to ensure transparency and to avoid conflicts of interest, a register of directors' interests in companies containing the nature of such interests, as well as the nature and extent of beneficial shares held in companies, is submitted and circulated at each meeting of the Board to be noted and updated (where necessary). Where a director has an interest in any matter before the Board for consideration, the director concerned recuses him/herself from such meeting. Such a matter must be considered by the Governance and Ethics Committee and the full Board, which must confirm that such matter has not been dealt with differently from other matters due to the membership of the Board of the affected director.

Board Human Capital and Nominations Committee

This committee comprises 5 (five) independent non-executive directors who consider matters of general human capital policy and recommend executive and senior management remuneration to the Board. Board Development and Innovation Committee

This committee comprises 6 (six) independent, non-executive directors who act as technical advisors to the Board. This committee assists the Board in considering sectoral research papers and strategies, makes recommendations on a high level approach and assesses project proposals and investment opportunities of a technical nature in terms of pre-feasibility, feasibility and implementation.

Board Risk Management Committee

This committee is chaired by an independent non-executive director. Its function is to develop the IDC's risk strategy and risk management policies and procedures and to ensure compliance with all relevant statutory requirements. This committee considers enterprise wide risk reports from management, challenges management on its understanding of the IDC's risks and provides reports to the Board on the management of risk.

4. CORPORATE GOVERNANCE

In compliance with the highest standards of integrity:

- The IDC (through the Board) subscribes to good corporate governance and adheres to the King III Code of Corporate Governance (see the annual report of the Issuer for the financial year ended 31 March 2011 which, together with the audited consolidated annual financial statements of the Issuer for the financial year ended 31 March 2011, is incorporated by reference into, and forms part of, this Offering Circular (see the section of this Offering Circular headed "*Documents Incorporated by Reference*"). The IDC subscribes to the Protocols in Corporate Governance in the Public Sector.
- The IDC is subject to the Public Finance Management Act, 1999, which provides for best practices in financial management.
- The IDC follows internationally accepted company policies and procedures.

5. KEY PRINCIPLES

Caring for the environment

The IDC supports the South African Government's environmental policies and integrates these policies into all its activities by:

- encouraging compliance from all applicants;
- considering the impact of all proposed agricultural, forestry, industrial, mining and tourism projects;
- promoting the use of renewable resources and environmentally friendly products;
- using non-renewable resources responsibly;
- measuring and managing the environmental impact of projects in which the IDC is involved.

Shareholder engagement

The Board has approved the shareholder engagement and proxy voting guidelines towards the introduction of a more formalised and consistent approach to shareholder engagement between the IDC and its investee companies. This is also aimed at outlining the IDC's position on various matters relating to corporate governance and its expectations from its investee companies as a good corporate citizen.

Procurement

The IDC ensures the efficient, effective, economic and uniform procurement of goods and services required for the functioning of the IDC while adhering to the IDC Act and all relevant legislation as required by the government of South Africa, for example, the Public Finance Management Act (PFMA), the Preferential Procurement Policy Framework Act (PPPFA), the National Industrial Participation Programme (NIPP), the Broad Based Black Economic Empowerment Act, 2003 (BBBEE) and the Codes of Good Practice. The IDC also ensures that its objective of supporting corporate and professional entities owned by blacks (as defined in the Broad Based Black Economic Empowerment Act, 2003) and small and medium enterprises (SMEs) is adhered to.

Skills development

As a development finance institution, the IDC focuses on providing skills development and training not only to its staff, but also externally to clients and entrepreneurs. In addition, the deployment and secondment policy allows the IDC to host staff from other organisations and thereby strengthen the skills and capacity of less developed/smaller development finance institutions (DFIs), Department of Trade and Industry agencies, and other government offices.

5. GENERAL

Further information on the IDC, its operations and business can be found in the annual reports which are included with the consolidated annual financial statements of the IDC (see "*Financial Information – General*" below).

6. RISK MANAGEMENT

For a description of the risks relating to the IDC, see the section of this Offering Circular headed "*Risk Factors*" – "*Risks relating to the Issuer*" and "*Board Risk Management Committee*" above.

The effective management of risk has been identified as a key component for the future sustainability of the IDC and the achievement of its strategic objectives accordingly requires a strong risk management culture. This culture ensures that sound financial and development decisions are taken to adequately balance risk and return.

A visible and simple way to express risk in relation to the IDC's strategies is represented in the triangle below which reveals that risk, from an IDC context, should be balanced or underpinned by adequate financial and development returns.

Risk is not only considered as a negative event in the IDC but as a positive means to achieve its strategic objectives.

7. FINANCIAL INFORMATION

SOUTH AFRICAN TAXATION

The comments below are intended as a general guide to the current position under the laws of South Africa. The contents of this section entitled "South African Taxation" are not exhaustive and do not constitute tax advice and persons who are in any doubt as to their tax position should consult their professional advisers.

Securities Transfer Tax

As at the date of this Offering Circular, no securities transfer tax in terms of the Securities Transfer Tax Act, 2007 is payable on the issue, cancellation, redemption or transfer of the Bonds. Any future transfer duties and/or taxes that may be introduced in respect of (or be applicable to) the transfer of Bonds will be for the account of Bondholders.

Income Tax

Any original issue at a discount to the Principal Amount of the Bonds will, in terms of section 24J of the Income Tax Act, be treated as interest for tax purposes, and the discount amount will be deemed to accrue to the Bondholder on a yield to maturity basis as if such Bondholder were to hold the Bonds until maturity. Any original issue premium over the Principal Amount of the Bonds will also be treated as interest for tax purposes, and will be deemed to have been incurred by the Bond on a yield to maturity basis as if such Bondholder were to hold the Bonds until maturity.

A "resident" (as defined in section 1 of the Income Tax Act) (**Resident**) will, subject to any available exemptions, be taxed on its worldwide income. Accordingly, a Bondholder who is a Resident will be liable to pay income tax, subject to available exemptions, on any income received or accrued in respect of the Bonds held by that Bondholder in any relevant year of assessment of that Bondholder.

A non-Resident is taxed in South Africa under the Income Tax Act only on income from a source within or deemed to be within South Africa. A non-Resident is a person who or which is not a Resident. Interest received by or accruing to non-Resident Bondholders during any year of assessment will be exempt from income tax, unless that person:

- is a natural person who was physically present in South Africa for a period exceeding 183 (one hundred and eighty three) days in aggregate during that year of assessment; or
- at any time during that year of assessment carried on business through a permanent establishment in South Africa.

As regards the proposed new withholding tax on "interest" paid to non-Residents, see "Withholding tax – Proposed new withholding tax" below.

Disposal of the Bonds

Income tax is levied in relation to the disposal of any Bonds by a Resident trader. Capital gains tax applies to any capital gain earned on the disposal or deemed disposal of an asset by a Resident. Non-Resident Bondholders will not be subject to capital gains tax upon a disposal of any Bonds unless such Bonds comprise assets which are attributable to a permanent establishment of that Bondholder in South Africa during the relevant year of assessment.

Withholding Tax

Position as at the date of this Offering Circular

As at the date of this Offering Circular, all payments made under the Bonds to Bondholders will be made free of withholding or deduction for or on account of any taxes (as defined in Condition 9.1).

Proposed new withholding tax

However, in terms of section 58 of the Taxation Laws Amendment Act, 7 of 2010 a new withholding tax on "interest" as defined in section 24J of the Income Tax Act (**Withholding Tax**) will be introduced in South Africa, with effect from 1 January 2013, as Part 1A of the Income Tax Act (**Part 1A**). In terms of Part 1A, Withholding Tax will be a final tax and will be levied at a rate of 10% in respect of "interest" paid to non-residents.

In terms of the wording of Part 1A as at the date of this Offering Circular, subject to any Withholding Tax relief provided for (or to be provided for) in the case of any applicable double tax treaty, the Withholding Tax will be applicable to, and imposed in respect of, any payments made under the Bonds to non-Resident Bondholders to the extent that such payments fall within the scope of the definition of the term "interest" for purposes of section 24J of the Income Tax Act. However, in terms of the wording of Part 1A as at the date of this Offering Circular, a Withholding Tax exemption will apply to debt securities which are listed on the JSE and, accordingly, the Withholding Tax exemption will apply to non-resident Bondholders of the Bonds.

The wording of Part 1A may be amended prior to the implementation of Part 1A.

SOUTH AFRICAN EXCHANGE CONTROL

The information below is not intended as advice and it does not purport to describe all of the considerations that may be relevant to a prospective purchaser of, or subscriber for, Bonds. Prospective subscribers for or purchasers of Bonds that are non-South African residents or emigrants from the Common Monetary Area are urged to seek further professional advice in this regard.

Blocked Rand

Blocked Rands may, subject to the Exchange Control Regulations of 1961 issued pursuant to the Currency and Exchanges Act, 1933 (the **Exchange Control Regulations**), be used for the purchase of, or subscription for, Bonds. Any amounts payable by the Issuer in respect of the Bonds purchased, or subscribed for, with Blocked Rands may not, in terms of the Exchange Control Regulations, be remitted out of South Africa or paid into any non-South African bank account.

Emigrants from the Common Monetary Area

In the event that a Beneficial Interest in Bonds is held by an emigrant from the Common Monetary Area through the CSD, the securities account of such emigrant maintained by the relevant Settlement Agent will be designated as an "emigrant" account.

Any Individual Certificates issued to Bondholders who are emigrants from the Common Monetary Area will be restrictively endorsed "emigrant". Such restrictively endorsed Individual Certificates shall be deposited with an authorised foreign exchange dealer controlling such emigrant's blocked assets.

Any payments of interest or principal due to an emigrant Bondholder in respect of Bonds will be deposited into such emigrant Bondholder's Blocked Rand account maintained with the authorised foreign exchange dealer. These amounts are not freely transferable from the Common Monetary Area and may only be dealt with in terms of the Exchange Control Regulations.

Non-residents of the Common Monetary Area

Any Individual Certificates issued to Bondholders who are not resident in the Common Monetary Area will be endorsed "non-resident". In the event that a Beneficial Interest in Bonds is held by a non-resident of the Common Monetary Area through the CSD, the securities account of such Bondholder maintained by the relevant Settlement Agent will be designated as a "non-resident" account.

It will be incumbent on any such non-resident Bondholder to instruct the non-resident's nominated authorised foreign exchange dealer as to how any funds due to such non-resident in respect of Bonds are to be dealt with. Such funds may, in terms of the Exchange Control Regulations, be remitted abroad only if the relevant Bonds are acquired with foreign currency introduced into South Africa and provided that the relevant Individual Certificates have been endorsed "non-resident" or the relevant securities account has been designated as a "non-resident" account, as the case may be.

For the purposes of these paragraphs:

Common Monetary Area means South Africa, Lesotho, Namibia and Swaziland; and

Blocked Rands means the funds which may not be remitted out of South Africa or paid into a non-South African resident's bank account.

SUBSCRIPTION AND SALE

Dealer and placing arrangements

The Bonds will be offered by way of private placement to a single subscriber in terms of a private placement agreement. Subscription for the Bonds may not be reduced. Neither the Issuer nor the subscriber has the right to cancel the private placement agreement before the issue of the Bonds. However, the private placement agreement will automatically terminate if the two suspensive conditions stated in the private placement agreement are not fulfilled prior to the issue of the Bonds. If the private placement agreement is so terminated, the Bonds will not be issued or listed.

Selling restrictions

South Africa

The Manager has represented and agreed that it will not solicit any offers for subscription for or sale of the Bonds in contravention of the Companies Act, the Banks Act, 1990, the Exchange Control Regulations and/or any other applicable laws and regulations of South Africa in force from time to time. "The Bonds covered hereby have not been registered under the U.S. Securities Act of 1933, as amended (the "Securities Act") and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (a) as part of their distribution at any time and (b) otherwise until 40 days after the later of (i) the commencement of their offering and (ii) completion of the distribution of such Bonds, as determined and certified by the Manager or, in the case of an issue of Bonds on a syndicated basis, the relevant lead manager, except in either case (a) or (b), in accordance with Regulation S under the Securities Act. Terms used above have the meanings given to them by Regulation S."

In addition, an offer or sale of the Bonds within the United States of America by the Manager or other distributor (whether or not participating in the offering of such Bonds) during the distribution compliance period described in the preceding paragraph may violate the registration requirements of the Securities Act.

The Manager (and in the case of the issue of the Bonds on a syndicated basis, the relevant lead manager) shall determine and certify to the Issuer when it has completed the distribution of the Bonds.

The Manager has further represented and agreed that that, in relation to the Bonds, neither it, its affiliates nor any person acting on its or their behalf has engaged or will engage in any "*directed selling efforts*" (as that term is defined in Regulation S under the Securities Act) with respect to the Bonds, and it and they have complied and will comply with the offering restrictions requirements of Regulation S.

The CSD's Nominee (as the registered Bondholder of such Bonds named in the Register) will be treated by the Issuer, the Paying Agent, the Transfer Secretary and the relevant Settlement Agent as the holder of that aggregate Principal Amount of such Bonds for all purposes.

Payments of interest and principal in respect of Bonds held in the CSD will be made to the CSD's Nominee, as the registered holder of such Bonds, which in turn will transfer such funds, via the Settlement Agents, to the holders of Beneficial Interests. Each of the persons shown in the records of the CSD or the relevant Settlement Agent, as the case may be, as the holders of Beneficial Interests in Bonds, shall look solely to the CSD or the relevant Settlement Agent, as the case may be, for such person's shares of each payment so made by (or on behalf of) the Issuer to, or to the order of, the CSD's Nominee, as the registered holder of such Bonds.

Payments of all amounts due and payable in respect of Beneficial Interests in Bonds will be recorded by the CSD's Nominee, as the registered Bondholder of such Bonds, distinguishing between interest and principal, and such record of payments by the CSD's Nominee, as the registered Bondholder of such Bonds, will be *prima facie* proof of such payments.

Title to Beneficial Interests held by clients of Settlement Agents indirectly through such Settlement Agents will pass on transfer thereof by electronic book entry in the securities accounts maintained by such Settlement Agents for such clients. Title to Beneficial Interests held by Settlement Agents directly through the CSD will pass on transfer thereof by electronic book entry in the central securities accounts maintained by the CSD for such Settlement Agents.

Beneficial Interests may be transferred only in accordance with the Applicable Procedures.

Beneficial Interests may be exchanged for Bonds represented by Individual Certificates in accordance with Condition 11.

Records of payments, trust and voting

The Issuer will not have any responsibility or liability for any aspect of the records relating to, or payments made on account of, Beneficial Interests, or for maintaining, supervising or reviewing any records relating to Beneficial Interests. Neither the Issuer nor the Transfer Secretary will be bound to record any trust in the Register or to take notice of or to accede to the execution of any trust (express, implied or constructive) to which any Bond may be subject.
