## TRANSACTION OVERVIEW AND STRUCTURE DIAGRAM

Transaction Structure Diagram

### Description of Transaction

A brief overview of the transaction is as follows:

1. Nedbank Corporate Property Finance originates Loan Agreements.
2. In terms of the Sale Agreement, Nedbank Corporate Property Finance, as the Seller, sells and the Issuer, as the purchaser, purchases, each Loan Agreement (each complying with the Eligibility Criteria) in the Provisional Loan Portfolio, together with the benefit of all Related Security, with effect from the relevant Transfer Dates.
3. The transaction is not a revolving structure. Accordingly, no further Loan Agreements may be purchased by the Issuer in addition to those in the Provisional Loan Portfolio identified on the Cut-Off Date.
4. The Loan Agreements do not entitle a Borrower to borrow, or oblige the Issuer to advance, Redraws of Prepayments or Re-advances of Repayments. No annex facilities will be concluded with Borrowers which entitle Borrowers to access Prepayments. If Borrowers request Redraws (of Prepayments), Re-advances (of Repayments) or Further Advances (above the initial loan limit), the Servicer, acting on behalf of the Issuer, may, in its discretion, advance such Redraws, Re-advances and Further Advances to Borrowers on any day, subject to certain requirements, including that (i) the aggregate Redraws, Re-advances and Further Advances from the Issue Date to the Final Redemption Date may not exceed 25% of the Original Collateral, (ii) the Issuer has funds available to make such Re-advances or Further Advances, namely (a) Principal Collections received during that Collection Period and not yet distributed in terms of the Priority of Payments, after setting aside cash to provide for senior expenses payable on or before the next Quarterly Payment Date up to and including interest on the Class D Notes, or (b) funds in the Redraw Reserve, and (iii) following such acquisition the Portfolio Covenants will be satisfied.
5. The Seller will have the right, but not the obligation, to repurchase Loan Agreements and their Related Security from the Issuer. Such repurchase will only be permitted to the extent that the aggregate Principal Balances of the Loan Agreements repurchased from the Issue Date to the Final Redemption Date do not exceed 10% of the Original Collateral Balance, unless the Registrar of Banks grants his written approval to allow such 10% limit to be exceeded.
6. The Seller will have the right, but not the obligation, at any time prior to the delivery of an Enforcement Notice, to replace a Fully Performing Loan Agreement with another Eligible Loan Agreement of at least the same credit quality as the Loan Agreement being replaced, as determined in accordance with the Seller's applicable underwriting categories. Each substitution of a Loan Agreement will be subject to the satisfaction of various substitution tests, including that (i) the aggregate Principal Balances of the Loan Agreements replaced, calculated from the Issue Date to the Final Redemption Date may not exceed 20% of the Original Collateral, and (ii) following such substitution the Portfolio Covenants will be satisfied.
7. To facilitate timing issues relating to the registration of transfer of Mortgage Bonds, the proceeds of the Notes on the Issue Date will be invested with the GIC Provider pending application to fund the purchase of the Loan Agreements, on the relevant Transfer Dates. If the proceeds have not been

applied in full by 27 October 2013, the remaining amount will be added to the available funds for redemption of the Notes in accordance with the Priority of Payments. The Issuer will enter into a Guaranteed Investment Contract with Nedbank Corporate Property Finance, as GIC Provider, to procure a guaranteed return equal to the weighted average interest rate of the Loan Agreements in the Provisional Loan Portfolio to be acquired by the Issuer, on the proceeds of the Notes so invested with the GIC Provider.

8. Nedbank Corporate Property Finance, as Servicer to the Issuer, will continue to perform the administration, servicing and management of the Loan Agreements and Related Security on behalf of the Issuer and to perform all recovery functions in respect of Defaulted Loan Agreements on behalf of the Issuer.
9. Nedbank Capital, as Administrator to the Issuer, will provide financial administration services to the Issuer, including administering the Priority of Payments.
10. Nedbank Balance Sheet Management, as Derivative Counterparty, will enter into Derivative Contracts with the Issuer to hedge the Issuer's interest rate risk exposure in the event that a mismatch arises between the basis of earning interest on the Loan Agreements and that payable on the Notes.
11. Liquidity will be provided to the Issuer through the entry into by the Issuer of Liquidity Facility Agreement(s) with Liquidity Facility Provider(s) and/or through the Issuer, on the Issue Date and each Quarterly Payment Date, paying an amount into the Liquidity Reserve which, when aggregated with the amount of the Liquidity Facility Limit(s) under the Liquidity Facility Agreement(s) at the time, is equal to the Liquidity Required Amount. The amount available to the Issuer under the Liquidity Facility Agreement(s) and/or the amount standing to the credit of the Liquidity Reserve may be used to fund Liquidity Shortfalls. The funds in the Liquidity Reserve will be invested with the GIC Provider and earn a guaranteed return equal to the weighted average interest rate of the Loan Agreements as provided for in terms of the Guaranteed Investment Contract.
12. Excess spread will be utilised, as needed, on a first loss credit enhancement basis, to fund losses sustained in relation to the Loan Portfolio.
13. On each Quarterly Payment Date, if the arrears exceed certain levels and trigger an Arrears Reserve Trigger Event, the Issuer will be required to pay an amount into the Arrears Reserve up to the Arrears Reserve Required Amount, utilising excess spread for this purpose.
14. On the first 5 Quarterly Payment Dates, the Issuer will be required to pay an amount into the Redraw Reserve up to the Redraw Reserve Required Amount, utilising Principal Collections for this purpose. The Redraw Reserve may be used to fund the advance of Redraws, Re-Advances and Further Advances and senior expenses payable on or before the next Quarterly Payment Date up to and including interest on the Class D Notes. The funds in the Redraw Reserve will be invested with the GIC Provider and earn a guaranteed return equal to the weighted average interest rate of the Loan Agreements as provided for in terms of the Guaranteed Investment Contract.

15. Once the Notes have been redeemed in full, the Preference Shareholder will be entitled to receive dividends in respect of the Preference Shares.
16. The Security SPV has been incorporated for the sole purpose of holding and realising security for the benefit of Secured Creditors, including Noteholders, subject to the Priority of Payments.
17. The Security SPV will execute a limited recourse Guarantee in favour of the Noteholders and other Secured Creditors. The Issuer will indemnify the Security SPV in respect of claims made under the Guarantee. As security for such Indemnity, the Issuer will cede and pledge the Assets of the Issuer to the Security SPV.

Condition 10 of the Terms and Conditions provides for a negative pledge and other restrictions on the Issuer requiring the consent of the Security SPV relating to activities, disposals, bank accounts, distributions, borrowings, mergers and amendments to the Transaction Documents.

**Issue Price:**

The price to be paid on the Issue Date shall be 100% of the Principal Amount for the Class A Notes, 100% of the Principal Amount for the Class B Notes, 100% of the Principal Amount for the Class C Notes and 100% of the Principal Amount of the Class D Notes.

**Listing and Trading:**

An application was made to the JSE for the listing of the Class A1 Notes, the Class A2 Notes, the Class A3 Notes, the Class B Notes, the Class C Notes and the Class D Notes, under stock code numbers PRE1A1, PRE1A2, PRE1A3, PRE1B1, PRE1C1 and PRE1D1, respectively. The application was granted with effect from 27 March 2013 and the Notes may be traded by and through members of the JSE from 27 March 2013.

**Governing Law:**

The Notes and the other Transaction Documents will be governed by and construed in accordance with the laws of South Africa.

**Credit Rating:**

Moody's is expected, on issue, to assign a long-term national scale credit rating of Aaa.za to the Class A Notes, Aa2.za to the Class B Notes, A2.za to the Class C Notes and Baa2.za to the Class D Notes.

**Payment:**

The Notes will be issued, cleared and settled in accordance with the Applicable Procedures of the JSE and the Central Securities Depository. Euroclear Bank S.A./N.V. and Clearstream Banking, société anonyme will settle offshore transfers, if any, through their Participant.

Participants will follow the electronic settlement procedures prescribed by the Applicable Procedures of the Central Securities Depository when making interest and principal payments. The Applicable Procedures are available on request from the Central Securities Depository.

Principal and interest payments to the Noteholders will be made by electronic transfer.

**Priority of Payments:**

The Priority of Payments is the sequence in which the Issuer will make payments to creditors of the Issuer (including Noteholders and other Secured Creditors).

The Issuer and the Security SPV shall contract with each Secured Creditor on the basis that payments due to it in terms of a Transaction Document shall be made, to the extent permitted by and in accordance with the Priority of Payments, so that a Secured Creditor that ranks subsequent to any other creditor in the Priority of Payments will not be paid unless and until all other creditors which rank prior to it in the Priority of Payments have been paid in full all amounts then due and payable to them by the Issuer or the Security SPV, as the case may be, or amounts accrued up to that date have been provided for.

The Pre-Enforcement Priority of Payments applicable prior to the enforcement of security for the Notes and the Post-Enforcement Priority of Payments applicable after enforcement of security for the Notes, are set out in the Administration Agreement, both as described under the section "*Priority of Payments*".

**Limited Enforcement:**

The power of Secured Creditors to take action in respect of their claims is limited in the manner set out in Condition 12 of the Terms and Conditions and the Common Terms Agreement.

**Purchase of Notes:**

The Issuer may not purchase Notes in the open market or otherwise.

**Method of Transfer:**

The method of transfer is by registration for transfer of Notes to occur through the Register and by electronic book entry in the securities accounts of Participants or the Central Securities Depository, as the case may be,

for transfers of Beneficial Interests in the Notes, in all cases subject to the restrictions described in this Offering Circular. The Notes will be fully paid up on the Issue Date and freely transferable.

**Register:**

The register will be maintained by the Transfer Agent.

**Register Closed:**

The register of Noteholders will be closed prior to each Interest Payment Date and the Final Redemption Date for the periods described in Condition 15, in order to determine those Noteholders entitled to receive payments.

**Security for the Notes:**

Notes will be obligations of the Issuer only.

The Security SPV will bind itself under a Guarantee to each Secured Creditor, including Noteholders. Pursuant to such Guarantee the Security SPV will undertake in favour of each Secured Creditor to pay to it the full amount then owing to it by the Issuer if an Event of Default (as defined in the relevant Transaction Document) should occur. The liability of the Security SPV pursuant to the Guarantee will, however, be limited in the aggregate to the amount recovered by the Security SPV from the Issuer arising out of the Indemnity referred to below. Payment of amounts due by the Security SPV pursuant to the Guarantee will be made strictly in accordance with the Pre-Enforcement Priority of Payments prior to delivery of an Enforcement Notice or the Post-Enforcement Priority of Payments after delivery of an Enforcement Notice, as the case may be, such that Secured Creditors on each tier of the relevant Priority of Payments will be paid in full before Secured Creditors ranking below them in the relevant Priority of Payments receive any payment.

The Issuer will give the Indemnity to the Security SPV in respect of the claims that may be made against the Security SPV arising out of the Guarantee. The obligations of the Issuer in terms of this Indemnity are secured by a security cession over certain assets of the Issuer, as described under the section "*Security for the Notes*".

**Selling Restrictions:**

The distribution of this Offering Circular and the placing of the Notes may be restricted by law in certain jurisdictions and are restricted by law in the United States of America, the United Kingdom, each member of the European Economic Area and South Africa. Persons who come into possession of this Offering Circular must inform themselves about and observe any such restrictions.

**Tax Status:**

A summary of applicable current South African Tax legislation appears under the section "*South African Taxation*". The section does not constitute tax advice and investors should consult their professional advisers.

**Securities Transfer Tax:**

In terms of current South African legislation as at the date of this Offering Circular, no securities transfer tax is payable by the Issuer on the original issue of, or on the registration of transfer of, on the basis that the Notes will not comprise a "security" as defined in section 1 of the Securities Transfer Tax Act, 2007. Any future securities transfer tax that may be introduced will be for the account of Noteholders.

**Withholding Tax:**

Payments of interest and principal will be made without withholding or deduction for taxes unless such withholding or deduction is required by law. In the event that such withholding or deduction is required by law, the Issuer will not be obliged to pay additional amounts in relation thereto.

**Blocked Rand:**

Blocked Rand may be used to purchase Notes subject to the South African Exchange Control Regulations.

## **RISK FACTORS**

*Prospective investors should carefully consider the following Risk Factors, in addition to the matters described in this Offering Circular, prior to investing in the Notes. The matters set out in this section are not necessarily exhaustive and prospective investors must form their own judgement in regard to the suitability of the investment they are making.*

### **Ratings of the Notes**

The rating of the Notes is not a recommendation to subscribe for, purchase, hold or sell Notes, inasmuch as such rating does not comment on the market price or suitability of the Notes for a particular investor. The Rating of a Tranche of Notes addresses the expected loss to maturity posed to Noteholders by the Final Redemption Date. Such Rating also addresses the likelihood that the holders of each Tranche of the Class A Notes will receive timely payment of interest in accordance with the terms of such Tranche of Notes, that the holders of all other Classes of Notes will receive ultimate payment of the interest on such Tranches of Notes and that the holders of all Classes of Notes will receive the ultimate payment of the aggregate principal of such Tranches of Notes by the Final Redemption Date pursuant to the terms of such Tranches of Notes. There can be no assurance that any rating agency not requested to rate the Notes will issue a rating and, if so, what such rating would be. A rating assigned to the Notes by a rating agency that has not been requested by the Issuer to do so, may be lower than the equivalent ratings assigned by the Rating Agency, or such rating agency may assign an international scale rating which could be lower than national scale ratings assigned by the Rating Agency. In addition, there can be no assurance that a rating will remain for any given period of time or that the rating will not be lowered or withdrawn entirely by the assigning Rating Agency if in its judgment circumstances in the future so warrant. Each rating is given on a national scale. There can be no assurance of any connection between the national scale rating and any international scale rating.

### **Warranties**

Neither the Issuer nor the Security SPV has undertaken or will undertake any investigations, searches or other actions in respect of the Loan Agreements or Related Security, and each will rely instead on the warranties given by the Seller, in the Sale Agreement. The sole remedies (save as described below) of each of the Issuer and the Security SPV in respect of a breach of warranty shall be the requirement that the Seller pays the Issuer such damages as it may have suffered arising from the breach of warranty and/or that the Seller purchases, or procures the purchase of, any Loan Agreement and Related Security which is the subject of any breach. This shall not limit any other remedies available to the Issuer and/or the Security SPV if damages are not paid or if the Seller fails to purchase a Loan Agreement and Related Security when obliged to do so. There can be no assurance that the Seller will have the financial resources to honour its obligations under the Sale Agreement. Such obligations are not guaranteed by, nor will they be the responsibility of, any person other than the Seller and neither the Issuer nor the Security SPV shall have any contractual recourse to any other person in the event that the Seller for whatever reason, fails to meet such obligations.

### **Non-Recourse Obligations**

The Notes will be obligations solely of the Issuer. In particular, without limitation, the Notes will not be obligations of, and will not be guaranteed by, the Arranger, the Dealer, the Debt Sponsor, the Calculation Agent, the Transfer Agent, the Settlement Agent, the Account Bank, the Derivative Counterparty, the Administrator, the Liquidity Facility Provider, the Servicer, the Seller, the GIC Provider, the Preference Shareholder, or, save to the extent of the net amount recovered from the Issuer pursuant to the Indemnity and from the property realised pursuant to the other Security Agreements, the Security SPV. The Issuer will rely solely on its assets, and the receipt of amounts on or in respect of such assets, including primarily the receipt of payments in respect of amounts due under or in connection with the Loan Agreements and Related Security purchased by it and the cash available in the Transaction Account and from the Permitted Investments to enable it to make payments in respect of the Notes.

Following a claim under the Guarantee, the Security SPV will have recourse against the Issuer under the Indemnity, such recourse being limited to the assets of the Issuer, which assets have, in terms of the Security Cession, been secured by a cession *in securitatem debiti* in favour of the Security SPV. The assets comprise, among other things, the Loan Agreements owned by the Issuer, collateral security in respect of the Loan Agreements owned by the Issuer, Permitted Investments, the Bank Accounts and Account Monies.

If, upon default by Borrowers and after the exercise by the Servicer of remedies in respect of the Loan Agreements and Related Security, the Issuer does not receive the full amount due from those Borrowers, then Noteholders may receive by way of principal repayment an amount less than the Outstanding Principal Amount of their Notes and the Issuer may be unable to pay in full or in part interest due on the Notes.

### **Priority of Payments**

The Administration Agreement prescribes a "Pre-Enforcement Priority of Payments" in which the Secured Creditors will be paid prior to delivery of an Enforcement Notice and a "Post-Enforcement Priority of Payments" applicable after delivery of an Enforcement Notice.

The claims of all Secured Creditors are subordinated in accordance with the Priority of Payments, and the Secured Creditors will be entitled, notwithstanding the amount of any payments owing to them under the Transaction Documents, to receive payment from the Issuer or the Security SPV, as the case may be, only to the extent permitted by and in accordance with the Priority of Payments.

The subordinations envisaged by the Priority of Payments, the Terms and Conditions and the other Transaction Documents are contractual in nature and their enforcement against the parties to the Transaction Documents and against third parties is limited accordingly. In particular, creditors of the Issuer who are not parties to the Transaction Documents may not be bound by the Priority of Payments and may, accordingly, be entitled under Applicable Law to assert a payment priority inconsistent with the ranking otherwise accorded to them in the Priority of Payments.

As described below in the paragraph "Liquidation of the Issuer", the Issuer is structured as an insolvency remote, ring-fenced special purpose entity which limits the risk of external creditors who are not bound by the Priority of Payments.

#### **Limited Liquidity of the Notes and Restrictions on Transfer**

Currently no secondary market exists for the Notes. There can be no assurance that any secondary market for any of the Notes will develop, or, if a secondary market does develop, that it will provide the Noteholders with liquidity of investment or that it will continue for the life of such Notes. Consequently, a subscriber must be prepared to hold such Notes until the Final Redemption Date.

Noteholders that trade in the Notes during the period that the Register is closed, will need to reconcile any amounts payable on the following Quarterly Payment Date pursuant to any partial redemption of the Notes. As a result, secondary market liquidity of the Notes may reduce during this period.

#### **Downgrade Risk**

If a party to a Transaction Document is required to hold a Required Credit Rating and ceases to hold such Required Credit Rating, then such party's obligations may be guaranteed by another party which has the Required Credit Rating or a replacement party with the Required Credit Rating will be appointed, if such other party is available and willing to act. No assurance can be given that a guarantor or replacement party with the Required Credit Rating will be appointed. In certain circumstances, cash collateral may be taken to protect the Issuer's interest in the relevant Transaction Document.

#### **Guarantee and Indemnity Structure**

The Security SPV will execute the Guarantee in favour of Secured Creditors and enter into the Indemnity with the Issuer. The Issuer has received a legal opinion stating that the entering into of the Guarantee and the Indemnity will enable the security structure in favour of the Secured Creditors to be enforced by the Security SPV in the manner set out in this Offering Circular. There is no guarantee that a court would reach the same conclusion as that in the legal opinion obtained by the Issuer.

If the Guarantee and/or the Indemnity structure is not enforceable, then Secured Creditors shall be entitled to take action themselves to enforce claims directly against the Issuer should an Event of Default occur but, in such circumstances, the security held by the Security SPV will no longer be effective as a means of achieving distribution of the Issuer's assets in accordance with the Priority of Payments.

The Security SPV has not taken or obtained any independent legal or other advice or opinions in relation to the Issuer or any other persons or the Transaction Documents (including the Security Agreements), or in relation to the transactions contemplated by any of the Transaction Documents.

### **Insolvency of the Security SPV**

It is possible for the Security SPV itself to be wound-up, liquidated or placed under business rescue which could adversely affect the rights of the Secured Creditors. The liabilities of the Security SPV under the Guarantee granted in favour of the Secured Creditors cannot in the aggregate exceed the net amount recovered by the Security SPV pursuant to the Indemnity.

Accordingly, it is improbable that the Security SPV itself will be insolvent (and therefore be wound-up, liquidated or placed under business rescue) unless there were to be, for example, dishonesty or fraudulent conduct or breach of contract on the part of the Security SPV, for instance by its directors or officers entering into unauthorised transactions on behalf of the Security SPV.

### **Liquidation of the Issuer**

The Issuer has been structured as an insolvency remote, ring-fenced special purpose entity, a structure which limits the risk that there may be third parties who are not bound by the Transaction Documents who may apply for the liquidation of the Issuer. Third party creditors of the Issuer that are not contractually bound by the Priority of Payments rank high in the Priority of Payments, including the tax authorities and administrative creditors. Secured Creditors contract with the Issuer on the basis that their claims against the Issuer will be subordinated in accordance with the Priority of Payments, will not bring an application for the liquidation of the Issuer until 2 years after the payment of all amounts outstanding and owing by the Issuer under the Notes and the other Transaction Documents have been paid in full and agree not to sue the Issuer except through the Security SPV. The proceeds in the hands of the Security SPV will be distributed in accordance with the Priority of Payments.

If, notwithstanding the ring-fenced structure, there is an external creditor not bound by the Priority of Payments, on the liquidation of the Issuer such external creditor would rank *pari passu* with or ahead of the Security SPV, depending on the statutory preference of claims in terms of the Insolvency Act, 1936, in regard to the assets of the Issuer other than assets of the Issuer properly secured by the Security Cession.

### **Board of Directors of the Issuer**

The board of directors of the Issuer comprises 4 persons, only one of whom is nominated by Nedbank. The board of directors of the Issuer is, accordingly, independent from Nedbank as contemplated in paragraph 4(2)(q) of the Securitisation Regulations.

### **Collectability of Loans**

The collectability of amounts due under the Loan Agreements is subject to credit, liquidity and interest rate risks and will generally fluctuate in response to, among other things, market interest rates, general economic conditions, the financial standing of Borrowers, the extent to which Borrowers make Prepayments, and other similar factors. Other factors (which may not affect property values) may have an impact on the ability of Borrowers to repay Loan Agreements.

In addition, the ability of the Issuer to dispose of a foreclosed property at a price sufficient to repay the amounts outstanding under the relevant Loan Agreement will depend upon the availability of buyers for the property at the time and general property market values.

### **Risks of Losses Associated with Declining Property Values**

The security for the Notes consists mainly of the Issuer's interest in the Loan Agreements and Related Security. This security may be affected by, among other things, a decline in property values. No assurance can be given that values of the properties have remained or will remain at the level at which they were on the dates of origination of the related Loan Agreements and Related Security. If the property market in South Africa should experience an overall decline in property values, such a decline could in certain circumstances result in the value of the security created by the Loan Agreements and Related Security being significantly reduced and, ultimately, may result in losses to the Noteholders if the security is required to be enforced.

### **Geographic Concentration of Properties**

Certain geographic regions will from time to time experience weaker regional economic conditions and property markets than will other regions and, consequently, will experience higher rates of loss and delinquency on Loan Agreements generally. There are concentrations of properties within certain regional areas which may present risk considerations different from those without such concentrations. See Appendix 1 of this Offering Circular headed "*Loan Portfolio Data*".

### **Insurance risks**

In relation to all Loan Agreements, the Borrowers are required to take out and maintain Insurance Policies. If those insurances are not obtained and maintained, are not available or if the insurer defaults, payment may not be received on damage to the Properties.

### **Yield and Prepayment Considerations**

The yield to maturity of the Notes will depend on, among other things, the amount and timing of payment of principal on the Loan Agreements and the price paid by the Noteholders. Such yield may be adversely affected by higher or lower than anticipated rates of Repayments and Prepayments by Borrowers.

Repayments before the end of a Loan Agreement term may result from refinancing, sales of properties by Borrowers voluntarily or as a result of enforcement proceedings under the relevant Loan Agreements, as well as the receipt of proceeds from Insurance Policies. In addition, repurchases of Loan Agreements required to be made under the Sale Agreement for breach of warranty, will have the same effect as early repayment of such Loan Agreements.

The rates of Repayment and Prepayment cannot be predicted and are influenced by a wide variety of economic, social and other factors, including prevailing market interest rates, the availability of alternative financing and local and regional economic conditions. Therefore, no assurance can be given as to the level of Repayments and Prepayments that the Loan Portfolio will experience.

The risk of re-investing distributions resulting from repayments on the Notes will be borne by Noteholders.

#### **Defaults under the Loan Agreements**

If a sufficient number of Borrowers default and the recoveries under the Loan Agreements and Related Security do not cover the loan amounts owing, the Issuer will be unable to pay the Secured Creditors (including the Noteholders). By virtue of the manner in which the claims of Noteholders are subordinated to those of higher ranking Noteholders this risk will be borne first by the Class D Noteholders and by each succeeding Class of Noteholders in ascending order of rank in the Priority of Payments.

To reduce the risk of default, the Seller applied certain Credit Criteria in originating Loan Agreements. The purpose of the Credit Criteria was to limit exposure to certain lower quality assets.

There is no assurance that the measures set out above will eliminate the relevant risks.

#### **Servicer**

The Servicing Agreement requires a Substitute Servicer to be appointed to assume the role of the Servicer and perform the servicing function should the Servicer's appointment as Servicer be terminated. There can be no assurance that a suitable Substitute Servicer will be found to assume such role. There is also an operational risk that the continuity of services will be interrupted should a Substitute Servicer have to assume the responsibilities of the Servicer and there can be no assurance that a transition of servicing will occur without adverse effect on Noteholders or that an equivalent level of performance of collections and administration of the Loan Agreements and Related Security can be maintained by the Substitute Servicer.

There are also risks on the insolvency of Nedbank in respect of details of the Loan Agreements and Related Security that are kept electronically on Nedbank Corporate Property Finance's systems. The Servicing Agreement mitigates this risk by providing for the maintenance of back-up data and the storage of such data off-site by a disaster recovery agent.

#### **Co-mingling risk**

In terms of the Servicing Agreement, Nedbank Corporate Property Finance will, amongst its various duties, collect payments in respect of the Loan Agreements and Related Security and act as custodian of various documentation. On an insolvency of Nedbank, the Issuer, as principal, will be entitled to vindicate all property which it can identify among the assets of Nedbank, as agent, as being vested in it as owner.

In relation to cash deposits there is a co-mingling risk. Prior to the credit rating of the Servicer being downgraded below the Required Credit Rating, monies will be transferred on a monthly basis from the Collections Accounts (in the name of Nedbank Corporate Property Finance) to the Transaction Account (in the name of the Issuer). The Servicing Agreement attempts to mitigate any co-mingling risk by providing that in the event of the credit rating of the Servicer being downgraded below the Required Credit Rating, monies will be transferred on a daily basis from the Collections Accounts (in the name of Nedbank Corporate Property Finance) to the Transaction Account (in the name of the Issuer). Monies will be transferred to the Transaction Account on a daily basis following delivery of an Enforcement Notice.

### **Hedging Policy**

The Issuer may enter into appropriate Derivative Contracts with Derivative Counterparties with the Required Credit Rating to mitigate the interest rate risks arising from the inclusion of Loan Agreements in the Loan Portfolio bearing interest on a different basis to the Notes.

### **Change of legislation**

Loan Agreements and Related Security are subject to legislation which may change at any time. No prediction can be made as to whether such legislation will change and if it does, what the effect of such changes will be on the Loan Agreements, the Related Security or the Issuer.

### **Counterparty Risk**

There is a risk that counterparties to agreements with the Issuer, such as Derivative Counterparties and Liquidity Facility Providers, may not perform their obligations under those agreements and this may affect the ability of the Issuer to pay interest and/or principal on the Notes. In terms of the Transaction Documents, this risk is mitigated by requiring certain parties to hold a Required Credit Rating.

### **Documentation Risk**

The arrangements between the Issuer and others are governed by a complex set of legal documents. There is risk of dispute over the interpretation or enforceability of this documentation.

### **Ranking of a mortgage bond**

Creditors of a Borrower who may rank above the mortgagee under a mortgage bond in respect of the realisation proceeds of a property, are the holder of an enrichment lien over the property (for expenses incurred which have enhanced the value of the property), the holder of a salvage lien over the property (for expenses without which the property would either be destroyed or depreciate in value) and amounts owing as municipal service fees, surcharges on fees, property rates and other municipal taxes, duties and levies in terms of section 118(3) of the Local Government Municipal Systems Act, 2000.

### **Transfer of the rights to the Loan Agreements**

The transfer by the Seller to the Issuer of the Loan Agreements is governed by South African law.

The Issuer has agreed that notice of such transfer will not be given to Borrowers, except in limited circumstances. The lack of notice entails that, until notice is given to the Borrowers, each Borrower may discharge such Borrower's obligations under the related Loan Agreement and Related Security by making payment to the Seller. Notice to Borrowers would mean that Borrowers should no longer make payment to the Seller as creditor in respect of the Loan Agreements and Related Security but should instead make payment to the Issuer as creditor in respect of the Loan Agreements and Related Security. If notice is given, and a Borrower ignores it and makes payment to the Seller for its own account, that Borrower may nevertheless still be bound to make payment to the Issuer.

### **No support from the Seller**

The Seller, acting in a primary role, is not obliged to support any losses suffered by the Issuer in respect of the purchase of Loan Agreements and Related Security or the Noteholders in respect of the Notes.

### **No support from the Servicer**

The Servicer is not under any obligation to fund payments owed in respect of the Notes, absorb losses in respect of the Assets or otherwise recompense investors for losses incurred in respect of the Notes.

### **Suitability of Investment**

This Offering Circular identifies some of the information that a prospective investor should consider prior to making an investment in the Notes. This Offering Circular does not, however, purport to provide all of the information or the comprehensive analysis necessary to evaluate the economic and other consequences of investing in the Notes. A prospective investor should, therefore, conduct its own thorough analysis, including its own accounting, legal and tax analysis, prior to deciding to invest in the Notes. A prospective investor should make an investment in the Notes only after it has determined that such investment is suitable for its financial investment objectives. This Offering Circular is not, and does not purport to be, investment advice and each investor must obtain its own advice before making an investment in the Notes.

## **STRUCTURAL FEATURES**

### **1. Cash Management**

Cash is managed in the manner set out below.

#### **1.1 Account Bank**

In the event that the Account Bank ceases to hold the Required Credit Rating, a replacement Account Bank will be appointed in accordance with the provisions of the Bank Agreement.

#### **1.2 Transaction Account**

All amounts due to the Issuer (other than amounts referred to in 1.3 below) will be paid directly on receipt thereof into a bank account in the name of the Issuer at the Account Bank, the Transaction Account. Prior to the delivery of an Enforcement Notice, the Administrator will have signing authority in respect of the Transaction Account. After the delivery of an Enforcement Notice, the Security SPV will have signing authority in respect of the Transaction Account.

#### **1.3 Collections Accounts**

Amounts paid by or on behalf of Borrowers in respect of the Loan Agreements and Related Security and paid for or to the account of the Issuer, will be paid into the Collections Accounts, in the name of the Servicer. Such amounts shall be transferred from the Collections Accounts to the Transaction Account on the first Business Day of each month; provided that should a Servicer Event of Default or a Cash Management Trigger Event occur and for so long as such Servicer Event of Default or a Cash Management Trigger Event continues, monies shall be transferred from the Collections Accounts to the Transaction Account on a daily basis.

After the delivery of an Enforcement Notice, the Servicer shall procure that money shall be transferred from the Collections Accounts to the Transaction Account on a daily basis.

Upon the occurrence of a Customer Notification Trigger, the Servicer shall notify Borrowers in writing (i) of the sale and transfer of the Loan Agreements and Related Security to the Issuer and (ii) to make payments directly to the Transaction Account. If the Servicer fails to give such notice within 10 Business Days of the occurrence of a Customer Notification Trigger, the Issuer shall give such written notice.

#### **1.4 Permitted Investments**

The Administrator may, on behalf of the Issuer, invest cash from time to time standing to the credit of the Issuer's Bank Accounts in Permitted Investments.

## **2. Liquidity Reserve**

- 2.1 The Liquidity Reserve is administered by the Administrator on behalf of the Issuer.
- 2.2 The Liquidity Reserve Required Amount is an amount equal to the difference, if any, between the Liquidity Required Amount and the aggregate Liquidity Facility Limits of all the Liquidity Facility Agreements.
- 2.3 The Liquidity Reserve will be funded on the Issue Date from the proceeds of the issue of the Notes. On each Quarterly Payment Date after the Issue Date, the Issuer will be required to pay an amount into the Liquidity Reserve, in terms of the Priority of Payments, so that the Liquidity Reserve is funded up to the Liquidity Reserve Required Amount. Any amounts by which the balance on the Liquidity Reserve exceeds the Liquidity Reserve Required Amount will be added to available funds in the Transaction Account.
- 2.4 The Liquidity Reserve will be available to meet Liquidity Shortfalls, on any Quarterly Payment Date, in the event of a shortfall in available funds for that purpose in terms of the Priority of Payments.
- 2.5 On the earlier of (i) the Final Redemption Date of the last Tranche of Notes in issue and (ii) all amounts outstanding in respect of the Loan Agreements, after application of the amounts outstanding in the Liquidity Reserve having been reduced to zero, the amounts standing to the credit of the Liquidity Reserve will be added to Available Funds in the Transaction Account for application in accordance with the Priority of Payments and the Liquidity Reserve Required Amount shall be zero.
- 2.6 In the event of the delivery of an Enforcement Notice, all monies in the Liquidity Reserve will be applied in accordance with the Post-Enforcement Priority of Payments.

## **3. Liquidity Facility Agreement**

- 3.1 In the alternative to the Issuer setting aside funds to the Liquidity Reserve or in combination therewith, the Issuer may enter into a Liquidity Facility Agreement with a Liquidity Facility Provider, substantially on the terms set out below. At the Issue Date, no Liquidity Facility Agreement will be concluded.
- 3.2 The Liquidity Facility may be used by the Issuer to meet Liquidity Shortfalls, subject to the terms of the Liquidity Facility Agreement. Liquidity Shortfall means on any Quarterly Payment Date, an amount equal to the sum of items 1 (expenses) to 5 (Interest Amounts on the Notes) in the Priority Payments, payable on such Quarterly Payment Date, less the cash available in the Priority of Payments on such Quarterly Payment Date to fund such expenses.
- 3.3 The Liquidity Facility may not be used to (i) fund Liquidity Shortfalls to the extent that the Asset Quality Test is not satisfied, (ii) to acquire any Loan Agreement, (iii) as a permanent

revolving facility in order to provide credit enhancement or to cover losses sustained by the Issuer, or (iv) by any of the Noteholders directly, and may only be used by the Issuer.

- 3.4 The Liquidity Facility Limit will be a percentage of the Outstanding Principal Amount of the Notes from time to time, as set out in the Liquidity Facility Agreement. The Liquidity Facility Provider may, in its sole discretion, and at the request of the Issuer, at any time increase or decrease the Liquidity Facility Limit, as long as in the event of a reduction in such Liquidity Facility Limit the Rating Agency is furnished with at least 5 Business Days prior written notice of the proposed reduction.
- 3.5 The Commitment of the Liquidity Facility Provider under the Liquidity Facility will expire on or about 364 days after the date of the Liquidity Facility Agreement or such earlier date as the Notes are redeemed or enforcement of the Security occurs. If the Issuer is unable to renew the Liquidity Facility Agreement prior to its expiry and a suitable replacement with the Required Credit Rating is not appointed at least 30 days prior to the expiry of the then current Commitment Period, the Available Facility shall be fully drawn down by the Issuer (and may be subsequently fully re-drawn) until a substitute Liquidity Facility Provider with the Required Credit Rating has been appointed. The unutilised cash so drawn down shall be invested in Permitted Investments and may only be used for the purposes for which the Liquidity Facility could have been used.
- 3.6 Interest on amounts outstanding under the Liquidity Facility and fees will be payable on Quarterly Payment Dates to the extent permitted by, and in accordance with, the Priority of Payments. Principal amounts outstanding under the Liquidity Facility will also be repayable on a quarterly basis to the extent permitted by, and in accordance with the Priority of Payments, with the final Quarterly Payment Date being the Final Redemption Date of the last Tranche of Notes in issue.
- 3.7 If the Liquidity Facility Provider ceases to hold the Required Credit Rating and a suitable replacement or guarantor with the Required Credit Rating is not appointed within 30 days of such downgrade, the Available Facility shall be fully drawn down by the Issuer (and may be subsequently fully re-drawn) until such a substitute Liquidity Facility Provider or guarantor has been appointed. The unutilised cash so drawn down shall be invested in Permitted Investments.
- 3.8 The Issuer has the right to cancel the Liquidity Facility provided that each of the Rating Agency and the Security SPV is furnished with at least 5 Business Days prior written notice of the proposed cancellation.
- 3.9 In the event that the Borrowing Base is no longer sufficient to repay the Outstandings under the Liquidity Facility, then the Liquidity Facility shall be cancelled and the Outstandings shall become immediately due and payable, subject to the Priority of Payments.
- 3.10 In the event that the Borrowing Base falls to an amount lower than the Commitment under the Liquidity Facility, then the Liquidity Facility Limit (and thus the Commitment) shall be reduced to an amount which does not exceed the Borrowing Base, so that after such

reduction there are a sufficient level of performing assets to cover any new or existing utilisation in terms of the Liquidity Facility.

- 3.11 The obligations of the Liquidity Facility Provider do not significantly extend beyond the salient features of the Liquidity Facility as disclosed in this Offering Circular and the Liquidity Facility Provider will not support the Securitisation Scheme beyond such obligations. The Liquidity Facility may not be used as a permanent revolving facility in order to provide credit enhancement or cover losses sustained in respect of the Securitisation Scheme.
- 3.12 The Issuer shall have no recourse against the Liquidity Facility Provider (in its capacity as such) beyond the fixed contractual obligations provided for in the Liquidity Facility Agreement.

#### 4. **Arrears Reserve**

- 4.1 The Arrears Reserve is administered by the Administrator on behalf of the Issuer.
- 4.2 The Arrears Reserve will be funded through excess spread.
- 4.3 On each Quarterly Payment Date, if an Arrears Reserve Trigger Event occurs, the Issuer will be required to pay an amount into the Arrears Reserve, in terms of the Priority of Payments, up to the Arrears Reserve Required Amount to provide for Defaulted Loan Agreements.
- 4.4 On the next Quarterly Payment Date the funds in the Arrears Reserve will be added to the funds in the Transaction Account to be applied in accordance with the Priority of Payments.
- 4.5 On the earlier of (i) the Final Redemption Date and (ii) all amounts outstanding in respect of the Loan Agreements having been reduced to zero, the amounts standing to the credit of the Arrears Reserve will be paid into the Transaction Account for application in accordance with the Pre-Enforcement Priority of Payments and the Arrears Reserve Required Amount shall be zero.
- 4.6 In the event of the delivery of an Enforcement Notice, all monies in the Arrears Reserve will be applied in accordance with the Post-Enforcement Priority of Payments.

#### 5. **Redraws, Re-advances and Further Advances**

The Loan Agreements do not entitle a Borrower to borrow, or oblige the Issuer to advance, Redraws of Prepayments or Re-advances of Repayments.

If Borrowers request Redraws (of Prepayments), Re-advances (of Repayments) or Further Advances (above the initial loan limit), the Servicer, acting on behalf of the Issuer, may, in its discretion, advance such Redraws, Re-advances and Further Advances to Borrowers on any day, provided that:

- 5.1 the Issuer has funds available to make such Redraws, Re-advances or Further Advances, namely (a) Principal Collections received during that Collection Period and not yet

distributed in terms of the Priority of Payments after setting aside cash to provide for senior expenses payable on or before the next Quarterly Payment Date up to and including interest on the Class D Notes, or (b) funds in the Redraw Reserve;

- 5.2 the aggregate Redraws, Re-advances and Further Advances from the Issue Date to the Final Redemption Date may not exceed 25% of the Original Collateral;
- 5.3 immediately following the advance of any such Redraw, Re-advance or Further Advance, the Portfolio Covenants are satisfied;
- 5.4 no Enforcement Notice has been delivered which remains in effect;
- 5.5 on the most recent Determination Date, the Arrears Reserve is funded at the Arrears Reserve Required Amount and the Liquidity Reserve is funded at the Liquidity Reserve Required Amount;
- 5.6 on the most recent Determination Date, there is no Principal Deficiency;
- 5.7 no Issuer Insolvency Event has occurred;
- 5.8 a further Loan Agreement or amended Loan Agreement is concluded with the relevant Borrower, which is duly executed and, if applicable, stamped;
- 5.9 prior to the advance of such Redraw, Re-advance or Further Advance, the Borrower is subject to a credit assessment in accordance with the Seller's Credit Criteria, taking account of the circumstances of the Borrower at the time the Redraw, Re-advance or Further Advance is made;
- 5.10 any relevant Further Advance, together with the balance outstanding under the relevant Loan Agreement immediately prior to the making of such Further Advance, does not exceed the capital amount secured by the Mortgage Bonds registered in favour of the Issuer (excluding any amount identified as an additional capital sum in the Mortgage Bonds in respect of costs and expenses); and
- 5.11 each Borrower concerned is obliged to repay the Further Advance in full, together with all other amounts due under such Borrower's Loan Agreement, within a period extending no later than 5 years prior to the Final Redemption Date of the Notes.

**6. Redraw Reserve**

- 6.1 The Redraw Reserve is administered by the Administrator on behalf of the Issuer.
- 6.2 On the first 5 Quarterly Payment Dates, the Issuer will be required to pay an amount into the Redraw Reserve, in terms of the Priority of Payments, up to the Redraw Reserve Required Amount.

- 6.3 The Redraw Reserve will be available (i) to fund the advance of Redraws, Re-Advances and Further Advances, and (ii) to pay senior expenses payable on or before the next Quarterly Payment Date up to and including interest on the Class D Notes.
- 6.4 On each Business Day preceding (but excluding) each Quarterly Payment Date, interest accrued on the Redraw Reserve balance up to the Quarterly Payment Date, will be paid into the general funds in the Transaction Account.
- 6.5 On the earlier of (i) the Final Redemption Date and (ii) all amounts outstanding in respect of the Loan Agreements having been reduced to zero, the amounts standing to the credit of the Redraw Reserve will be paid into the Transaction Account for application in accordance with the Pre-Enforcement Priority of Payments and the Redraw Reserve Required Amount shall be zero.
- 6.6 In the event of the delivery of an Enforcement Notice, all monies in the Redraw Reserve will be applied in accordance with the Post-Enforcement Priority of Payments.

**7. Principal Lock-Out**

- 7.1 A Principal Lock-Out shall occur on any Quarterly Payment Date where:
  - 7.1.1 where there are Class A Notes outstanding, the sum of the aggregate Outstanding Principal Amount of the Class B Notes, the Class C Notes and the Class D Notes, as a percentage of the sum of the aggregate Outstanding Principal Amount of all the Notes on such Quarterly Payment Date, after having made all payments in accordance with the Priority of Payments on that Quarterly Payment Date, will not be at least twice that same percentage as at the Issue Date; or
  - 7.1.2 a Principal Deficiency exists; or
  - 7.1.3 the Liquidity Reserve is not funded at the Liquidity Reserve Required Amount; or
  - 7.1.4 the Arrears Reserve is not funded at the Arrears Reserve Required Amount.
- 7.2 Where there is a Principal Lock-Out, the amount allocated for redemption of the Notes in terms of the Pre-Enforcement Priority of Payments will be applied in redeeming the Notes sequentially (until each succeeding Class is fully paid), starting with the Class A1 Notes, followed by the Class A2 Notes, the Class A3 Notes, the Class B Notes, the Class C Notes and lastly the Class D Notes.
- 7.3 Where there is no Principal Lock-Out, the amount allocated for redemption of the Notes in terms of the Pre-Enforcement Priority of Payments will be applied in redeeming the Class A Notes, the Class B Notes, the Class C Notes and Class D Notes, *pari passu* and *pro rata*, based on the Outstanding Principal Amount of each Class of Notes immediately prior to the application of such funds. In respect of the Class A Notes, the amount allocated for redemption of the Class A Notes shall be allocated in redeeming each Tranche of Class A

Notes sequentially, such starting with the Class A1 Notes, followed by the Class A2 Notes, followed by the Class A3 Notes.

8. **Interest Deferral Event**

Following the occurrence of a Class B Interest Deferral Event, a Class C Interest Deferral Event or a Class D Interest Deferral Event, a portion of the available funds that would otherwise have been applied in paying interest on the Notes will be diverted to the payment of lower-ranking items in accordance with the Priority of Payments. The effect of the Interest Deferral Events is to accelerate the amortisation of the Notes where the credit quality of the Loan Portfolio deteriorates. Once an Interest Deferral Event has occurred, it can be rectified to restore the application of funds in the Priority of Payments to the state prior to such event occurring.

9. **Principal Deficiency**

A Principal Deficiency Ledger will be established to record the Principal Deficiency (if any) on each Determination Date, being an amount equal to the "**Liabilities**" expected to exist, as at close of business on the immediately succeeding Quarterly Payment Date after having made all payments in accordance with the Priority of Payments on that Quarterly Payment Date, less the "**Assets**" expected to exist on the immediately succeeding Quarterly Payment Date after having made all payments in accordance with the Priority of Payments on that Quarterly Payment Date, where:

9.1 **"Liabilities"** means:

9.1.1 the aggregate Outstanding Principal Amount of the Notes and the amount outstanding under the Subordinated Loan(s) on the last day of the immediately preceding Collection Period; less

9.1.2 the amount allocated in the Pre-Enforcement Priority of Payments for the redemption of the Notes and the repayment of the Subordinated Loan(s) on the immediately succeeding Quarterly Payment Date;

9.2 **"Assets"** means:

9.2.1 the aggregate Principal Balances of the Loans Agreements (for avoidance of doubt net of Written-off Loan Agreements) on the last day of the immediately preceding Collection Period, excluding the aggregate Principal Balances of any Defaulted Loan Agreements; plus

9.2.2 the monies standing to the credit of the Arrears Reserve, the Liquidity Reserve and the Redraw Reserve plus amounts invested in Permitted Investments on the immediately succeeding Quarterly Payment Date;

provided further that the Principal Deficiency shall never be less than zero

**10. Guaranteed Investment Contract**

To facilitate timing issues relating to the registration of transfer of Mortgage Bonds, the proceeds of the Notes on the Issue Date (other than amounts paid into the Liquidity Reserve) will be invested with the GIC Provider pending application to fund the purchase of the Loan Agreements, on the relevant Transfer Dates. If the proceeds have not been applied in full by 27 October 2013, the remaining amount will be added to the available funds for redemption of the Notes in accordance with the Priority of Payments. The Issuer will enter into a Guaranteed Investment Contract with Nedbank Corporate Property Finance, as GIC Provider, to procure a guaranteed return equal to the weighted average interest rate of the Loan Agreements in the Provisional Loan Portfolio to be acquired by the Issuer, on the proceeds of the Notes so invested with the GIC Provider. In the event that a GIC Provider ceases to hold the Required Credit Rating, a replacement GIC Provider, which has the Required Credit Rating, will be appointed or an entity with the Required Credit Rating will be appointed to guarantee the obligations of the GIC Provider under the GIC in accordance with the provisions of the Transaction Documents.

The funds in the Redraw Reserve and the Liquidity Reserve will be invested with the GIC Provider and earn a guaranteed return equal to the weighted average interest rate of the Loan Agreements as provided for in terms of the Guaranteed Investment Contract.

**11. Derivative Contracts**

The Administrator will procure that the Issuer enters into a Derivative Contract/s with Derivative Counterparty/ies with the Required Credit Rating in order to manage the Issuer's interest rate risks.

**12. Subordinated Loan Agreement**

12.1 The Issuer will enter into a Subordinated Loan Agreement with the Subordinated Lender, which will serve as credit enhancement in relation to the Notes.

12.2 Interest on the Subordinated Loan or such balance as shall remain outstanding from time to time, will be payable on Quarterly Payment Dates in accordance with the Priority of Payments. Capital amounts outstanding on the Subordinated Loan will be repayable as and when cash is available to make such repayment, to the extent permitted by, and in accordance with, the Priority of Payments; provided that the Subordinated Loan shall not be repaid until the Notes have been repaid in full.

**13. Preference Shares**

Once the Notes have been redeemed in full, the Preference Shareholder will be entitled to receive dividends in respect of the Preference Shares.

**14. Redemption**

Each Tranche of Notes will be subject to:

- 14.1 final redemption at maturity on its Final Redemption Date (as more fully described in Condition 7.1 of the Terms and Conditions of the Notes);
- 14.2 mandatory early redemption, in whole or in part, on any Interest Payment Date prior to its Final Redemption Date (as more fully described in Condition 7.2 of the Terms and Conditions of the Notes) if there are funds available for this purpose in terms of the Priority of Payments. Such early redemption may arise, amongst other reasons, due to the receipt by the Issuer of scheduled instalments of principal under the Loan Agreements, prepayments of principal under the Loan Agreements, recoveries, the proceeds from the disposal of the Loan Agreements to the Seller following a breach of warranty and the re-allocation of funds following the occurrence of an Interest Deferral Event;
- 14.3 early redemption, in whole but not in part, at the option of the Issuer, on any Interest Payment Date on and after the Interest Payment date falling on 27 January 2018 (as more fully described in Condition 7.3 of the Terms and Conditions of the Notes);
- 14.4 early redemption, in whole but not in part, at the option of the Issuer, on any Interest Payment Date on which the aggregate Principal Balances of the Loan Agreements is less than 10% of the Original Collateral Balance (as more fully described in Condition 7.3 of the Terms and Conditions of the Notes);
- 14.5 early redemption, in whole but not in part, at the option of the Issuer on any Interest Payment Date for Tax reasons (as more fully described in Condition 7.4 of the Terms and Conditions of the Notes); and
- 14.6 mandatory early redemption following the delivery of an Enforcement Notice (as more fully described in Condition 7.5).

Each Floating Rate Note will bear interest on its Outstanding Principal Amount, at the rates per annum equal to the Interest Rate, from and including the Interest Commencement Date to but excluding the Final Redemption Date (or the Actual Redemption Date, if the Actual Redemption Date falls before or after the Final Redemption Date).

**6.1.2 Interest Payment Dates**

The interest due in respect of each Interest Period will be payable in arrears on the Interest Payment Date in respect of such Interest Period. The first payment of interest will be made on the Interest Payment Date following the Interest Commencement Date. If any Interest Payment Date falls upon a day which is not a Business Day, the provisions of Condition 8.3 shall determine the date of payment of interest due upon such Interest Payment Date. Interest in respect of any Interest Period shall accrue to and be paid on the relevant Interest Payment Date.

**6.1.3 Determination of Interest Rate and calculation of Interest Amount**

The Calculation Agent will, on each Rate Determination Date, determine the Interest Rate applicable to a Tranche of Floating Rate Notes for the Interest Period commencing on that Rate Determination Date and calculate the Interest Amount payable in respect of each Floating Rate Note in that Tranche for that Interest Period. The Interest Amount will be determined by multiplying the Interest Rate by the Outstanding Principal Amount of such Floating Rate Note and then multiplying such product by the actual number of days elapsed in such Interest Period, divided by 365. The resultant sum will be rounded to the nearest cent, half a cent being rounded upwards.

**6.2 Publication of Interest Rate and Interest Amount by the Calculation Agent**

**6.2.1** The Calculation Agent will cause the Interest Rate for each Tranche of Notes determined upon each Rate Determination Date to be notified to the Noteholders (in the manner set out in Condition 16), the Issuer, the JSE (in relation to any Tranche of Notes listed on the JSE) and, if the Administrator is not the Calculation Agent, then also to the Administrator, as soon as practicable after such determination but in any event not later than 5 Business Days after such determination.

**6.2.2** The Calculation Agent will, in relation to each Tranche of Notes, at least 2 Business Days before each Interest Payment Date, cause the aggregate Interest Amount payable (and, if applicable, the Deferred Interest Amount) for the relevant Interest

Period in respect of such Tranche of Notes to be notified to the Noteholders (in the manner set out in Condition 16), the Issuer, the JSE (in relation to any Tranche of Notes listed on the JSE) and, if the Administrator is not the Calculation Agent, then also to the Administrator.

**6.3 Calculations final and limitation of liability**

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained by the Calculation Agent pursuant to the exercise or non-exercise by it of its powers, duties and discretions under the Terms and Conditions and the Transaction Documents and all certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained by the Administrator pursuant to the exercise or non-exercise by it of its powers, duties and discretions under the Terms and Conditions and the Transaction Documents, will, in the absence of wilful deceit, bad faith, or manifest error, be binding on the Issuer, the Security SPV and all Secured Creditors (including Noteholders), and the Calculation Agent and/or the Administrator, as the case may be, will not have any liability to the Issuer, the Security SPV or the Secured Creditors (including Noteholders) in connection therewith.

**7. Redemption and purchases**

**7.1 Final redemption**

Unless redeemed at an earlier date, the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes shall mature and shall be redeemed at their Outstanding Principal Amount (together with interest accrued thereon) on the Final Redemption Date.

The Issuer shall not be entitled or obliged to redeem the Notes in whole or in part prior to the Final Redemption Date, except as provided below.

**7.2 Mandatory redemption in whole or in part**

7.2.1 On each Interest Payment Date, the Issuer shall partially redeem each Note in all Tranches of Notes, to the extent permitted by and in accordance with the relevant Priority of Payments, until the Outstanding Principal Outstanding of such Notes is reduced to zero.

7.2.2 The principal amount redeemable in respect of each Class of Notes (or each Tranche of Notes within a Class of Notes) on an Interest Payment Date, shall be the amount allocated to the Notes in that Class of Notes (or each Tranche of Notes within that Class of Notes) in accordance with the relevant Priority of Payments on such Interest Payment Date.

7.2.3 The principal amount redeemable in respect of each Note in a Class of Notes (or each Tranche of Notes within a Class of Notes) on an Interest Payment Date, shall

be the amount allocated to the Notes in that Class of Notes (or each Tranche of Notes within that Class of Notes) in accordance with the relevant Priority of Payments on such Interest Payment Date, allocated pro-rata to such Note in the proportion which the Outstanding Principal Amount of such Note bears to the Outstanding Principal Amount of all the Notes in that Class of Notes (or each Tranche of Notes within that Class of Notes) on such Interest Payment Date, rounded to the nearest Rand, provided always that no such amount may exceed the Outstanding Principal Amount of such Note.

**7.3 Redemption at the option of the Issuer - Clean-Up Call Option**

On the Call Date or on any Interest Payment Date falling thereafter and upon giving not less than 20 days notice to the Security SPV and the Noteholders in accordance with Condition 16 (which notice shall be irrevocable), the Issuer may redeem all, but not some only, of the Notes at their Outstanding Principal Amount (together with accrued interest thereon); provided that, prior to giving such notice, the Issuer shall have provided to the Security SPV a certificate signed by two directors of the Issuer to the effect that it will have the funds, not subject to any interest of any other person, to redeem the Notes.

**7.4 Optional redemption for tax reasons**

7.4.1 If the Issuer immediately prior to the giving of the notice referred to below satisfies the Security SPV that either:

7.4.1.1 payments of principal or interest in respect of any of the Loan Agreements cease to be receivable (whether or not actually received) by the Issuer, or are or will necessarily be reduced by virtue of any withholding or deduction for or on account of any present or future Taxes, as the case may be, and (ii) the Borrowers in respect of such Loan Agreements are not obliged to pay such additional amounts as shall be necessary in order that the net amounts received by the Issuer after such withholding or deduction are equal to the respective amounts of principal or interest which would otherwise have been receivable in the absence of such withholding or deduction; and each of (i) and (ii) cannot be avoided by the Issuer taking reasonable measures available to it; or

7.4.1.2 as a result of any change in, or amendment to, the laws or regulations of South Africa or any political sub-division of, or any authority in, or of, South Africa having power to tax becoming effective after the Issue Date the Issuer is or would be required to deduct or withhold from any payment of principal or interest on the Notes any amounts as provided or referred to in Condition 9, and such requirements cannot be avoided by the Issuer taking reasonable measures available to it,

then, on any Interest Payment Date thereafter, the Issuer may at its option, having given not less than 20 days notice to the Security SPV and Noteholders in accordance with Condition 16 (which notice shall be irrevocable), redeem all, but not some only of the Notes, at their Outstanding Principal Amount (together with interest accrued thereon); provided that no notice of redemption shall be given earlier than 90 days before the earliest date on which the Issuer would incur the obligation to make such deduction or would necessarily receive such lesser amount for interest.

7.4.2 Prior to giving such notice of redemption, the Issuer shall have provided to the Security SPV:

7.4.2.1 a certificate signed by two directors of the Issuer to the effect that it will have the funds, not subject to any interest of any other person, to redeem all the Notes as set out above; and

7.4.2.2 a legal opinion (in form and substance satisfactory to the Security SPV) from a firm of lawyers in South Africa (approved in writing by the Security SPV) opining on the relevant event.

7.5 **Mandatory Redemption following delivery of an Enforcement Notice**

Upon the delivery of an Enforcement Notice (following the occurrence of an Event of Default), the Notes in all Tranches of Notes will be immediately due and payable, and the Notes will be redeemed in accordance with Condition 11.

7.6 **Purchases**

The Issuer may not at any time purchase Notes in the open market or otherwise.

7.7 **Cancellation**

All Notes which are redeemed in full will forthwith be cancelled. All Notes so cancelled shall be held by the Issuer and cannot be re-issued or resold. Where a portion of the Notes represented by a Certificate are cancelled, the Transfer Agent shall deliver a Certificate to such Noteholder in respect of the balance of the Notes. The Issuer shall notify the Central Securities Depository and the JSE of any cancellation or partial redemption of the Notes so that such entities can record the reduction in the aggregate Principal Amount of the Notes in issue.

8. **Payment**

8.1 **Method of payment**

8.1.1 Payments of interest and principal in respect of Notes held in uncertificated form in the Central Securities Depository will be made to the Central Securities Depository's Nominee, as the registered holder of such Notes, which in turn will transfer such

funds, via the Participants, to the holders of Beneficial Interests. Each of the persons reflected in the records of the Central Securities Depository or the relevant Participants, as the case may be, as the holders of Beneficial Interests shall look solely to the Central Securities Depository or the relevant Participant, as the case may be, for such persons share of each payment so made by the Issuer to, or for the order of, the registered holder of the Note held in uncertificated form. The Issuer will not have any responsibility or liability for any aspect of the records relating to, or payments made on account of, Beneficial Interests, or for maintaining, supervising or reviewing any records relating to such Beneficial Interests. Payments of interest and principal in respect of Notes held in the Central Securities Depository in uncertificated form shall be recorded by the Central Securities Depository's Nominee, as the registered holder of the Notes, distinguishing between interest and principal, and such record of payments by the registered holder of the Notes shall be *prima facie* proof of such payments. Payments of interest and principal in respect of Notes represented by Certificates shall be made to the person reflected as the registered holder of the Individual Certificate in the Register on the Last Day to Register.

8.1.2

The Issuer shall pay the interest and principal payable in respect of each Note, in immediately available and freely transferable funds, in Rand by electronic funds transfer, to the bank account of the Noteholder as set forth in the Register at 17h00 (Johannesburg time) on the Last Day To Register (whether or not such day is a Business Day) preceding the relevant Interest Payment Date or Redemption Date, as the case may be, or, in the case of joint Noteholders, the account of that one of them who is first named in the Register in respect of that Note. If several persons are entered into the Register as joint Noteholders, then without affecting the previous provisions of this condition, payment to any one of them of any monies payable on or in respect of the Note shall be an effective and complete discharge by the Issuer of the amount so paid, notwithstanding any notice (express or otherwise) which the Issuer may have of the right, title, interest or claim of any other person to or in any Note or interest therein.

8.1.3

If the Issuer is prevented or restricted directly or indirectly from making any payment by electronic funds transfer in accordance with the preceding paragraph (whether by reason of strike, lockout, fire, explosion, floods, riot, war, accident, act of God, embargo, legislation, shortage of or breakdown in facilities, civil commotion, unrest or disturbances, cessation of labour, government interference or control or any other cause or contingency beyond the control of the Issuer) such inability shall not constitute an Event of Default and the Issuer shall give notice to the Noteholders within 3 Business Days of such inability arising. Upon receipt of such notice any Noteholder may request the Issuer in writing to make payment of any such amounts by way of cheque (or by such number of cheques as may be required in accordance with applicable banking law and practice). Such notice shall specify the address of the payee entitled to payment in respect of the Note, and if the Noteholder so desires, a request to make such cheque available for collection during business

hours by a Noteholder or its duly authorised representative at the registered office of the Issuer.

8.1.4 All monies so payable by cheque shall, save if the Noteholder requests that the cheque be made available for collection as set out above (unless such cheque is not so collected within 2 Business Days of being made available for collection), be sent by post within 2 Business Days of the receipt by the Issuer of the notice from a Noteholder referred to in the preceding paragraph to:

8.1.4.1 the address of that Noteholder as set forth in the Register at 17h00 (Johannesburg time) on the relevant Last Day to Register; or

8.1.6 Payments will be subject in all cases to the Priority of Payments and any Taxation or other laws, directives and regulations applicable to such payment in the place of payment.

## 8.2 **Surrender of Certificates**

8.2.1 On or before the Last Day to Register prior to any Redemption Date (including a Redemption Date relating to mandatory redemption in part), the holder of a Certificate, in respect of a Note to be redeemed (in part or in whole, as the case may be) shall deliver to the Transfer Agent the Certificates to be redeemed. This will enable the Transfer Agent to endorse the partial redemption thereon or, in the case of final redemption, to cancel the relevant Certificates.

8.2.2 Should the holder of a Certificate refuse or fail to surrender the Certificate for endorsement or cancellation on or before a Redemption Date, the amount payable to him in respect of such redemption, including any accrued interest, shall be retained by the Issuer for such Noteholder, at the latter's risk, until the Noteholder surrenders the necessary Certificate, and interest shall cease to accrue to such Noteholder from the Redemption Date in respect of the amount redeemed.

The Issuer will not be obliged to make any additional payments to Noteholders in respect of such withholding or deduction.

10. **Undertakings of the Issuer**

## **11. Events of Default**

11.1 An Event of Default will arise if any of the following events occurs:

- 11.1.1 the Issuer fails to pay any amount, whether in respect of interest, principal or otherwise, due and payable in respect of the Controlling Class Notes within 3 Business Days of the due date for the payment in question, in each case irrespective of whether or not there are available funds for that purpose in terms of the Priority of Payments; or
- 11.1.2 the Issuer fails to pay any amount, whether in respect of interest, principal or otherwise, due and payable in respect of any other Class of Notes within 3 Business Days of the due date for the payment in question, to the extent permitted by available funds for that purpose in terms of the Priority of Payments; or
- 11.1.3 the Issuer fails duly to perform or observe any other obligation binding on it under the Terms and Conditions or any of the other Transaction Documents, which breach is not remedied within the cure period permitted therefor in the relevant Transaction Document or, if no such cure period is provided (and an immediate default is not triggered under such Transaction Document), within 10 Business Days (or such other period as the Security SPV in its reasonable discretion may specify) after receiving written notice from either the Security SPV or a party to the relevant Transaction Document requiring such breach to be remedied, unless the Security SPV has notified the Issuer in writing that such breach is not, in the opinion of the Security SPV, materially prejudicial to the Noteholders; or
- 11.1.4 the Issuer ceases to be wholly owned by the Owner Trust without the prior written consent of the Security SPV; or
- 11.1.5 the Guarantee in favour of Secured Creditors, or any security interests in favour of the Security SPV pursuant to any of the Security Agreements, be or become, or be reasonably claimed by the relevant Security SPV to be or have become, wholly or partly void, voidable, illegal or unenforceable for any reason whatsoever or should any security pursuant to any of the Security Agreements be reasonably claimed by the Security SPV not to grant or cease to grant the Security SPV a first priority security interest over all the Assets; or

- 11.1.6 it is or becomes unlawful for the Issuer to perform any of its obligations under the Transaction Documents and the Security SPV has notified the Issuer in writing that such event is, in its opinion, materially prejudicial to Noteholders; or
- 11.1.7 the Issuer alienates or encumbers Assets (other than as provided for in terms of the Transaction Documents) without the prior written consent of the Security SPV; or
- 11.1.8 an Issuer Insolvency Event occurs; or
- 11.1.9 the Issuer has any judgment or similar award ("**judgment**") awarded against it and fails to satisfy such judgment within 30 days after becoming aware thereof, or:
  - 11.1.9.1 if such judgment is appealable, fails to appeal against such judgment within the time limits prescribed by law or fails to diligently prosecute such appeal thereafter or ultimately fails in such appeal and then fail to satisfy the judgment within 10 days; and/or
  - 11.1.9.2 if such judgment is a default judgment, fails to apply for the rescission thereof within the time limits prescribed by law or fails to diligently prosecute such application thereafter or ultimately fail in such application and then fails to satisfy the judgment within 10 days; and/or
  - 11.1.9.3 if such judgment is reviewable, fails to initiate proceedings for the review thereof within the time limits prescribed by law or fails to diligently prosecute such proceedings thereafter or ultimately fails in such proceedings and then fail to satisfy the judgment within 10 days.
- 11.2 If an Event of Default occurs:
  - 11.2.1 the Administrator will forthwith inform the Security SPV, the Rating Agency and (if the Notes are listed) the JSE thereof;
  - 11.2.2 the Security SPV will, as soon as such Event of Default comes to its notice (whether as a result of having been informed by the Administrator thereof pursuant to Condition 11.2.1 or otherwise), forthwith notify the Issuer and the Secured Creditors thereof and forthwith call a meeting of the Controlling Class Noteholders;
  - 11.2.3 all the Notes will become immediately due and payable:
    - 11.2.3.1 if, at such meeting, the Controlling Class Noteholders so decide, by Extraordinary Resolution; or
    - 11.2.3.2 if the Security SPV in its discretion so decides.
- 11.3 If the Controlling Class Noteholders decide that the Notes will become immediately due and payable as contemplated in Condition 11.2.3.1, the Controlling Class Noteholders will notify the Issuer and the Security SPV accordingly.

- 11.4 If the Controlling Class Noteholders decide that the Notes will become immediately due and payable as contemplated in Condition 11.2.3.1 or if the Security SPV decides that the Notes will become immediately due and payable as contemplated in Condition 11.2.3.2, as the case may be, the Security SPV will, by written notice to the Issuer (an **"Enforcement Notice"**), declare the Notes and any amounts owing under any other Transaction Document, to be immediately due and payable, and require the Outstanding Principal Amount of the Notes, together with any accrued interest thereon, and the amounts owing under any other Transaction Document, to be forthwith paid or repaid, to the extent permitted by and in accordance with the Post-Enforcement Priority of Payments. The Issuer shall forthwith do this, failing which the Security SPV may take all necessary steps, including legal proceedings, to enforce the rights of the Noteholders and other Secured Creditors set out in, and the security given therefor in terms of, these Terms and Conditions and the other Transaction Documents, subject always to the provisions of the Post-Enforcement Priority of Payments. Should the Security SPV fail to deliver the Enforcement Notice within 10 Business Days of being called upon to do so by the Controlling Class Noteholders, the notification by the Controlling Class Noteholders to the Issuer in accordance with Condition 11.3 shall constitute delivery of the Enforcement Notice.
- 11.5 The Security SPV will not be required to take any steps to ascertain whether any Event of Default has occurred or to monitor or supervise the observance and performance by the Issuer of its obligations under the Terms and Conditions and the other Transaction Documents and until the Security SPV has actual knowledge or has been served with express notice thereof it will be entitled to assume that no such Event of Default has taken place.
- 11.6 If the Notes become immediately due and payable following delivery of an Enforcement Notice, they will be redeemed and paid strictly in accordance with the Post-Enforcement Priority of Payments. If the Issuer has insufficient available funds to redeem all the Notes in full, the Notes will be redeemed, in reducing order of rank in the Post-Enforcement Priority of Payments, in each case *pro rata* to their Outstanding Principal Amount.

12. **Enforcement, subordination and non-petition**

- 12.1 Each Noteholder agrees that its claims against the Issuer and the Security SPV are subordinated for the benefit of other Secured Creditors in accordance with the Priority of Payments. The Issuer and the Security SPV will not be obliged to make payment of, and Noteholders will not be entitled to receive payment of, any amount due and payable under the Notes, except in accordance with the Priority of Payments, unless and until all amounts required to be paid or provided for in terms of the Priority of Payments in priority thereto have been paid, provided for or discharged in full, and then only to the extent that there are available funds in the Priority of Payments for that purpose. Should the Issuer fail to pay all or part of any amount then due and payable by it to the Noteholders on any date, as a result of lack of available funds for that purpose in terms of the Priority of Payments:

- 12.1.1 the Issuer will not be in default of its obligations under the Notes (other than a failure to pay amounts due and payable to the Controlling Class Noteholders, which shall constitute an Event of Default in accordance with Condition 11.1.1);
- 12.1.2 the unpaid amount will not bear penalty interest and any unpaid interest on the Notes will not bear interest or penalty interest; and
- 12.1.3 payment of the unpaid amount will be deferred to the following date upon which there are available funds to make such payment in terms of the Priority of Payments applicable on such date.
- 12.2 Notwithstanding any other provision of any Transaction Document, the obligation of the Issuer to make payment to the Noteholders is limited to the lesser of:
  - 12.2.1 the amounts owing to the Noteholders; and
  - 12.2.2 the aggregate of the actual amount recovered and available for distribution from the Assets to such Noteholders,and the payment of such amount that is available for distribution to the Noteholders in accordance with the Priority of Payments will constitute fulfilment of the Issuer's obligations to make payment to the Noteholders. Once all the Assets have been extinguished, each Noteholder abandons all claims it may have against the Issuer in respect of amounts still owing to it but unpaid, and the Issuer's liability to the Noteholders shall be completely discharged.
- 12.3 It is recorded that as security for the due, proper and timeous fulfilment by the Issuer of all its obligations under the Notes, the Security SPV has executed the Guarantee in favour of the Secured Creditors (including the Noteholders). Each Noteholder expressly accepts the benefits of the Guarantee and acknowledges the limitations on its rights of recourse in terms of such Guarantee.
- 12.4 Subject to the provisions of Condition 12.6, each Noteholder agrees that only the Security SPV may enforce the security created in favour of the Security SPV by the Security Agreements in accordance with the provisions of the Security Agreements and the Transaction Documents.
- 12.5 The rights of Noteholders against the Issuer will be limited to the extent that the Noteholders will not be entitled to take any action or proceedings against the Issuer to recover any amounts payable by the Issuer to them under or in connection with the Notes (including not levying or enforcing any attachment or execution upon the assets of the Issuer), and all rights of enforcement will be exercised in accordance with the provisions of the Guarantee, provided that:
  - 12.5.1 if the Security SPV is entitled and obliged to enforce its claim against the Issuer pursuant to the Indemnity but fails to do so within 60 Business Days of being called

upon to do so by any Secured Creditor (other than a Noteholder) or by an Extraordinary Resolution of the Controlling Class Noteholders; or

- 12.5.2 if the Security SPV is wound-up, liquidated, de-registered or placed under business rescue (in each case whether voluntarily or compulsorily, provisionally or finally) or if the Guarantee and/or Indemnity are not enforceable (as finally determined by a judgment of a court of competent jurisdiction after all rights of appeal and review have been exhausted or as agreed by the Security SPV),

the Noteholders (by way of Extraordinary Resolution of the Controlling Class Noteholders) and other Secured Creditors ),will be entitled to take action themselves to enforce their claims directly against the Issuer if an Event of Default occurs.

- 12.6 The Noteholders will not, until 2 years after payment of all amounts outstanding and owing by the Issuer under the Notes and the other Transaction Documents, institute, or join with any person in instituting or vote in favour of, any steps or legal proceedings for the winding-up, liquidation, de-registration, business rescue of, or any compromise or scheme of arrangement or related relief in respect of, or any other proceedings having a similar effect, in respect of:

- 12.6.1 the Issuer or for the appointment of a liquidator, business rescue practitioner or similar officer of the Issuer, provided that nothing in this clause will limit the Security SPV from taking such action, in the event that the Security SPV is unable (whether due to practical or legal impediments which in the reasonable opinion of the Security SPV are not of a temporary nature) to enforce the Security Agreements; or

- 12.6.2 the Security SPV or for the appointment of a liquidator, business rescue practitioner or similar officer of the Security SPV.

- 12.7 Without prejudice to the foregoing provisions of this Condition, each Noteholder undertakes to the Issuer and the Security SPV that if any payment is received by it other than in accordance with the Priority of Payments in respect of amounts due to it by the Issuer and/or the Security SPV, the amount so paid will be received and held by such Noteholder as agent for the Issuer and/or the Security SPV, as the case may be, and will be paid to the Issuer and/or the Security SPV, as the case may be, immediately on demand.

- 12.8 The Security SPV has acknowledged in the Common Terms Agreement that it holds the security created pursuant to the Security Agreements to be distributed, on enforcement of the Security Agreements, in accordance with the provisions of the Priority of Payments.

- 12.9 Each Noteholder undertakes that it will not set off or claim to set off any amounts owed by it to the Issuer or the Security SPV against any amount owed to it by the Issuer or the Security SPV.

- 12.10 Notwithstanding the provisions of the preceding sub-Conditions, in the event of a liquidation or a winding-up of the Issuer or the Security SPV or of the Issuer or the Security SPV being

placed under business rescue, Secured Creditors ranking prior to others in the Priority of Payments will be entitled to receive payment in full of amounts due and payable to them, before other Secured Creditors that rank after them in the Priority of Payments receive any payment of amounts owing to them.

12.11 In order to ensure the fulfilment of the provisions of the Priority of Payments in the event of a liquidation or a winding-up of the Issuer or the Issuer being placed under business rescue, each Noteholder agrees that in the event of a liquidation or winding-up of the Issuer or of the Issuer being placed under business rescue, it will recover all amounts due and payable by the Issuer to such Noteholder in accordance with the provisions of the Guarantee. The Security SPV will, in turn, make a claim in the winding-up, liquidation or business rescue proceedings of the Issuer pursuant to the Indemnity and, out of any amount recovered in such proceedings, pay the Secured Creditors in accordance with the Post-Enforcement Priority of Payments.

12.12 In the event that the Security SPV fails, for whatever reason, to make a claim in the liquidation, winding-up or business rescue proceedings of the Issuer pursuant to the Indemnity or should the liquidator or business rescue practitioner not accept a claim tendered for proof by the Security SPV pursuant to the Indemnity, then each Noteholder will be entitled to lodge such claims itself but each Noteholder agrees that:

12.12.1 any claim made or proved by a Noteholder in the liquidation, winding-up or business rescue proceedings in respect of amounts owing to it by the Issuer will be subject to the condition that no amount will be paid in respect thereof to the extent that the effect of such payment would be that the amount payable to the Secured Creditors that rank prior to it in terms of the Post-Enforcement Priority of Payments would be reduced; and

12.12.2 if the liquidator or business rescue practitioner does not accept claims proved subject to the condition contained in Condition 12.12.1 then each Noteholder will be entitled to prove its claims against the Issuer in full, on the basis that any liquidation or business rescue dividend payable to it is paid to the Security SPV for distribution in accordance with the Post-Enforcement Priority of Payments.

12.13 Nothing in the Terms and Conditions limits:

12.13.1 the exercise of any right or power by the Security SPV under the Security Agreements and/or the Indemnity;

12.13.2 the entitlement of the Security SPV to levy or enforce any attachment or execution upon the Assets;

12.13.3 any Secured Creditor from obtaining or taking any proceedings to obtain an interdict, mandamus or other order to restrain any breach of any Transaction Document;

- 12.13.4 any Secured Creditor from obtaining or taking any proceedings to obtain declaratory relief in relation to any provision of any Transaction Document; or
- 12.13.5 the exercise by any Derivative Counterparty under a Derivative Contract of rights of netting or set-off, where such rights are explicitly provided for in accordance with the terms of the relevant Transaction Document.

### 13. Exchange of Beneficial Interests and replacement of Notes

#### 13.1 Exchange

- 13.1.1 The holder of a Beneficial Interest in Notes may, in terms of the Applicable Procedures and subject to section 44 of the Securities Services Act, by written notice to the holder's nominated Participant (or, if such holder is a Participant, the Central Securities Depository), request that such Beneficial Interest be exchanged for Notes in definitive form represented by a Certificate (the "**Exchange Notice**"). The Exchange Notice shall specify (i) the name, address and bank account details of the holder of the Beneficial Interest and (ii) the day on which such Beneficial Interest is to be exchanged for a Certificate; provided that such day shall be a Business Day and shall fall not less than 30 (thirty) days after the day on which such Exchange Notice is given ("**Exchange Date**").
- 13.1.2 The holder's nominated Participant will, following receipt of the Exchange Notice, through the Central Securities Depository, notify the Transfer Agent that it is required to exchange such Beneficial Interest for Notes represented by a Certificate. The Transfer Agent will, as soon as is practicable but within 14 days after receiving such notice, in accordance with the Applicable Procedures, procure that a Certificate is prepared, authenticated and made available for delivery, on a Business Day falling within the aforementioned 14 day period, to the holder of the Beneficial Interest at the Specified Office of the Transfer Agent; provided that joint holders of a Beneficial Interest shall be entitled to receive only one Certificate in respect of that joint holding, and delivery to one of those joint holders shall be delivery to all of them.
- 13.1.3 In the case of the exchange of a Beneficial Interest in Notes issued in uncertificated form:
  - 13.1.3.1 the Central Securities Depository's Nominee shall, prior to the Exchange Date, will surrender (through the Central Securities Depository system) such uncertificated Notes to the Transfer Agent at its specified office;
  - 13.1.3.2 the Transfer Agent will obtain the release of such uncertificated Notes from the Central Securities Depository in accordance with the Applicable Procedures.

- 13.1.4 A Certificate shall, in relation to a Beneficial Interest in any number of Notes issued in uncertificated form of a particular aggregate Principal Amount standing to the account of the holder thereof, represent that number of Notes of that aggregate Principal Amount, and shall otherwise be in such form as may be agreed between the Issuer and the Transfer Agent; provided that if such aggregate Principal Amount is equivalent to a fraction of R1 000 000 or a fraction of any multiple thereof, such Individual Certificate shall be issued in accordance with, and be governed by, the Applicable Procedures.

13.2 **Costs**

Certificates shall be provided (whether by way of issue or delivery) by the Issuer without charge, save as otherwise provided in these Terms and Conditions. The costs and expenses of delivery of Certificates by a method other than ordinary post (if any) and, if the Issuer shall so require, taxes or governmental charges or insurance charges that may be imposed in relation to such mode of delivery, shall be borne by the Noteholder.

13.3 **Replacement**

If any Certificate is mutilated, defaced, stolen, destroyed or lost it may be replaced at the office of the Transfer Agent on payment by the claimant of such costs and expenses as may be incurred in connection therewith and against the furnishing of such indemnity as the Transfer Agent may reasonably require. Mutilated or defaced Certificates must be surrendered before replacements will be issued.

13.4 **Death and sequestration or liquidation of Noteholder**

Any person becoming entitled to Notes in consequence of the death, sequestration or liquidation of the relevant Noteholder may, upon producing evidence to the satisfaction of the Issuer that he holds the position in respect of which he proposes to act under this paragraph or of his title, require the Transfer Agent to register such person as the holder of such Notes or, subject to the requirements of this Condition, to transfer such Notes to such person.

14. **Transfer of Notes**

- 14.1 Beneficial Interests in the Notes may be transferred in terms of the Applicable Procedures through the Central Securities Depository.
- 14.2 The Central Securities Depository maintains accounts only for its Participants. Beneficial Interests which are held by Participants (which are also Settlement Agents) may be held directly through the Central Securities Depository. Participants are in turn required to maintain securities accounts for their clients. Beneficial Interests which are not held by Participants may be held by clients of Participants indirectly through such Participants.

- 14.3 Transfers of Beneficial Interests to and from clients of Participants occur, in terms of existing law and practice, by way of electronic book entry in the securities accounts maintained by the Participants for their clients. Transfers of Beneficial Interests among Participants occur through electronic book entry in the central securities accounts maintained by the Central Securities Depository for the Participants. Such transfers of Beneficial Interests will not be recorded in the Register and the Central Securities Depository's Nominee will continue to be reflected in the Register as the Noteholder in respect of the Beneficial Interests notwithstanding such transfers. Beneficial Interests may be transferred only in accordance with these Terms and Conditions, and the Applicable Procedures.
- 14.4 In order for any transfer of Notes to be recorded in the Register, and for such transfer to be recognised by the Issuer:
- 14.4.1 the transfer of such Notes must be embodied in the Transfer Form;
- 14.4.2 the Transfer Form must be signed by the registered Noteholder and the transferee, or any authorised representative of that registered Noteholder and/or transferee; and
- 14.4.3 the Transfer Form must be delivered to the Transfer Agent at its Specified Office together with the relevant Certificate, if any, for cancellation.
- 14.5 Transfers of Notes recorded in the Register will only be in a denomination of R1 000 000 or more. The transfer of Notes recorded in the Register may be transferred in whole or in part (in amounts of not less than R1 000 000).
- 14.6 Subject to the preceding provisions of this Condition 14, the Transfer Agent will, within 3 Business Days of receipt by it of a valid Transfer Form (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), record the transfer of Notes in the Register, and authenticate and deliver to the transferee at the Transfer Agent's Specified Office or, at the risk of the transferee, send by mail to such address as the transferee may request, a new Certificate, if applicable, in respect of such Notes reflecting the same Outstanding Principal Amount as the Notes transferred. ### REPORT OF THE INDEPENDENT AUDITOR OF THE ISSUER

The following is the text of the letter to the Registrar of Banks by the auditors appointed by the Issuer for the purpose of furnishing a regulatory compliance report, confirming that the issue of the Notes complies in all respects with the provisions of the Securitisation Notice promulgated in Government Gazette No. 2 (Government Gazette 30628 of 1 January 2008) pursuant to the provisions of the Banks Act, 1990:

**INDEPENDENT AUDITOR'S REPORT TO THE DIRECTORS OF PRECINCT FUNDING 1 (RF) LIMITED ON COMPLIANCE OF THE PROPOSED ISSUE BY PRECINCT FUNDING 1 (RF) LIMITED OF R2.5 BILLION SECURED LISTED NOTES AS DESCRIBED IN THE OFFERING CIRCULAR, WITH THE RELEVANT PROVISIONS OF THE SECURITISATION REGULATIONS (GOVERNMENT NOTICE 2, GOVERNMENT GAZETTE 30628 OF 1 JANUARY 2008) ISSUED BY THE REGISTRAR OF BANKS, AS REQUIRED BY PARAGRAPHS 15(1)(a)(ii) AND 16(2)(a)(vii) OF THE SAID NOTICE.**

#### Introduction

As required by paragraphs 15(1)(a)(ii) and 16(2)(a)(vii) of the Securitisation Regulations (Government Notice 2, Government Gazette 30628 of 1 January 2008) issued by the Registrar of Banks (the "Securitisation Regulations"), we have reviewed whether or not the issue of R2.5 billion secured listed Notes (the "Notes") by Precinct Funding 1 (RF) Limited (the "Issuer") pursuant to the Commercial Mortgage Backed Securities Issue (the "Issue"), as documented in the Offering Circular dated 20 March 2013 and other such documents as deemed necessary (collectively the "Issue Documents"), will be compliant with the relevant provisions of the Securitisation Regulations.

We conducted our work in accordance with the International Standard on Assurance Engagements ISAE 3000 (*Assurance engagements other than audits or reviews of historical financial information (Revised)*).

Compliance with the relevant provisions of the Securitisation Regulations is the responsibility of the Issuer. Our responsibility is to report on such compliance.

#### Scope

Our work was generally limited to an examination of the Issue Documents, with regard to compliance with the relevant provisions of the Securitisation Regulations.

It should be recognised that our work did not constitute an audit or a review and may not necessarily have revealed all material facts.

#### Findings

Based on our work described above, nothing has come to our attention which indicates that the Issuer will not be in compliance, in all material respects, with the relevant provisions of the Securitisation Regulations with regard to the proposed issue of the Notes pursuant to the Programme and the conduct of the scheme as described in the Issue Documents.

Our report is presented solely for the purpose set out in the first paragraph of the report and is not to be used for any other purpose.

Yours faithfully
