Classification of the Notes

The Notes are intended to be issued as a Social Bond.

Sustainable finance framework

The Framework was developed and adopted by the Group to enable members of the Group (including the Issuer) to issue thematic debt instruments such as Green Bonds, Social Bonds and Sustainability Bonds.

The Framework was developed in line with the GBP, SBP and SBG and covers the following key pillars: (i) use of proceeds, (ii) process for project evaluation and selection, (iii) management of proceeds and (iv) reporting (see section 5

(*Framework review process and relevant principles/guidelines*) of the Framework).

The Group has adopted the guiding principles and reporting requirements of the United Nations Sustainable Development Goals framework and the GBP, SBP and SBG.

Green Bonds, Social Bonds and Sustainability Bonds issued under the Framework respectively support the Group's lending and financing activities (including refinancing activities) to Green Projects (aimed at promoting climate-friendly and other environmental purposes), Social Projects (aimed at reducing economic and social inequity) and Sustainability Projects (being a combination of Green Projects and Social Projects) that fall within the applicable investment categories and meet the applicable eligibility criteria set out in the Framework.

The Framework sets out the criteria and process for the identification of eligible projects or activities that would satisfy the criteria to enable a Tranche of Notes to be categorised as Green Bonds, Social Bonds or Sustainability Bonds (see sections 5.1 (*Use of proceeds*) and 5.2 (*Process for project evaluation and selection*) of the Framework).

The Framework is available on the following page of the Group's website:
<https://www.firststrand.co.za/investors/debt-investor-centre/sustainable-finance/>.

Assurance

In connection with the Framework and in compliance with paragraphs 3.18 and 3.19 of the JSE Debt and Specialist Securities Listings Requirements the Group appointed Standard &

Poor's Financial Services LLC ("**S&P**") (as an Independent External Reviewer with reference to the Guidelines on External Reviews) to evaluate the Framework and to issue a second party opinion confirming that the Framework is credible, impactful and aligned with the guidelines in the GBP, SBP and SBG (being the Use of Proceeds Standards) (the "**Second Party Opinion**").

The Second Party Opinion is available on the following page of the Group's website:
<https://www.firststrand.co.za/investors/debt-investor-centre/sustainable-finance/>.

Independent External Reviewer

S&P is an Independent External Reviewer (appointed with reference to the Guidelines on External Reviews) for the purposes of paragraphs 3.18 and 3.19 of the JSE Debt and Specialist Securities Listings Requirements. The Second Party Opinion constitutes the complete review report on the Framework contemplated by paragraphs 3.18 and 4.27 of the JSE Debt and Specialist Securities Listings Requirements.

S&P is a leading independent ESG research, ratings and data firm that supports investors around the world with the development and implementation of responsible investment strategies. S&P provides second party opinions on green, social and sustainable finance frameworks to issuers, including multinational corporations, financial institutions and governments.

S&P's address details are as follows:

2nd Floor, 30 Jellicoe Avenue

Use of proceeds – Social Bond – access to financial services for women-owned MSMEs.

The Issuer intends allocating an amount of funding equivalent to the net proceeds of this Tranche of Notes to finance and/or refinance, in whole or in part, existing and/or future projects that provide women-owned MSMEs with access to financial services.

The projects which provide access to financial services for women-owned MSMEs described above will be projects that fall within the “Women in the economy” investment category under the subheading “*FirstRand’s social investment categories and eligibility criteria*” under section 5.1 (*Use of proceeds*) of the Framework and that comply with the eligibility criteria for that investment category set out in that section.

Projects described above will be evaluated and selected in accordance with section 5.2 (*Process for project evaluation and selection*) of the Framework.

The allocation of the net proceeds of this Tranche of Notes as between the affordable housing projects, micro, small and medium enterprises financing and information and communication technologies projects described above will be within the discretion of the Issuer.

Management of proceeds

The Issuer will track the receipt and use of the net proceeds of this Tranche of Notes via its internal reporting systems as more fully

described in section 5.3 (*Management of proceeds*) of the Framework.

Reporting and impact measurement, verification

The Group will, in alignment with market practice, prepare and publish an annual allocation and impact report with respect to Notes issued under the Framework (the “**Annual Allocation and Impact Report**”) as more fully described in section 5.4 (*Reporting*) of the Framework.

The Group will request from a suitable qualified external auditor (on an annual basis starting no later than one year after the issue date of the Social Bond and until the earlier of the redemption date and full allocation of the net proceeds of this Social bond) a limited assurance report of the allocation of the proceeds of the bond to eligible projects, loans or assets as contemplated by the Framework (see section 6.2 (*Verification*) of the Framework).

The Annual Allocation and Impact Report and related assurance report will be available on the following page of the Group's website: <https://www.firststrand.co.za/investors/debt-investor-centre/sustainable-finance/>.

Incorporation by reference

The Framework and the Second Party Opinion are incorporated by reference into this Applicable Pricing Supplement.

Notwithstanding the incorporation by reference of the Framework and the Second Party Opinion into this Applicable Pricing Supplement, the attention of investors contemplating investing in the Notes is drawn to the section of this item 49 headed “*Additional risk factors relating to Notes*”

issued as Green Bonds, Social Bonds or Sustainability Bonds" below.

Additional risk factors relating to Notes issued as Green Bonds, Social Bonds or Sustainability Bonds

In addition to the risk factors set out in or incorporated by reference into the Programme Memorandum, the attention of investors contemplating investing in the Notes is drawn to the following additional risks relating to Notes issued as Green Bonds, Social Bonds or Sustainability Bonds.

In respect of any Notes issued as Green Bonds, Social Bonds or Sustainability Bonds, there can be no assurance that the use of proceeds will be suitable for the investment criteria of an investor.

The Applicable Pricing Supplement relating to any specific Tranche of Notes may provide that it will be the Issuer's intention to apply the proceeds from an offer of those Notes specifically for eligible Green Projects, Social Projects or Sustainability Projects (being a combination of Green Projects and Social Projects). In this case, the Applicable Pricing Supplement will provide additional information in relation to the intended use of proceeds in respect of the Notes, including the applicable investment category/ies and eligibility criteria. This information may be provided by cross-referring to the Framework.

Prospective investors should determine for themselves the relevance of such information for the purpose of any investment in such Notes together with any other investigation such investor deems necessary. In particular, no assurance is given by the Issuer that the use of

such proceeds for any Green Projects, Social Projects or Sustainability Projects, as applicable, will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, social or sustainability impact of any projects or uses, the subject of or related to, any Green Projects, Social Projects or Sustainability Projects, as applicable.

The Framework has been aligned to international best practice and guidance as issued by ICMA and unless otherwise indicated, terms used in the Framework have the meanings given to them the GBP, SBP and SBG, as applicable. The principles and guidelines in the GBP, SBP and SBG are widely accepted by issuers and investors and provide a credible framework for sustainability bond issuances. Despite this – and although the publication by ICMA of the GBP, SBP and SBG and their predecessors has resulted in greater standardisation – it should be noted that there is currently no clearly defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a "green", "social", "sustainability" or equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as "green", "social", "sustainability" or such other equivalent label nor can any assurance be given that such a clear definition or consensus will develop over time. Accordingly, no assurance is or can be given to investors that any projects or uses the subject of, or related to,

any Green Projects, Social Projects or Sustainability Projects, as applicable, will meet any or all investor expectations regarding such "green", "social" or "sustainability" or other equivalently-labelled performance objectives or that any adverse environmental, social, sustainability and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any Green Projects, Social Projects or Sustainability Projects, as applicable.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of any Notes and in particular with any Green Projects, Social Projects or Sustainability Projects, as applicable, to fulfil any environmental, social, sustainability and/or other criteria. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer or any other person to buy, sell or hold any such Notes. Any such opinion or certification is only current as of the date that opinion was initially issued. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in such Notes. Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight, provided that the JSE Debt and Specialist Securities Listings Requirements require Independent External Reviewers to be appointed with reference to the Guidelines on External Reviews.

In the event that any such Notes are listed or admitted to trading on any dedicated "green", "social", "sustainability" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, social or sustainability impact of any projects or uses, the subject of or related to, any Green Projects, Social Projects or Sustainability Projects, as applicable. Furthermore, it should be noted that the criteria for any such listing or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer or any other person that any such listing or admission to trading will be obtained in respect of any such Notes or, if obtained, that any such listing or admission to trading will be maintained (or maintained on a dedicated "green", "social", "sustainability" or other equivalently-labelled segment of any stock exchange or securities market) during the life of the Notes.

While it is the intention of the Issuer to apply the proceeds of any Notes so specified for eligible Green Projects, Social Projects or Sustainability Projects, as applicable, in, or substantially in, the manner described in the relevant Applicable Pricing Supplement, there can be no assurance

that the relevant project(s) or use(s) the subject of, or related to, any Green Projects, Social Projects or Sustainability Projects, as applicable, will be capable of being implemented in or substantially in such manner and/or in accordance with any timing schedule and that accordingly such proceeds will be totally or partially disbursed for such Green Projects, Social Projects or Sustainability Projects, as applicable. Nor can there be any assurance that such Green Projects, Social Projects or Sustainability Projects, as applicable, will be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer. Any such event or failure by the Issuer will not constitute an Event of Default under the Notes.

Any such event or failure to apply the proceeds of any issue of Notes for any Green Projects, Social Projects or Sustainability Projects, as applicable, as aforesaid and/or withdrawal of any such opinion or certification or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters on which such opinion or for which such certification is opining or certifying and/or any such Notes no longer being listed or admitted to trading on any stock exchange or securities market as aforesaid may have a material adverse effect on the value of such Notes and also potentially the value of any other Notes which are intended to finance Green Projects, Social Projects or Sustainability Projects, as applicable, and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

Prospective investors should refer to the Framework (available on the following page of the Group's website: <https://www.firststrand.co.za/investors/debt-investor-centre/sustainable-finance/>) and the Second Party Opinion (available on the following page of the Group's website: <https://www.firststrand.co.za/investors/debt-investor-centre/sustainable-finance/>) for further information.

55. Material change statement

The Issuer confirms that as at the date of this Applicable Pricing Supplement there has been no material change in the financial or trading position of the Issuer and its Subsidiaries since the date of the Issuer's latest unaudited interim financial results for the 6 month period ended 31 December 2024. This statement has not been confirmed or verified by the auditors of the Issuer.

Responsibility:

The Issuer certifies that to the best of its knowledge and belief there are no facts that have been omitted from the Programme Memorandum read together with this Applicable Pricing Supplement which would make any statement false or misleading and that all reasonable enquiries to ascertain such facts have been made as well as that the Programme Memorandum read together with this Applicable Pricing Supplement contains all information required by Applicable Laws and the JSE Debt and Specialist Securities Listings Requirements. The Issuer accepts full responsibility for the accuracy of the information contained in the Programme Memorandum, the annual financial statements, this Applicable Pricing Supplement and the annual report of the Issuer and any amendments or supplements to the aforementioned documents, except as otherwise stated therein or herein.

The JSE takes no responsibility for the contents of the Programme Memorandum, the annual financial statements, this Applicable Pricing Supplement and the annual report of the Issuer and any amendments or supplements to the aforementioned documents. The JSE makes no representation as to the accuracy or completeness of the Programme Memorandum, the annual financial statements, this Applicable Pricing Supplement and the annual report of the Issuer and any amendments or supplements to the aforementioned documents and expressly disclaims any liability for any loss arising from or in reliance upon the whole or any part of the aforementioned documents. The JSE's approval of the registration of the Programme Memorandum and listing of the Notes is not to be taken in any way as an indication of the merits of the Issuer or of the Notes and, to the extent permitted by law, the JSE will not be liable for any claim whatsoever.

Application is hereby made to list the Notes on 1 April 2025.
