81.	Responsibility Statement	<p>The Issuer certifies that to the best of its knowledge and belief, there are no facts that have been omitted which would make any statement false or misleading and that all reasonable enquiries to ascertain such facts have been made, as well as that the Applicable Pricing Supplement contains all information required by law and the Debt and Specialist Securities Listings Requirements. The Issuer accepts full responsibility for the accuracy of the information contained in the Programme Memorandum as read together with the annual financial statements and the Applicable Pricing Supplement and the annual reports and any amendments or any supplements to the aforementioned documents, except as otherwise stated therein.</p> <p>The JSE takes no responsibility for the contents of this Applicable Pricing Supplement and any amendments or any supplements to the aforementioned documents. The JSE makes no representation as to the accuracy or completeness of any of the Applicable Pricing Supplement and any amendments or any supplements to the aforementioned documents and expressly disclaims any liability for any loss arising from or in reliance upon the whole or any part of the aforementioned documents. The JSE's approval of the registration of the Programme Memorandum and listing of the debt securities is not to be taken in any way as an indication of the merits of the Issuer</p>

or of any of the debt securities and that, to the extent permitted by law, the JSE will not be liable for any claim whatsoever.

82. Listing and Admission to Trading Application will be made for the Notes to be listed and admitted to trading on the JSE with effect from, the earliest, the Issue Date. No assurances can be given that such application for listing and admission to trading will be granted (or, if granted, will be granted by the Issue Date).

The Issuer has no duty to maintain the listing (if any) of the Notes on the relevant stock exchange(s) over their entire lifetime. Notes may be suspended from trading and/or delisted at any time in accordance with applicable rules and regulations of the relevant stock exchange(s).

83. Use of Proceeds As specified in the Programme Memorandum

84. Other provisions Applicable

84.1 Optional Early Redemption Trigger If at any time on any day prior to the redemption of these Notes, provided that such date is on or before 31 July 2030, the Calculation Agent determines that the Unwind Value of a Note would be less than 40% (the “**Trigger Level**”) of the Nominal Amount thereof, the Issuer may elect, in its sole and absolute discretion, regardless of whether or not such Unwind Value is still below the Trigger Level at the relevant time on the date on which the Notes are to be redeemed, to redeem the Notes early in accordance with the provisions of Condition 7.3 (read with paragraph 57 above) by delivering the Optional Redemption Notice.

84.2 Additional Risk Factors The Optional Early Redemption Trigger references the Unwind Value, which may, in certain market conditions, be volatile. It may therefore occur that at the time that the Optional Early Redemption Trigger is exercised market conditions have changed, or market conditions change shortly thereafter, such that the Unwind Value would no longer have been below the Trigger Level.

The Trigger Level of these Notes has been inserted for the benefit of the Issuer and accordingly is not intended to be an implied guarantee or assurance of a minimum return on the Notes, nor is the Issuer under any obligation to exercise its right to redeem the Notes early in the event that the Trigger Level is breached. Accordingly, any Early Redemption Amount or Cash Settlement Amount payable in respect of the Notes may be less than 40% of the Nominal Amount of these Notes. The determination of whether or not the Trigger Level has been breached is based on the Calculation Agent’s estimates of the Unwind Value, and accordingly the Early Redemption Amount payable to Noteholders following delivery of the Optional

Redemption Notice or any Cash Settlement Amount payable following the occurrence of a Credit Event Determination Date may differ from such estimates. In addition, due to the volatility of the Underlying Components, the Unwind Value may fluctuate between the time at which the Trigger Level is first breached and the date on which the Notes are to be redeemed in terms of Condition 7.3, if applicable, which may result in an Early Redemption Amount lower than 40% of the Nominal Amount of the Notes.

84.3 ALBI Return Amount

Means an amount calculated for the ALBI Return Period commencing on and including the Trade Date but excluding 26 July 2030 (“**ALBI Return Period**”) which is payable on 31 July 2030 (if applicable), where such amount may be positive (“**Positive ALBI Return Amount**”) or negative (“**Negative ALBI Return Amount**”) as determined by the Calculation Agent on 26 July 2030 in accordance with the following formula:

Aggregate Nominal Amount x [(1 + Index_{final} / Index_{initial}) – 1] – Hedging Costs, where

Index_{final} = the value of the Index published by the JSE on 26 July 2030 (the “**End Date**”), for valuation date 31 July 2030

Index_{initial} = 1,207.690

Hedging Costs = The amount, as determined by the Issuer, taking into account any firm bids provided by the Noteholders for ZAR Republic of South Africa Government or Government Guaranteed bonds, that represents the Issuer’s cost of closing out any position in instruments used to hedge its obligation to pay the Index Performance in these Notes.

Information pertaining to the Index can be found on the Index’s website:

<https://www.jse.co.za/services/marketdata/indices/fixed-income-index-series/all-bondindices>. As of the Issue Date, the aforementioned information can be obtained from the aforementioned website. The Issuer shall not however be responsible for: (i) such information (a) remaining on such website, (b) being removed from such website or (c) being moved to another location and/or (ii) the correctness and/or completeness of such information

The Index level is published daily and is available on Bloomberg (Code: ALBTR Index) and at <https://www.lseg.com/en/ftse-russell/indices/jse>

Index Sponsor: FTSE Russell and JSE Limited

Index Calculator: FTSE Russell and JSE Limited

Information on the Index can be obtained on the public website for the Johannesburg Stock Exchange (“JSE”). The relevant Universal Resource Locator (URL) (that is the text that a Noteholder will type into the Noteholder’s internet browser when she or he wants to go to the website) is:

<https://www.jse.co.za/albi>

Any change to the Index will be published on the above website and communicated to visitors to the website.

The Index complies with the published International Organization of Securities Commissions Principles for Financial Benchmarks.

Where there is a Positive ALBI Return Amount determined by the Calculation Agent after the ALBI Return Period, the Issuer shall make payment of such amount to the Noteholders on 31 July 2030.

84.4 Additional Definitions:

84.4.1 Trigger Unwind Costs

Means an amount determined by the Calculation Agent equal to the sum of (without duplication) all costs, expenses (including loss of funding), tax and duties which are or would be incurred by the Issuer or gains, including funding benefits, actually realised by the Issuer, in which case expressed as a negative number, in connection with the redemption of the Notes and the related unwind, termination, settlement, amendment or reestablishment of any hedge or related trading position (which for the avoidance of doubt may include, but shall not be limited to, instruments of the type referred to in paragraph 84.4.2 below), provided that on any day on which the Unwind Value is required to be determined where the Notes are not being redeemed on such day or in relation to any hypothetical swaps or instruments, the Trigger Unwind Costs will be determined based on the Calculation Agent’s estimate of what such costs, expenses, losses, taxes, duties or gains would be if the Notes were to be redeemed on such day and assuming that the relevant hedges or related trading positions would be unwound, terminated, settled, amended or re-established, as the case may be.

84.4.2 Underlying Components

Means any instruments held or transactions entered into by the Issuer in its sole discretion in order to hedge its obligations to the Noteholder under these Notes.

Where applicable, the underlying transactions set out above will be subject to the terms of the 2002 ISDA Master Agreement as published by the International Swaps and Derivatives Association, Inc. (including a Schedule thereto) concluded on the Issuer's standard terms.

84.4.3 Unwind Value

Means on any day, in respect of each Note, an amount calculated by the Calculation Agent in its sole discretion equal to:

(A) the sum of the value of each of the Underlying Components of the Notes (as defined above) on such day, determined by the Calculation Agent in its sole discretion, acting in a commercially reasonable manner, which may be either positive or negative minus any Trigger Unwind Costs or Unwind Costs (as defined above), as the case may be,

multiplied by

(B) a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount.

84.5 Index Adjustment, Modification or Cancellation

If (i) on or prior to the End Date the JSE or any successor announces that it will make a material change in the formula for or the method of calculating the Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that index in the event of changes in constituent stock and capitalisation and other routine events) or (ii) on or prior to the End Date the JSE or any successor announces that it will permanently cancel the Index or (iii) on the End Date (as defined in paragraph 84.3 above) the JSE fails to calculate and announce the Index ((i), (ii) and (iii) each referred to as an "Index Adjustment Event"), then the Calculation Agent shall be entitled to, as it may determine in its sole discretion, either (a) unwind the Notes at the Unwind Value or (b) calculate the Index final using, in lieu of a published level for that Index, the level for that Index as at the End Date as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities that comprised the Index immediately prior to that Index Adjustment Event.

84.6 Swaption Return

Means the rate calculated on the Observation Date (as defined below) based on the following formula:

Swaption Return = max (Underlying Rate minus 9.00%, 0)

where:

on the 31 July 2030 (“**Observation Date**”) the Underlying Rate is determined by the Calculation Agent as the fixed rate offered by the Issuer with reference to an interest rate swap transaction with inter alia the following terms: the Issuer would be paying to the Noteholders amounts denominated in ZAR on a quarterly basis, calculated at a fixed rate (“**Underlying Rate**”) on the Nominal Amount of these Notes and the Noteholders would be paying to the Issuer amounts denominated in ZAR on a quarterly basis calculated at a floating rate on the Nominal Amount of these Notes with the Observation Date as the Effective Date and the Maturity Date is the same as the Scheduled Maturity Date of these Notes, subject to the terms of the 2002 ISDA Master Agreement as published by the International Swaps and Derivatives Association, Inc. (including a Schedule thereto) concluded on the Issuer’s standard terms.

The Issuer will cause the Underlying Rate and Swaption Return to be notified to the Noteholders as soon as possible after its determination on the Observation Date in accordance with these Notes.

Application is hereby made to list this issue of Notes on the JSE as from 07 August 2025.

This Pricing Supplement may be signed in counterparts and each signed copy will together constitute one document.
