**DISCLOSURE IN TERMS OF PARAGRAPH 3(5) OF THE COMMERCIAL PAPER REGULATIONS
IN RELATION TO THIS ISSUE OF NOTES**

54. **Paragraph 3(5)(a)**

The “ultimate borrower” (as defined in the Commercial Paper Regulations) is the Issuer.

55. **Paragraph 3(5)(b)**

As disclosed in Note 39 of the Annual Financial Statements for the year ended 31 March 2025, after performing the assessment and considering all associated risks, the directors believe that material uncertainties relating to events or conditions which may cast significant doubt on the entity’s ability to continue as a going concern exist, but these are adequately mitigated as detailed in the above-mentioned note. The directors will continue to manage these mitigation strategies as a priority as it is important that they materialise as envisaged. The directors after carefully considering the progress and conclusion of the recovery plan, the objectives of the reinvent for growth strategy and the financial support from the government, through the provision of guarantees, still believes that the Transnet Group will continue to have access to adequate resources and facilities to be able to continue its operations and fund the capital investment programme for the foreseeable future. However, as at the Issue Date, the Issuer is a going concern and can in all circumstances be reasonably expected to meet its commitments under the Notes.

56. **Paragraph 3(5)(c)**

The auditor of the Issuer is The Auditor General of South Africa.

57. **Paragraph 3(5)(d)**

As at the date of this issue:

- (i) the Issuer has issued the following Commercial Paper (as defined in the Commercial Paper Regulations) (excluding this issue and each other issuance of Notes, issuing on the same Issue Date):
 - ZAR64,642,220,000 Notes/Commercial Paper under its Programme (ZAR40,000,000,000.00 of such Notes/Commercial Paper being guaranteed by the Government);
 - ZAR900,000,000 Notes/Commercial Paper under its Programme which are held by the Issuer to facilitate short term repurchase transactions under the Programme;
 - ZAR3,500,000,000 Notes under its Euro Medium Term Note Programme (Guaranteed by Government); and
 - ZAR17,292,750,000 under its Global Medium Term Note Programme; and
- (ii) the Issuer estimates that it will issue ZAR10,149,000,000 Commercial Paper (including this issue and each other issuance of Notes, issuing on the same Issue Date) during the current financial year, ending on 31 March 2026.

58. **Paragraph 3(5)(e)**

All information that may reasonably be necessary to enable the investor to ascertain the nature of the financial and commercial risk of its investment in the Notes is contained in the Programme Memorandum and the Applicable Pricing Supplement.

The Issuer’s latest financial and commercial risks are contained in its latest annual financial statements for the year ended 31 March 2025 which can be accessed on the following link: <https://www.transnet.net/RenderPage.aspx?id=24923733>.

A summary of the financial and commercial risks are highlighted below:

- The Issuer incurred a net loss of R1,9 billion for the period ended 31 March 2025 (2024 : R7,3 billion) and reported a net current liability position of R65,2 billion for the period ended 31 March 2025 (2024: R62,4 billion).
- For the period ended 31 March 2025, the Issuer achieved a cash interest cover (**CIC**) of 1,8 times (2024: 1,9 times). Several loans require the Issuer to maintain a CIC

covenant at a minimum of 2,5 times and 2,0 times on 31 March and 30 September of each financial year. The Issuer secured waivers from all lenders impacted by the CIC covenant breach of 31 March 2025.

- The Issuer continued to be hampered by various operational challenges, mainly affecting the rail and port businesses, including derailments, rail network challenges, safety and security incidents, maintenance shutdowns, locomotive and wagon availability, adverse weather conditions, tippler breakdowns and equipment reliability issues.
- The total borrowings and finance costs significantly increased during the year due to the Issuer obtaining additional debt which puts pressure on Transnet Group's cash flows.
- The Issuer will continue to navigate an ever-changing legislative landscape on its path of recovery, including reforms that could result in the corporatisation of National Ports Authority into a wholly owned subsidiary of the Issuer. The Minister of Transport, in a letter dated 20 March 2025, established a task team chaired by the Department of Transport (**DoT**), to provide recommendations to the minister on the most suitable process for incorporating National Ports Authority. The fully utilised R47 billion Guarantee Support Framework Agreement (**GSFA**) provided that the Issuer must establish the National Ports Authority as a wholly-owned subsidiary by 30 April 2025. However, following several submissions and engagements with the DoT, and the work of the task team, National Treasury withdrew the incorporation date of 30 April 2025, to allow the task team to establish the appropriate mechanisms and timelines required to incorporate National Ports Authority, in a manner that will have a minimal impact on the financial sustainability and going concern status of the Issuer.
- Transnet Freight Rail is in the process of splitting into Transnet Freight Rail Operating Company (**TFROC**) and the Transnet Rail Infrastructure Manager (**TRIM**) in the 2026 financial year and TRIM will oversee rail network quality and reliability to deliver the highest possible tonnage for the business. The GSFA requires the split and establishment of TRIM as a wholly owned subsidiary of the Issuer by 30 September 2025. Transnet is engaging the Department of Transport and National Treasury on the postponement of incorporation to 2026.
- The directors take note of the United States of America (**US**) announcement on 7 July 2025 of a 30% tariff on South African imports into the US, and will continue to track and assess the potential impact of such on the Issuer's operations, including the potential mitigation options available to the organisation. The expected impact on the Issuer's operations at this stage is unknown.
- Litigations - The Issuer is a defendant in a litigation with Total Energies Marketing South Africa (**Total**) and Sasol Oil (Pty) Ltd (**Sasol**). The public entity was ordered to pay over R6,0 billion flowing from an alleged breach of a 1991 contract, as it is alleged that the Issuer overcharged the plaintiffs for the transportation of crude oil through its pipeline system by not correctly using an agreed formula to determine tariff or price for such transportation. A provision to the value of R9,3 billion was made in the financial statements, which considered the claim, interest and legal fees as estimated.
- On 30 June 2025 Transnet made a payment to Sasol of R4,3 billion (excluding VAT) in full and final settlement of all the ongoing legal disputes.
- On 15 July 2025 Transnet made a payment to Total of R1,2 billion (excluding VAT) in full and final settlement of all the ongoing legal disputes.
- The Issuer's board has developed mitigation strategies and actions to address the challenges that the Transnet Group is experiencing as disclosed in Note 39 of the annual financial statements for the year ended 31 March 2025.

59. **Paragraph 3(5)(f)**

The Issuer confirms that since the date of its last audited financial statements for the year ended 31 March 2025:

- On 10 July 2025 S&P Global and subsequently on 07 August 2025 Moody's Investors Service downgraded the Issuer's credit ratings. The ratings downgrades impacted 14 (fourteen) loans with a total outstanding capital balance of R34.5 billion. As a result, the lenders had rights to call for prepayment of loans, margin increases, guarantees and remedial plans. An event of default was triggered on one loan which was subsequently waived by the particular lender.
- On 25 July 2025, the Government announced its decision to approve an additional guarantee facility of R94,8 billion of which R46,2 billion was to be utilised by the Issuer to mitigate the risk of credit rating downgrades on its debt. The Issuer had recent breaches of the CIC loan covenant which continue to pose default risk on its debt portfolio. The Issuer subsequently initiated negotiations with all lenders whose loans contain credit ratings and financial covenants with the aim to restructure these loans in view of the availability of R46,2 billion guarantee facility. The negotiations are currently underway.
- The Issuer projects that CIC will remain below 2.5 times loan covenant level on 30 September 2025 (to be reported) and 31 March 2026, respectively based on the 2025/26 Corporate Plan.
- Other than stated above, no material adverse change has occurred since the date of its last audited financial statements.

60. **Paragraph 3(5)(g)**

The Notes issued will be listed.

61. **Paragraph 3(5)(h)**

The funds to be raised through the issue of the Notes are to be used by the Issuer for its general corporate purposes.

62. **Paragraph 3(5)(i)**

The payment obligations of the Issuer in respect of the Notes are unsecured but are guaranteed by The Government of the Republic of South Africa.

63. **Paragraph 3(5)(j)**

The Auditor General of South Africa, the statutory auditor of the Issuer, has confirmed that nothing came to its attention to indicate that the issue of Notes under the Programme does not comply in all respects with the relevant provisions of the Commercial Paper Regulations.

Responsibility:

The Issuer certifies that to the best of its knowledge and belief there are no facts that have been omitted from the Programme Memorandum or this Applicable Pricing Supplement which would make any statement false or misleading and that all reasonable enquiries to ascertain such facts have been made as well as that the Programme Memorandum together with this Applicable Pricing Supplement contain all information required by law. The Issuer accepts full responsibility for the accuracy of the information contained in the Programme Memorandum, this Applicable Pricing Supplement, and the annual financial statements and/or the integrated report of the Issuer and all documents incorporated by reference (see the section of the Programme Memorandum headed "*Documents Incorporated by Reference*") and any amendments or supplements to the aforementioned documents, except as otherwise stated therein.

Programme Amount:

As at the date of this Applicable Pricing Supplement, the Issuer confirms that the authorised Programme Amount of ZAR80,000,000,000 has not been exceeded.

Material Change:

As at the date of this Applicable Pricing Supplement, and after due and careful enquiry and subject to any disclosure contained above and in the Annual Financial Statements, there has been no material change in the financial or trading position of the Issuer since the date of publication of the Issuer's latest Annual Financial Statements. As at the date of this Applicable Pricing Supplement, there has been no involvement by The Auditor General of South Africa in making the aforementioned statement.

APPENDIX 4
Additional Conditions – Benchmark Discontinuation

1 BENCHMARK DISCONTINUATION

The provisions of this Appendix 4 (*Additional Conditions – Benchmark Discontinuation*) shall (i) apply to the TNFG36 Notes (the "**Notes**") and (ii) in an event where a Benchmark Event occurs, and the Relevant Nominating Body has not announced a Successor Rate and Adjustment Spread.

1.1 Independent Adviser

1.1.1 If a Benchmark Event occurs in relation to an Original Reference Rate when any Interest Rate (or any component part thereof) remains to be determined by reference to that Original Reference Rate, then the Issuer shall use its reasonable endeavours to appoint and consult with an Independent Adviser, as soon as reasonably practicable, with a view to the Issuer determining a Successor Rate (in accordance with Condition 1.2 (*Successor Rate*)) and an Adjustment Spread if any (in accordance with Condition 1.3 (*Adjustment Spread*)) and any Benchmark Amendments (in accordance with Condition 1.4 (*Benchmark Amendments*)).

1.1.2 An Independent Adviser appointed pursuant to Condition 1.1 (*Independent Adviser*) shall act in good faith and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Issuer, the Paying Agent or the Noteholders for any determination made by it or for any advice given to the Issuer in connection with any determination made by the Issuer, pursuant to this Condition 1.

1.1.3 If (i) the Issuer is unable to appoint an Independent Adviser or (ii) the Independent Adviser appointed by it fails to determine a Successor Rate in accordance with this Condition 1 prior to the relevant Interest Rate Determination Date, the Interest Rate applicable to the next succeeding Interest Period shall be equal to the Interest Rate last determined in relation to the Notes in respect of the immediately preceding Interest Period. If there has not been a first Interest Payment Date, the Interest Rate shall be the initial Interest Rate. Where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period shall be substituted in place of the Margin relating to that last preceding Interest Period. For the avoidance of doubt, this paragraph shall apply to the next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in, the first paragraph of this Condition 1.

1.2 Successor Rate

If a Benchmark Event occurs and an Independent Adviser is appointed, the Independent Adviser shall apply such Successor Rate available together with the Adjustment Spread (if any) in place of the Original Reference Rate to determine the relevant Interest Rate (or the

relevant component part thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 1).

1.3 **Adjustment Spread**

The Adjustment Spread (or the formula or methodology for determining the Adjustment Spread) shall be applied to the Successor Rate. If the Independent Adviser is unable to determine the quantum of, or a formula or methodology for determining the Adjustment Spread, then the Successor Rate will apply without an Adjustment Spread.

1.4 **Benchmark Amendments**

- 1.4.1 If any Successor Rate and the applicable Adjustment Spread is determined in accordance with this Condition 1 and the Independent Adviser determines in its discretion (i) that amendments to the Terms and Conditions and/or the Agency Agreement are necessary to ensure the proper operation of such Successor Rate, the applicable Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to the Issuer having to give notice thereof to the Noteholders in accordance with Condition 1.5 (*Notices, etc.*), without any requirement for the consent or approval of Noteholders, modify the Terms and Conditions and/or the Agency Agreement to give effect to such Benchmark Amendments with effect from the date specified in such notice.

1.5 **Notices, etc.**

Any Successor Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 1 will be notified promptly by the Issuer to the Calculation Agent and, in accordance with Condition 19 (*Notices*), the Noteholders. Such notice shall be irrevocable and shall specify the effective date of such Benchmark Amendments, if any.

- 1.5.1 The Issuer shall notify the Paying Agent of the same, by delivering to the Paying Agent a certificate signed by two authorised signatories of the Issuer:
- 1.5.1.1 confirming (i) that a Benchmark Event has occurred, (ii) the Successor Rate and, (iii) where applicable, any Adjustment Spread and/or the specific terms of any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 1; and
- 1.5.1.2 certifying that the Benchmark Amendments are necessary to ensure the proper operation of such Successor Rate and/or Adjustment Spread.

1.6 **Survival of Original Reference Rate Provisions**

1.6.1 The Successor Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error or bad faith in the determination of the Successor Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) and without prejudice to the Paying Agent's ability to rely on such certificate) be binding on the Issuer, the Calculation Agent, the Paying Agent and the Noteholders.

1.6.2 Without prejudice to the obligations of the Issuer under Conditions 1.1 (*Independent Adviser*), 1.2 (*Successor Rate*), 1.3 (*Adjustment Spread*) and 1.4 (*Benchmark Amendments*), the Original Reference Rate and the fallback provisions provided for in Condition 7.2 (*Floating Rate Notes and Indexed Interest Notes – Interest Determination, Screen Rate Determination including Fallback Provisions*) will continue to apply unless and until notification of the Successor Rate, and any Adjustment Spread (if applicable) and Benchmark Amendments, has been provided in accordance with Condition 1.5 (*Notices, etc.*).

1.7 **Definitions:**

As used in this Condition 1:

1.7.1 “**Adjustment Spread**” means either a spread (which may be positive, negative or zero), or the formula or methodology for calculating a spread and the spread resulting from such calculation, which spread is to be applied to the Successor Rate and is the spread, formula or methodology which:
