94. The following Relevant Annex(es) and further provisions shall apply to the Notes

“FX Disruption” means the occurrence of any event after the Issue Date that prevents the Issuer or any affiliate of the Issuer (the “Hedging Party”), after applying commercially reasonable efforts, to:

- (i) transfer, on or in respect of a valuation date, a payment date, an early termination date or the Maturity Date, through customary legal channels the proceeds of its Hedge Positions denominated in the settlement currency from accounts within the jurisdictions to which the Hedge Positions relate (each such jurisdiction, an affected jurisdiction) to (a) accounts outside such affected jurisdiction, (b) other accounts within such affected jurisdiction or (c) the accounts of a non- resident of such affected jurisdiction;
- (ii) transfer, on or in respect of a valuation date, a payment date, early termination date or the Maturity Date, through customary legal channels the proceeds of its Hedge Positions denominated in the local currency of the affected jurisdiction from accounts within the affected jurisdiction to (a) other accounts within such affected jurisdiction, (b) accounts outside such affected jurisdiction or (c) the accounts of a non-resident of such affected jurisdiction;
- (iii) convert the proceeds of its Hedge Positions denominated in the local currency into the settlement currency on or in respect of a valuation date, a payment date, early termination date or the Maturity Date through customary legal channels;
- (iv) convert the proceeds of its Hedge Positions denominated in the local currency into the settlement currency on or in respect of a valuation date, a payment date, an early termination date or the Maturity Date at a rate at least as favourable as the rate for domestic institutions located in the affected jurisdiction; or
- (v) obtain a rate or a commercially reasonable rate (as determined by the Calculation Agent), in each case, at which the proceeds of its Hedge Positions denominated in the local currency can be exchanged for the settlement currency on or in respect of a valuation date, a payment date, an early termination date or the Maturity Date.

Upon the occurrence of an FX Disruption, the Issuer may give notice to the Note Holder that an FX Disruption has occurred whereupon the Issuer will determine to either:

- (i) postpone its payment obligations until the first currency business day that is at least one settlement cycle following the date on which the FX Disruption ceases to exist or, if that would not be commercially reasonable, as soon as commercially reasonable thereafter; or
- (ii) postpone the conversion of proceeds of its Hedge Positions denominated in the local currency into the settlement currency until the first currency business day on which such FX Disruption ceases to exist or, if that would not be commercially reasonable, as soon as commercially reasonable thereafter, or
- (iii) redeem the Notes in accordance with Condition 10.4 of the Terms and Conditions of the Notes as if the FX

Disruption was a Hedging Disruption, if the FX Disruption is continuing or after the date falling one year after the occurrence of the FX Disruption,

provided that in each case as set out in (i) and (ii) above the Issuer may adjust the payment obligations in respect of the Notes to account for any loss or costs incurred (or gains or benefits derived) by the Issuer in connection with the postponement.

The Issuer will determine the relevant exchange rate as soon as reasonably practicable after taking into consideration all available information that it determines relevant, including any published official or industry-consensus rate of exchange; provided, however, that in anticipation of the cessation of the FX Disruption, the Issuer may postpone the determination of the exchange rate to such time as is reasonable and it will adjust the payment obligations in respect of the Notes to account for any loss or costs incurred (or gains or benefits derived) by the Issuer in connection with the postponement of the determination of the exchange rate and any relevant payment obligations (including, any income or interest received and (internal or external) funding costs or other charges actually incurred.
