LIMITED ASSURANCE REPORT OF THE INDEPENDENT AUDITOR REGARDING THE CONDUCT OF THE PROPOSED SECURITISATION SCHEME OF THE ISSUER IN ACCORDANCE WITH THE REQUIREMENTS OF THE SECURITISATION EXEMPTION NOTICE

We have performed our limited assurance engagement in respect of the conduct of the proposed securitisation scheme by the Issuer.

The subject matter comprises the conduct of the proposed securitisation scheme as set out in the Programme Memorandum dated 12 March 2021 (the Programme Memorandum).

For purposes of our limited assurance engagement the terms of the relevant provisions of the Securitisation Exemption Notice (Government Notice 2, Government Gazette 30628 of 1 January 2008) issued by the Registrar of Banks (the Notice), as required by paragraphs 15(1)(a) and 16(2)(a)(vii) of the said Notice comprises the criteria by which the Issuer's compliance is to be evaluated.

This limited assurance report is intended only for the specific purpose of assessing compliance of the proposed securitisation scheme with the Notice as required by Paragraph 15(1)(a) and 16(2)(a)(vii) of the said Notice.

Auditor's responsibility

Our responsibility is to express our limited assurance conclusion to the Issuer's directors on the compliance of the conduct of the proposed securitisation scheme, as set out in the Programme Memorandum, with the relevant provisions of the Notice.

We conducted our limited assurance engagement in accordance with the International Standard on Assurance Engagements (ISAE) 3000, *Assurance Engagements Other Than Audits or Reviews of Historic Financial Information*. That standard requires us to comply with ethical requirements and to plan and perform our limited assurance engagement to obtain sufficient appropriate evidence on which to base our limited assurance conclusion.

We do not accept any responsibility for any reports previously given by us on any financial information used in relation to the Programme Memorandum beyond that owed to those to whom those reports were addressed by us at the dates of their issue.

The firm applies International Standard on Quality Control 1 and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Independence and Other Ethical Requirements

We have complied with the independence and other ethical requirements of Parts A and B of the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants, which is founded on the fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour.

Summary of work performed

We have performed our procedures on the conduct of the proposed securitisation scheme as documented in the Programme Memorandum prepared by the Issuer.

Our procedures were determined having taken into account the specific considerations included in the relevant provisions of the Notice.

Our evaluation included performing such procedures as we considered necessary which included:

- Review of the Programme Memorandum.
- Review of other transaction documentation that we considered necessary in arriving at and expressing our conclusion.

Our limited assurance engagement does not constitute an audit or review of any of the underlying information conducted in accordance with International Standards on Auditing or International Standards on Review Engagements and accordingly, we do not express an audit opinion or review conclusion.

We believe that our evidence obtained is sufficient and appropriate to provide a basis for our limited assurance conclusion.

In a limited assurance engagement, the evidence gathering procedures are more limited than for a reasonable assurance engagement and therefore less assurance is obtained than in a reasonable assurance engagement. Accordingly, we do not express a reasonable assurance opinion about whether the conduct of the proposed securitisation scheme, as set out in the Programme Memorandum, will comply with the relevant provisions of the Notice in all material respects.

Conclusion

Based on the procedures performed and the evidence obtained, nothing has come to our attention that causes us to believe that the entity has not conducted the Securitisation Scheme, in all material respects, in accordance with the Notice.

Restriction on use and distribution

Our report is made solely to addressees, for the purpose of assessing the conduct of the proposed Securitisation Scheme by the Issuer with the Notice.

SCREEN RATE DETERMINATION

The Programme Memorandum is supplemented with the additional Condition, to be inserted as Condition 6.7, which will read as follows:

6.7 Benchmark Discontinuation:

6.7.1 Application of Benchmark Discontinuation Provisions

If Screen Rate Determination is specified as applicable in the Applicable Pricing Supplement and Benchmark Discontinuation is specified as applicable in the Applicable Pricing Supplement, then notwithstanding the provisions of Condition 6.2 (Interest on Floating Rate Notes), if the Issuer (in consultation with the Calculation Agent) determines (acting in good faith and in a commercially reasonable manner) that a Benchmark Event and its related Benchmark Event Date has occurred in relation to an Original Reference Rate for any Series of Notes when any Interest Rate (or any component part thereof) remains to be determined by reference to that Original Reference Rate, then, with effect from the Benchmark Replacement Date, the Adjusted Replacement Reference Rate determined in accordance with the provisions of this Condition 6.7 will replace the Original Reference Rate to determine the relevant Interest Rate (or the relevant component part thereof) and the Interest Amounts in respect of all Interest Periods commencing on or after the Benchmark Replacement Date (subject to any subsequent application of this Condition 6.7 with respect to the Replacement Reference Rate).

6.7.2 Determination of Replacement Reference Rate

- (a) The Reference Rate that will replace the Original Reference Rate (the Replacement Reference Rate) pursuant to this Condition 6.7 shall be:
 - (i) if the Original Reference Rate (or a component thereof) is JIBAR and ZARONIA Fallback Rate is specified as applicable in the Applicable Pricing Supplement, the Compounded Daily ZARONIA; or
 - (ii) in any other case, the first of the following Reference Rates determined by the Issuer (in consultation with the Calculation Agent), with effect from the Benchmark Event Date and by not later than the Replacement Reference Rate Determination Cut-off Date, in the following order of application and precedence:
 - (A) first, the Supervisor Recommended Reference Rate;
 - (B) second, if the Issuer (in consultation with the Calculation Agent) determines that there is no Supervisor Recommended Reference Rate, the Administrator Recommended Reference Rate; and
 - (C) third, if the Issuer (in consultation with the Calculation Agent) determines that there is no Administrator Recommended Reference Rate, the Alternative Reference Rate.
- (b) If:
 - (i) Condition 6.7.2(a)(ii) applies;

- (ii) no Replacement Reference Rate and (if any) the applicable Adjustment Spread is determined and notified to the Calculation Agent pursuant to this Condition 6.7 prior to the relevant Rate Determination Date occurring immediately after the Replacement Reference Rate Determination Cut-off Date; and
- (iii) there are no fallback provisions provided for in Condition 6.2.4(c) (Screen Rate Determination) and/or the Applicable Pricing Supplement for the purposes of determining the Interest Rate on such Rate Determination Date in relation to the Original Reference Rate,

the Interest Rate applicable to the next succeeding Interest Period shall be equal to the Interest Rate last determined in relation to the Notes in respect of the immediately preceding Interest Period (or alternatively, if there has not been a first Interest Payment Date, the Interest Rate for the next succeeding Interest Period shall be the initial Interest Rate) (the Final Fallback Rate); *provided that*:

- (A) where a different Margin or Maximum Interest Rate or Minimum Interest Rate is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Interest Rate or Minimum Interest Rate relating to the relevant Interest Period shall be substituted in place of the Margin or Maximum Interest Rate or Minimum Interest Rate relating to that last preceding Interest Period; and
- (B) this Condition 6.7.2(b) and the Final Fallback Rate shall apply to the relevant Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 6.7.

6.7.3

Adjustment Spread

- (a) If any Replacement Reference Rate is determined in accordance with Condition 6.7.2(a)(ii) (*Determination of Replacement Reference Rate*), the Issuer (in consultation with the Calculation Agent) shall, with effect from the Benchmark Event Date and by not later than the Replacement Reference Rate Determination Cut-off Date determine (acting in good faith and in a manner which is commercially reasonable and (if any) substantially consistent with market practice in domestic debt capital markets transactions which reference the Original Reference Rate and taking into account the requirements of the definition of "*Adjustment Spread*") whether an Adjustment Spread should be applied to such Replacement Reference Rate and, if the Issuer (in consultation with the Calculation Agent) so determines (which may include consultation with an Independent Adviser (if appointed)) that an Adjustment Spread should be so applied, determine the Adjustment Spread (which may be expressed as a specified quantum or a formula or methodology for determining the applicable Adjustment Spread) in accordance with the requirements of the definition of "*Adjustment Spread*", which Adjustment Spread shall be applied to such Replacement Reference Rate for each subsequent determination of an Interest Rate (or a relevant component part thereof) by reference to such Replacement Reference Rate. If the Issuer is unable to determine the quantum of, or a formula or methodology for determining the Adjustment Spread, then the Replacement Reference Rate will apply without an Adjustment Spread.
- (b) No Adjustment Spread shall be applied to the Final Fallback Rate.

Benchmark Amendments

- (a) If any Replacement Reference Rate is determined in accordance with Condition 6.7.2(a)(ii) (*Determination of Replacement Reference Rate*) and/or (if applicable) any Adjustment Spread is determined in accordance with Condition 6.7.3 (*Adjustment Spread*) and the Issuer (in consultation with the Calculation Agent) determines (acting reasonably and in good faith):
- (i) that technical, operational and/or operational amendments, variations and/or modifications to these Terms and Conditions and/or the Applicable Pricing Supplement are necessary to ensure the proper operation of the applicable Replacement Reference Rate and/or the applicable Adjustment Spread, including, without limitation, changes to:
 - (A) the definition or determination of Interest Periods and/or Rate Determination Dates;
 - (B) the timing and frequency of determining rates and making payments of interest;
 - (C) rounding of amounts or tenors; and
 - (D) any other administrative provisions related to the calculation or application of interest,
 - (E) to reflect the adoption of the applicable Replacement Reference Rate and/or the applicable Adjustment Spread in a manner substantially consistent with market practice (or, if the Issuer (in consultation with the Calculation Agent) decides that adoption of any portion of such market practice is not administratively feasible or if the Issuer (in consultation with the Calculation Agent) determines that no market practice for use of the applicable Replacement Reference Rate and/or the applicable Adjustment Spread exists, in such other manner as the Issuer (in consultation with the Calculation Agent) determines is reasonably necessary) (such amendments, variations and/or modifications, the “**Benchmark Amendments**”); and
 - (F) the terms of the Benchmark Amendments,
- then the Issuer shall, subject to the Issuer having to give notice thereof to the Noteholders, the Calculation Agent and the Paying Agent in accordance with Condition 6.7.5 (*Notice and Implementation of Benchmark Replacement*), without any requirement for the consent or approval of Noteholders, the Calculation Agent or the Paying Agent amend, vary or modify these Terms and Conditions and/or the Applicable Pricing Supplement to give effect to such Benchmark Amendments with effect from the Benchmark Replacement Date.
- (b) Any Benchmark Amendments shall constitute technical and/or administrative amendments for the purposes of Condition 18 (Amendment of the Terms and Conditions) and the Issuer shall comply with:
- (i) the requirements of Condition 18 (Amendment of the Terms and Conditions) in giving effect to such Benchmark Amendments; and

- (ii) if the Notes are for the time being listed or admitted to trading on any Financial Exchange, the relevant debt listings requirements applicable to such Benchmark Amendments.

6.7.5

Notice and Implementation of Benchmark Replacement

- (a) The applicable Replacement Reference Rate, Adjustment Spread (if any) and Benchmark Amendments (if any) shall take effect on the Benchmark Replacement Date and after delivery of a Benchmark Replacement Notice in accordance with Condition 6.7.5(b).
- (b) The Issuer shall deliver a written notice (the Benchmark Replacement Notice) to the Noteholders in accordance with Condition 17 (Notices), the Calculation Agent (or any other party specified in the Applicable Pricing Supplement as being responsible for calculating the Interest Rate) and the Paying Agent, which Benchmark Replacement Notice shall:
 - (i) specify:
 - (A) the Benchmark Event and its related Benchmark Event Date;
 - (B) the Benchmark Cessation Effective Date;
 - (C) the Replacement Reference Rate;
 - (D) the applicable Adjustment Spread (if any);
 - (E) the terms of any Benchmark Amendments (if any);
 - (F) the Benchmark Replacement Date; and
 - (G) the Independent Adviser appointed by the Issuer (if any); and
 - (ii) be accompanied by a certificate signed by two of the Issuer's authorised signatories confirming:
 - (A) that a Benchmark Event and its related Benchmark Event Date has occurred;
 - (B) the Replacement Reference Rate;
 - (C) the applicable Adjustment Spread (if any);
 - (D) the terms of any Benchmark Amendments (if any); and
 - (E) the Benchmark Replacement Date,

in each case determined in accordance with this Condition 6.7 and certifying that such Benchmark Amendments are necessary to give effect to any application of this Condition 6.7.

- (c) A Benchmark Replacement Notice shall be irrevocable.

6.7.6 **Binding Determinations**

Any determination, decision or election made by the Issuer (or, if applicable, the Independent Adviser) pursuant to this Condition 6.7, including, without limitation, the determination of the occurrence of a Benchmark Event and its related Benchmark Event Date, the selection or determination of the Replacement Reference Rate and/or the Adjustment Spread, the determination of the Benchmark Replacement Date and/or the Benchmark Cessation Effective Date and the determination of any Benchmark Amendments, will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Calculation Agent (or any other party specified in the Applicable Pricing Supplement as being responsible for calculating the Interest Rate), the Paying Agent and the Noteholders. The Calculation Agent (or any other party specified in the Applicable Pricing Supplement as being responsible for calculating the Interest Rate) and the Paying Agent will be entitled to conclusively rely on any determinations made by the Independent Adviser and will have no liability for such actions taken at the direction of the Issuer and/or the Independent Adviser pursuant to this Condition 6.7.
