32. Effect of a Credit Event

If a Relevant Event Determination Date occurs in respect of one or more of the Reference Entities specified as per the Reference CDS, the Issuer's obligation will be (subject to paragraph 34 (Swap Costs Difference) below), in each case to (i) make payment of the relevant Auction Settlement Amount or Cash Settlement Amount (as applicable) determined in respect of the Reference CDS minus Swap Costs (if any) and (ii) to redeem and delist an amount of the Notes equal to the Reference Entity Nominal Amount of the Notes. <p>34. Swap Costs Difference</p>	<p>In the event that the Calculation Agent determines following the occurrence of a Relevant Event Determination Date in respect of one or more of the Reference Entities, that the Swap Costs in respect of any Relevant Event Determination Date are greater than the relevant Auction Settlement Amount or Cash Settlement Amount (as applicable) determined in respect of the Reference CDS, no such Auction Settlement Amount or Cash Settlement Amount (as applicable) will be required to be paid by the Issuer to the Noteholder in respect of that Relevant Event Determination Date and the Auction Settlement Amount or Cash Settlement Amount (as applicable) will be deemed to be zero. Instead, the Noteholder will be required to pay to the Issuer on the relevant Auction Settlement Date or Cash Settlement Date (as specified in the Reference CDS and as applicable), an amount in ZAR equal to the difference between the relevant Auction Settlement Amount or Cash Settlement Amount (as applicable) and the Swap Costs in respect of the Relevant Event Determination Date in question (the “Swap Costs Difference”, and each such payment owing by the Noteholder, a “Swap Costs Difference Payment”), provided that the Noteholders obligation to make any Swap Costs Difference Payment in accordance with this paragraph shall never, when aggregated with other Swap Costs Difference Payments, exceed the Original Aggregate Nominal Amount of the Notes.</p>
