- The Notes will be delivered to investors on the Issue Date/Settlement Date through the settlement system of Strate provided that:
- (i) no event occurs prior to the settlement process being finalised on the Issue Date/Settlement Date which the Issuer (in its sole discretion) consider to be a force majeure event; or

- (ii) no event occurs which the Issuer (in its sole discretion) considers may prejudice the issue, the Issuer or the Notes,

(each a **Withdrawal Event**).

If the Issuer decides to terminate this transaction due to the occurrence of a Withdrawal Event, this transaction shall terminate and no party hereto shall have any claim against any other party as a result of such termination. In such event, the Notes, if listed, will immediately be de-listed.

81. Responsibility Statement

The Issuer certifies that to the best of its knowledge and belief, there are no facts that have been omitted which would make any statement false or misleading and that all reasonable enquiries to ascertain such facts have been made, as well as that the Applicable Pricing Supplement contains all information required by law and the Debt Listings Requirements. The Issuer accepts full responsibility for the accuracy of the information contained in the Programme Memorandum as read together with the annual financial statements and the Applicable Pricing Supplement and the annual reports and any amendments or any supplements to the aforementioned documents, except as otherwise stated therein.

The JSE takes no responsibility for the contents of this Applicable Pricing Supplement and any amendments or any supplements to the aforementioned documents. The JSE makes no representation as to the accuracy or completeness of any of the Applicable Pricing Supplement and any amendments or any supplements to the aforementioned documents and expressly disclaims any liability for any loss arising from or in reliance upon the whole or any part of the aforementioned documents. The JSE's approval of the registration of the Programme Memorandum and listing of the debt securities is not to be taken in any way as an indication of the merits of the Issuer or of any of the debt securities and that, to the extent permitted by law, the JSE will not be liable for any claim whatsoever.

82. Listing and Admission to Trading

Application will be made for the Notes to be listed and admitted to trading on the JSE with effect from, the earliest, the Issue Date. No assurances can be given that such application for listing and admission to trading will be granted (or, if granted, will be granted by the Issue Date).

				<p>The Issuer has no duty to maintain the listing (if any) of the Notes on the relevant stock exchange(s) over their entire lifetime. Notes may be suspended from trading and/or de-listed at any time in accordance with applicable rules and regulations of the relevant stock exchange(s).</p>
83.	Use of Proceeds			As specified in the Programme Memorandum
84.	South African Exchange Control			<p>Any holder of these Notes which is subject to the exchange control regulations of the South African Reserve Bank (“SARB”) hereby warrants and confirms that it has obtained any necessary approvals from the SARB to hold these Notes and acknowledges and agrees that it is solely responsible for maintaining any such approvals, satisfying any conditions imposed in terms of such approvals and for fulfilling any relevant reporting requirements. Exchange control approval has been granted to the Issuer for the listing of the debt securities.</p>
85.	Other provisions			Applicable
85.1	Optional	Early	Redemption	<p>If at any time on any day prior to the redemption of these Notes, the Calculation Agent determines that the Unwind Value of a Note would be less than 45% (the “Trigger Level”) of the Nominal Amount thereof, the Issuer may elect, in its sole and absolute discretion, regardless of whether or not such Unwind Value is still below the Trigger Level at the relevant time on the date on which the Notes are to be redeemed, to redeem the Notes early in accordance with the provisions of Condition 7.3 (read with paragraph 57 above) by delivering the Optional Redemption Notice.</p>
85.2	Additional Risk Factors			<p>Any Unwind Value, Early Redemption Amount, Cash Settlement Amount, Entitlement or Partial Cash Settlement Amount may be calculated by reference to Obligations of the Reference Entity or instruments referencing Obligations of the Reference Entity with a principal or notional amount equal to the Reference Currency Notional (as defined in 85.3.5 below). For the purposes of determining any Unwind Value, Cash Settlement Amount, Early Redemption Amount or the Partial Cash Settlement Amount, any amount denominated in the Reference Currency will be converted into the Settlement Currency at the then prevailing exchange rate between such currencies, as determined by the Calculation Agent.</p> <p>As such, Noteholders may be exposed not only to credit risk of the Reference Entity and the Issuer, but</p>

also to the performance of the Reference Currency relative to the Settlement Currency, which cannot be predicted. Noteholders should be aware that foreign exchange rates are, and have been, highly volatile and determined by supply and demand for currencies in the international foreign exchange markets, which are subject to economic factors, including inflation rates in the countries concerned, interest rate differences between the respective countries, economic forecasts, international political factors, currency convertibility and safety of making financial investments in the currency concerned, speculation and measures taken by governments and central banks (e.g., imposition of regulatory controls or taxes, issuance of a new currency to replace an existing currency, alteration of the exchange rate or exchange characteristics by devaluation or revaluation of a currency or imposition of exchange controls with respect to the exchange or transfer of a specified currency that would affect exchange rates and the availability of a specified currency).

The Optional Early Redemption Trigger references the Unwind Value, which may, in certain market conditions, be volatile. It may therefore occur that at the time that the Optional Early Redemption Trigger is exercised market conditions have changed, or market conditions change shortly thereafter, such that the Unwind Value would no longer have been below the Trigger Level.

The Trigger Level of these Notes has been inserted for the benefit of the Issuer and accordingly is not intended to be an implied guarantee or assurance of a minimum return on the Notes, nor is the Issuer under any obligation to exercise its right to redeem the Notes early in the event that the Trigger Level is breached. Accordingly, any Optional Redemption Amount, Early Redemption Amount or Partial Cash Settlement Amount payable or Entitlement that may be received in respect of the Notes may be less than 45% of the Nominal Amount. The determination of whether or not the Trigger Level has been breached is based on the Calculation Agent's estimates of the Unwind Value, and accordingly the Optional Redemption Amount payable to Noteholders following delivery of the Optional Redemption Notice or any Cash Settlement Amount or Partial Cash Settlement Amount payable or any Entitlement that may be received following the occurrence of a Credit Event Determination Date may differ from such estimates. In addition, due to the volatility of the Underlying Components, the Unwind Value may fluctuate

between the time at which the Trigger Level is first breached and the date on which the Notes are to be redeemed in terms of Condition 7.3, if applicable, which may result in an Optional Redemption Amount lower than 45% of the Nominal Amount of the Notes.

85.3 Additional Definitions:

85.3.1 Unwind Value

Means on any day, in respect of each Note, an amount calculated in ZAR as determined by the Calculation Agent in its sole discretion equal to:

- (A) the sum of the Settlement Currency Equivalent value of each of the Underlying Components (as defined below) of the Notes on such day, determined by the Calculation Agent in its sole discretion, acting in a commercially reasonable manner, which may be either positive or negative minus any Trigger Unwind Costs (as defined below),

multiplied by

- (B) a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount.

85.3.2 Underlying Components

Means each of the components determined by the Issuer in its sole discretion which make up these Notes, including but not limited to:

- (i) a hypothetical ZAR term floating rate deposit made with the Issuer on or about the Trade Date with inter alia the following terms: (i) the effective date of the deposit is the same as the Issue Date of these Notes; (ii) the amount of the deposit is equal to the Aggregate Nominal Amount of these Notes and (iii) the repayment date of the deposit is the same as the Scheduled Maturity Date of these Notes;
- (ii) a hypothetical credit default swap with the Issuer as the buyer of protection, referencing the Reference Entity, with a Fixed Rate Payer Calculation Amount and Floating Rate Payer Calculation Amount equal to the Reference Currency Notional, entered into on market standard terms applicable to the Transaction Type “Standard Emerging European and Middle Eastern Sovereign” as at the Trade Date (as defined in paragraph 11 above), with an “Effective Date” and “Scheduled Termination Date” equivalent to the Issue Date and the

Scheduled Maturity Date of these Notes, respectively;

- (iii) a hypothetical cross currency interest rate swap transaction, in terms of which the Noteholder would be paying to the Issuer amounts denominated in USD on a quarterly basis, calculated at a fixed rate on the Reference Currency Notional and the Issuer would be paying to the Noteholder amounts denominated in ZAR on a quarterly basis calculated at a fixed rate on the Aggregate Nominal Amount;
- (iv) a series of hypothetical forward exchange transactions, deemed to have been concluded on the Issue Date, in terms of each of which the Issuer will be purchasing an amount of USD against the sale by it of an equivalent amount of ZAR determined with reference to the applicable hypothetical forward exchange rate, with the date of settlement of each such forward exchange transaction corresponding with an Interest Payment Date of these Notes; and/or
- (v) any other instruments held or transactions entered into by the Issuer in its sole discretion in order to hedge its obligations to the Noteholder under these Notes.

Where applicable, the underlying transactions set out above will be subject to the terms of the 2002 ISDA Master Agreement as published by the International Swaps and Derivatives Association, Inc. (including a Schedule thereto) concluded on the Issuer's standard terms. Unless otherwise indicated, capitalised terms used and not otherwise defined in this paragraph 85 will have the meaning assigned thereto in the 2021 ISDA Definitions, the 1998 FX and Currency Option Definitions and the 2014 ISDA Credit Derivative Definitions, each as published by the International Swaps and Derivatives Association, Inc, as the case may be.

85.3.3 Trigger Unwind Costs

Means an amount determined by the Calculation Agent equal to the sum of (without duplication) all costs, expenses (including loss of funding), tax and duties which are or would be incurred by the Issuer or gains, including funding benefits, actually realised by the Issuer, in which case expressed as a negative number, in connection with the redemption of the Notes and the related unwind, termination, settlement, amendment or reestablishment of any hedge or related trading position (which for the avoidance of doubt may include, but shall not be limited to, instruments

of the type referred to in paragraph 85.3.2 above), provided that on any day on which the Unwind Value is required to be determined where the Notes are not being redeemed on such day or in relation to any hypothetical swaps or instruments, the Trigger Unwind Costs will be determined based on the Calculation Agent's estimate of what such costs, expenses, losses, taxes, duties or gains would be if the Notes were to be redeemed on such day and assuming that the relevant hedges or related trading positions would be unwound, terminated, settled, amended or re-established, as the case may be.

85.3.4 Reference Currency	USD
85.3.5 Reference Currency Notional	USD4,470,000
85.3.6 Settlement Currency	ZAR
85.3.7 Settlement Currency Equivalent	Means, in respect of any amount denominated in the Settlement Currency, such Settlement Currency amount and in respect of any amount denominated in a currency other than the Settlement Currency (the " Other Currency "), the amount of the Other Currency converted into the Settlement Currency at the spot rate of exchange (as determined by the Calculation Agent in its sole discretion) as at the date on which the Settlement Currency Equivalent is required to be determined, or in such other commercially reasonable manner as the Calculation Agent shall determine.
85.3.8 Cash Settlement Amount	For the purposes of Auction Settlement, "Cash Settlement Amount" means an amount calculated by the Calculation Agent equal to:

$$(N - (A \times B) - C) \times D$$

where:

N is the Aggregate Nominal Amount;

A is the Settlement Currency Equivalent of an amount equal to the Reference Currency Notional as at the date on which the Auction Final Price is published;

B is one minus the Auction Final Price;

C is Unwind Costs; and

D is a fraction equal to the Specified Denomination of each Note divided by the Calculation Amount.

85.3.9 Entitlement

Means in respect of each nominal amount of Notes equal to the Nominal Amount, Deliverable Obligations, as selected by the Issuer, with:

- (a) in the case of Deliverable Obligations that are Borrowed Money, an Outstanding Principal Balance; or
- (b) in the case of Deliverable Obligations that are not Borrowed Money, a Due and Payable Amount,

in an aggregate amount as of the relevant Delivery Date with a face value equal to the Reference Currency Notional or if the relevant Deliverable Obligations are not denominated in the Reference Currency, the Reference Currency Equivalent of the Reference Currency Notional, less, (i) if Unwind Costs are specified as applying in the Applicable Pricing Supplement and are positive, Deliverable Obligations with a market value determined by the Calculation Agent on the Business Day selected by the Calculation Agent falling during the period from and including the Credit Event Determination Date to and including the Delivery Date equal to a pro rata share of Unwind Costs and (ii) less, if the Noteholder has instructed that Delivery Expenses be deducted in the calculation of the Entitlement in the Asset Transfer Notice or if the Noteholder has not paid the Delivery Expenses on or prior to the Delivery Expenses Cut-off Date as provided in Credit Linked Condition 4 (*Physical Settlement*) above, Deliverable Obligations with a market value determined by the Calculation Agent on the Business Day selected by the Calculation Agent falling during the period from and including the Credit Event Determination Date to and including the Delivery Date equal to Delivery Expenses.

85.3.10 Reference Currency Equivalent

Means, in respect of Deliverable Obligations denominated in a currency other than the Reference Currency (the “**Second Currency**”), an amount of the Second Currency converted to the Reference Currency at the spot rate of exchange (as determined by the Calculation Agent in its sole discretion) as at the relevant date on which any such calculation is required to be made in accordance with the provisions of any hedge or related trading position relating to these Notes, or in such other commercially reasonable manner as the Calculation Agent shall determine.

This Pricing Supplement may be signed in counterparts and each signed copy will together constitute one document.

Application is hereby made to list this issue of Notes on the JSE as from 04 November 2022.
