

Market Notice

Number: A1289
Date: 27 September 2010

Update to the application by Bester Feed and Grain (Pty) Ltd to be a registered silo owner

Further to notice A1137 and A1160 issued last year, the silo application from Bester Feed and Grain (Pty) Ltd (Registration number 1999/001317/07) to register their silo bag depot at Moorreesburg is almost complete. The necessary infrastructure has been completed in order to meet the minimum out loading criteria and will be audited next week by an independent company.

Below is a summary of the site details with the request to register the delivery point only for wheat, included is the proposed differential for the new marketing season in line with the new rates:

	Situated on main road route	Capacity	Proposed differential for Wheat
Moorreesburg	N7(road only access)	35 000 tons	-R390

Please note the application has been considered based on the revised requirements as published in the detailed contract specifications (Appendix C and D) via notice A1255. The required 15 day silo notice period for the application was already served through A1137, however due to the length of time lapsing since this process was undertaken, participants are afforded the opportunity until end of business on Friday 1 October 2010 to comment regarding the application. All feedback should be provided in writing to Chris Sturgess via email chriss@jse.co.za or fax 011 5207558.

A final notice will be distributed confirming the success of the application.

Rod Gravelet-Blondin
