Application by Afgri Operations Limited to register additional soybean delivery points

The JSE has received an application from Afgri Operations Limited (Registration number 1995/005872/06) to include two additional SOYA delivery points. Usually additional soybean delivery points are not included during the marketing season since the product does not trade a single reference point with differentials however the two additional points are close to existing delivery points.

Please take note of the two proposed points that are already registered for other products.

Silo name	Rail siding	Closest main road	Total Capacity
Kaalfontein	743941	R21	37 308 tons
Ogies	747513	N12	77 231 tons

If there are any concerns regarding the proposed application please forward these as soon as possible but no later than 29 June 2012 to commodities@jse.co.za . A final notice will be distributed to confirm the registration.
