

Market Notice

Number: A1675
Date 8 August 2012

JSE Remote Disaster Recovery (DR) Site Connectivity test – 10 November 2012

As stated in Market Notice **245, F4923, Y706, Y705 and A1477** issued 24 and 25 August 2011, all JSE Clients (all Members and non-Members for all the JSE markets) are required to be able to connect to the JSE's Remote DR Site.

As previously communicated at the Technical Working Group sessions, the JSE would like to confirm that Saturday, 10 November 2012 is set as the date for the mandatory connectivity test for all JSE clients for all markets (Equity, Equity Derivatives, Commodity Derivatives, Interest Rate and Currency Derivatives) as well as all Live and End of Day Public Information Subscribers for all JSE products.

In order to utilise the services of, and access JSE systems, JSE Clients must have a telecommunication link to the JSE's remote disaster recovery site and be able to continue to access the JSE systems that are necessary to function should the JSE fail over to its remote disaster recovery site.

Any JSE Client who has not tested connectivity to the JSE's Remote DR site are advised to inform the JSE's Customer Support team as soon as possible so that the JSE can assist with a connectivity test prior to the mandatory market test on 10 November 2012.

If there are further questions regarding this notice kindly refer them to the JSE's Customer Support team on (011) 520 7777 or CustomerSupport@jse.co.za.
