Dear JSE Stakeholder

The JSE has received an application from AFGRI Operations Limited (Registration Number 1995/005872/06) to register the following soya delivery points:

For soya beans:

Storage Point	Rail Siding #	Closest main road	Total Capacity	Differential
Dundee	745761	N11	46400	No location differentials are in place for the soya bean contract
Montevideo	542938	N5	45000	

The above silos are already registered delivery points for maize and all are along a rail siding. Dundee is lying between Dannhauser and Bloedrivier who are both registered delivery points for soya. The same is true for Montevideo that is situated between Senekal and Marquard also existing soya delivery points.

Please could market participants carefully consider the above request and should there be any concerns regarding their inclusion as registered delivery points for soya, please email these to commodities@jse.co.za **no later than Friday 20 June 2014**. We will then publish a final market notice confirming the application.
