E-mail address: chriss@jse.co.za

Dear JSE Stakeholder

Further to market notice A2048, the JSE has been informed that the rail infrastructure to Bamboesspruit is operational again. The two delivery points of Suidwes Landbou that remain without any rail service are:

Strydpoort silo
Wolmaransstad silo

Please feel free to contact the storage operator for more detail around the issue. There are no indicative dates when the rail infrastructure is expected to be operational again for these two delivery points.
