(g) Trading Disruption:	Means any suspension of or limitation imposed on trading by the relevant Index Component Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Index Component

(j) Disrupted Day:	Means any Scheduled Trading Day on which: (i) the Index Sponsor fails to publish the level of the Index; (ii) the Index Component Exchange fails to open for trading during its regular trading session; or (iii) a Market Disruption Event has occurred. The Issuer will as soon as reasonably practicable under the circumstances notify the Noteholders and the Exchange of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day, would have been an Index Valuation Date. Without limiting the obligation of the Issuer to notify the Noteholders and the Exchange as set forth in the preceding sentence, failure by the Issuer to notify these persons of the occurrence of a Disrupted Day will not affect the validity of the occurrence.

	<p>Consequences of a Disrupted Day.</p> <p>The consequences of a Disrupted Day are that the Index Valuation Date will be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Day is a Disrupted Day. In that case, (i) that eighth Scheduled Trading Day will be deemed to be the Index Valuation Day, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Issuer will determine the level of the Index as of that eighth Scheduled Valuation Day in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Index Component Exchange traded or quoted price as of the Index Valuation Time on that eighth Scheduled Trading Day of each Component Security (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant Component Security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant Component Security as of the Index Valuation Time on that eighth Scheduled Trading Day).</p> <p>For purposes of the above, the following terms have the meanings assigned next to each such term:</p> <p>“Scheduled Valuation Day” means any original day that, but for the occurrence of an event causing a Disrupted Day, would have been the Index Valuation Day.</p>
