It is recorded that this Note is made up of two underlying elements, being a Floating Rate Term Deposit (“the Deposit”) and a Swap Contract (in which the parties agree to exchange an amount equal to the Floating Rate Term Deposit cashflows for CPI linked cashflows) (“the Swap”).

The Final Redemption Amount referred to above reflects the aggregate or the net amount payable in respect of the Deposit and the Swap, but reflecting the aggregate or net amount does not detract from the fact that this note comprises the two distinct underlying elements. In this paragraph, the “aggregate amount” refers to the instance where the value of the Swap is an amount payable in respect of the Deposit, and “net amount” refers to the instance where the value of the Swap is an amount payable by the Noteholder to the Issuer, in which event such amount is deducted from the amount payable in respect of the Deposit.

Notwithstanding anything to the contrary contained in this Note or in the Terms and Conditions in this Programme Memorandum, in the event that on the Maturity Date, or on any other date when the Final Redemption Amount, or a portion thereof is payable in terms of this Note, the Unwind Price constitutes an amount payable to the Issuer by the Noteholder, the Issuer’s obligation to pay any amount in respect of the Deposit to the Noteholder is suspended until the Noteholder has paid the Unwind Price to the Issuer: Provided that, in the discretion of the Issuer, the Issuer may set-off the Unwind Price against the amount payable by it in respect of the Deposit, and pay the net amount to the Noteholder.

“**Unwind Price**” means the amount determined by the Calculation Agent, which will act in good faith and use commercially reasonable procedures to produce a commercially reasonable result, as the amount required (positive or negative) to settle the Swap (which will be terminated by the Issuer).

In cases where the Note is an Indexed Linked Redemption Note or other variable-linked Note:

(a) Index/Formula/variable:

“**Reference CPI or Ref CPI_{Date}**” means, in relation to a date:

1. if the date is the first day of a calendar month, Reference CPI is the CPI for the fourth calendar month preceding the calendar month in which the date occurs (which CPI is typically published during the third calendar month preceding the calendar month in which the date occurs); and
2. if the date occurs on any day other than the first day of any calendar month, then the Reference CPI shall be determined in accordance with the following formula

$$\text{Ref CPI}_{\text{Date}} = \text{Ref CPI}_J + \left[\frac{t-1}{D} \right] \times$$

(Ref CPI_{J+1} – Ref CPI_J)

Where:

- (i) Ref CPI_J is the Reference CPI for the first day of the calendar month in which date occurs;
- (ii) Ref CPI_{J+1} is the Reference CPI for the first day of the calendar month immediately following the calendar month in which date occurs;
- (iii) t is the calendar day corresponding to date; and
- (iv) D is the number of days in the calendar month in which date occurs.

“**Base CPI**” means 89.27500 being the Reference CPI for the R210. The new rebased CPI is 70.461720 in terms of the SENS Announcement dated 28 February 2013 published by the JSE Limited.

“**CPI Adjustment**” means in relation to an amount to be valued or paid on a date, that amount divided by the Base CPI multiplied by the Reference CPI for that date, as determined by the Calculation Agent.
